A&M's AVMA Set Dinner and Dance

A&M's junior chapter of the American Veterinary Medical Association will begin their annual dinner-dance with a steak dinner in Sblis Hall at 7 p. m. Friday, B. B. Hancock, chapter reporter, said today. A semi-formal dance with music by the Aggeland Orchestra will follow the dinner, beginning at 9 p. m., Hancock added.

Spain Gets Banking Negotiation Rights

WASHINGTON, May 4 (AP)—The State Department has given Spain permission to negotiate directly with the export-import bank for an American government loan.

Press officers Michael McDermott, in announcing this, said a Spanish government representative will come to Washington soon to talk with bank officials.

At the same time, a highly informed government official said the United States believes Spain is a poor credit risk.

This official said he assumes the bank will turn down the Spanish request for credits unless Spain makes certain economic reforms suggested by the United States.

Laredo Club Will Hold Last Meeting

The Laredo Club will have its last meeting for the school year, Thursday at 7:30 p. m., in Room 180, Academic Building, Ralph Duke, president, announced today.

Final plans as to the date of the dinner planned at the end of the semester in Laredo will be discussed and necessary arrangements for the engagement will be studied.

The election of officers for next year will take place at the meeting, Duke added.

LIL ABNER — Three's a Crowd ! !

WTAW Director Is Radio Veteran

By DAVE COSLETT

It's rather unusual to find a young, well-composed and soft-spoken man engaged in a profession usually characterized by nervous, pre-maturely bald pink pill addicts.

Such is the case over at WTAW, however, where Richard L. Webb, recently appointed acting manager of the college radio station, is finishing his first decade in radio work.

The behind-the-scenes co-ordinator of the campus-located "Voice of the Fighting Texas Aggies" seems to have somehow missed the nerve-racking routine which plays havoc with so many jockeys of the air waves.

Dick, as most of his employees call him, has been at WTAW for slightly more than a month. In addition to his managerial duties, he has the job of handling the technical chores common to radio broadcasting, and tending to similar business encountered in his added job of chief engineer.

A native of Ft. Worth, Webb spent about half of his life in a hometown before heading west with his family to Compton, California. During his 12-year stay in Compton, he got his first taste of radio in the local junior college. It was about this time that he became interested in amateur radio.

Uncle Sam interrupted whatever future plans he had then with an invitation to spend what finally amounted to three and a half years in the service. Dick found an outlet for his radio enthusiasm as a

radio technician in the anti-aircraft artillery.

Back in civilian life once again, he attended the National Radio School in Los Angeles. Adding to this training a short session at a trade school, he secured a license which entitled him to operate an amateur station in the west coast city.

A hankering to return to the Lone Star State led Webb to accept a job as engineer for KMRT in Marshall, Texas. After six months with this station, he moved to KWHI in Brenham where he assumed the title of chief engineer.

His next job-change resulted in his present position at WTAW. A resident of Bryan, Webb is unmarried and looking forward to his parent's return from California.

Banks Is Granted Six Week's Leave

Dr. W. C. Banks, A&M extension veterinarian has been granted a six week's leave of absence this summer, according to J. D. Prewitt acting director of the Texas Extension Service.

Dr. Banks will use his leave of absence to attend A&M during the first summer term. He plans to take advanced veterinary anatomy and advanced veterinary pathology, Prewitt said.

The 2,200 pound stainless steel backstop at Briggs Stadium, Detroit, is designed to hold 7,500 pounds of snow and ice.
