AFTER GRADUATION: A job with a future and substantial earnings . . . fast! . . .

This can be your opportunity to get maximum results from your college training—

1. If you believe ambition and ability should determine your business and financial progress.
2. If you want to enter a profession that has always paid top rewards.
3. If you want a job in a firmly established field, but one in which a man with the will and ability to produce can become a supervisor or sales manager in a matter of months.

Yes, it's true! These opportunities await college men in the Youngstown Kitchen merchandising business—the business of supplying modern, white-enameled steel kitchens to the nation's homes.

GIANT NEW MARKET

The demand for Youngstown Kitchens has accelerated with tremendous speed. More than one and a half million men and women who have read our advertising in the national magazines have written us for more information about Youngstown Kitchens. More than a million have bought!

But actually, this is only a beginning. Twenty million home owners need a Youngstown Kitchen and can afford to buy. And there must be a kitchen in every new dwelling unit built.

HERE'S WHERE YOU COME IN

The Youngstown Kitchen dealers across the country need men to be trained as merchandising experts. If you qualify, you will be associated with one of these "certified" dealers—probably in the city of your choice.

Your natural ability can pay off fast. You will receive what we believe to be the finest sales training available anywhere.

Here's a chance to get the kind of experience and training that put many of America's top flight executives where they are today. We know of no finer opportunity for college-trained men.

GET THE FACTS

For full information, just send us your name, university address, and home address, and tell us where you would like to work. A post card will do. Or if you prefer, write us a letter. Your inquiry is confidential. You will hear from us at once.
