

Here are Brazos County's nine delegates and leader who went to Austin last week for the annual Boys State program. First row, left to right, Earl Parsons, Bryan, leader; George Hill, Bryan, representing the Bryan YMCA; Sid Carr, Bryan, and John Vernon King, Bryan, both representing Earl Graham Post No. 159, American Legion; and George Nickle, Bryan, represent-

ing the Bryan and Brazos County Junior Chamber of Commerce. Back row: Jake Magee, College Station, representing the Kiwanis Club; Ridley Briggs, Bryan, representing the Lions Club; Albin Zak, Bryan, and John Hildebrand, College Station, both representing the Rotary Club; and William Bolmanski, representing the Lions Club.

A&M Professor To Study At Wisconsin

George L. Robertson, assistant professor of Animal Husbandry at A&M, has been granted a 12-month leave of absence, effective September 1, 1949, to do graduate work toward the Ph.D. degree at the University of Wisconsin. Robertson will do his advanced study in Physiology of Reproduction in Farm Animals under the supervision of Dr. J. E. Casida, authority on Physiology of Reproduction. Robertson has been awarded a graduate study fellowship by the General Education Board and will begin his study at the University of Wisconsin about the middle of September.

GIs Rock Stage; Bring Deluge

YOKOHAMA, Japan, June 17—(AP)—The "glamorous mermaids" caught the eyes of the American GIs at the Yokohama Trade Fair. The Japanese girl swimmers were cavorting in the oversize fishbowl on a stage. The GIs thought they would have some fun. They threw a couple of rocks at the bowl. It broke. The spectators down front—including the Americans—were flooded out.

\$25,000 Asked For A&M Pecan Study

Plans to ask the state legislature for \$25,000 for a research project at A&M were drawn up by a meeting in Austin last week. The money will be used to determine the nutritional value of pecans. D. F. Stahmann, pecan grower in Las Cruces, New Mexico, said in addressing the meeting that pecans contain many nutritional values that might be helpful in curing diseases caused by deficiencies in diet. In addition to containing a high percentage of calories, my research shows that pecans are very high in vitamin B₆, and some of the vitamin B₁₂ complexes," the former Texan stated.

Chalk Marks Cause of Fine

OKLAHOMA CITY, June 17—(AP)—Mrs. Sylvia Edmondson doesn't like those nasty chalk marks policeman put on her nice clean tires. So she rubbed one off with her hankie. It landed her in police court here when Traffic Officer C. O. Williams caught her at her clean-up chores. "She was very sarcastic when I asked if she knew she was violating the parking ordinance," said Officer Williams. "So I charged her with disorderly conduct, too." Then Mrs. Edmondson, a 42-year-old switchboard operator, explained how she likes to keep her automobile sweet and clean. "This is not an easy question," said Police Judge James Demopolis. He fined her \$3 for obstructing an officer—and suspended it.

Hot Check Writing Corporation Ends

DALLAS, June 17—(AP)—The controlling interest of a three-man Negro corporation is in jail for writing hot checks. One of the men was arrested at his home and taken to his place of business Monday. Detective Bob Abbott kept him company in a car outside while Detective George Williamson went inside after a second Negro. "You can't hold me responsible for what the corporation does," said the second Negro. Williamson pointed to the man outside. "The two of you make a majority," the detective said. "Come with us." "What about the other part of the corporation?" the man asked. "We're looking for him," Williamson answered, "and when we find him the corporation will be unanimously dissolved."

ME's Are Leading In Post Graduation Work

Twenty per cent of A&M graduates now taking Post Graduate Studies are ME graduates, Virgil M. Fairies, head of Post Graduation Studies, said yesterday. "The ME's appear to be the most determined to move to the top of the ladder and get the most out of life," Fairies said. CE's represent 18 per cent, ME's 16 per cent, and ManE's 11 per cent of the total enrolled in the studies. Although the courses are available to all graduates of A&M, only 11 per cent of those enrolled are graduates of the School of Agriculture and 1 per cent are veterinary medicine graduates. Business and accounting students account for 4 per cent, Fairies added.

Positions Open In Health Department

Competitive examinations for medical positions in local public health programs in Texas will be given soon by the Merit System Council for the Texas State Department of Health, according to a release by the department. An examination, which consists of an evaluation of training and experience, plus an oral examination, if the number of candidates justifies it, will be given. Veterans preference will be allowed. Information and applications are available through Russel E. Shrader, Merit System Supervisor, 805 Littlefield Building, Austin, Texas. Positions for which application may be made include directors of local health units and public health physicians. License to practice medicine in Texas is required. Entrance salaries range from \$4200 to \$7200.
