

## Gilchrist Welcomes Deans Convention

BY DAN DAVIS

The annual meeting of the Texas Association of Deans and Advisors of Men opened this morning in the assembly room of the YMCA and will continue through noon tomorrow.

Dean Willis Tate, Southern Methodist University, presided at the first general session which was scheduled for 10 a. m. The invocation was given by M. L. Cashion, YMCA secretary, and Chancellor Gibb Gilchrist of the A&M College System directed the welcoming address.

## Foundrymen's Picnic Set For Saturday

Members, dates, wives, and children are invited to the American Foundrymen's Society picnic tomorrow after the Baylor game, according to Robert L. Jones, treasurer of the society.

The picnic will be at the home of Professor L. H. Berryman in the southeast corner of Woodland Estates in College Hills.

Officers of the society, elected at a recent meeting, are President U. Stoermer, Vice President G. H. Peterson, Secretary F. L. Maxwell, and Treasurer R. L. Jones.

There are only seven student chapters of the AFS in the United States and only one in Texas, that one being here at A&M.

Present objectives of the A&M chapter are to get summer employment for members in Texas foundries and to promote scholarships for students at A&M. Texas Foundries in Lufkin is currently promoting such a scholarship.

At one of the bi-monthly meetings a guest speaker from one of the foundries in Texas is present. Dues are \$4 per year, all of which returns to the A&M chapter to be used. Student members receive a magazine, "The American Foundryman," once a month, have all of the privileges of a full member, and become full members upon graduation, Stoermer said.

Students interested in foundry work and in joining AFS can get additional information from any of the officers or from Professor Berryman in Room 202 in the M. E. building.

Students who desire to attend the party but have no transportation are requested to be at the Baptist Church at the North Gate at 7:15 p. m., Davis concluded.

## Baptists Plan Party Saturday Evening

The Baptist Student Union of the College Station Baptist Church will have a "get acquainted" party for Baylor and A&M students at 7:30 p. m. Saturday after the game B. W. Davis, reporter, said.

The party will be held at the home of Dr. Arthur Smith, head of the Baptist Bible Chair, at 301 Frances Drive in Bryan.

Students who desire to attend the party but have no transportation are requested to be at the Baptist Church at the North Gate at 7:15 p. m., Davis concluded.

The student seating arrangement for all home football games this fall was decided upon by the Student Senate. The area marked "Vet" behind the "Corps Senior" area is eight rows deep. The area in the end zone marked "Vet" may be used

## Batt To Take Donations For Infant Cancer Victim

BY BOB PRICE

Tragedy has struck at an early age in Waco. Little Eddie Wayne Franks is suffering from abdominal cancer at the age of only 15 months. This dread killer of mankind is rare at this early age. Mr. and Mrs. Wayne Franks, the parents, both students at Baylor University, were having a hard time footing the heavy hospital expenses until someone heard of their plight and told the story to the local paper. After the story appeared in the paper, countless Wacoans sent in donations to help the family provide the best of care for the infant cancer victim.

A similar story appeared in The Batt and the local citizenry was similarly affected. Bill Moore of Bryan wrote in offering to start a local fund for the ailing Waco lad.

The Battalion will be glad to help collect donations for this cause. Those who would be interested in contributing to this effort are urged to bring or mail their donations to The Battalion, Goodwin Hall. All donations will be forwarded to the parents of little Eddie Franks.

Word received from Waco says that the boy is responding slightly to X-ray treatment but he still has to spend most of his time under an oxygen tent.

Baylor University students have collected some \$200 for the boy's expenses and the people of Waco have given almost \$300 to the cause. The hospital costs are very high, but all money that is left over will go to the National Cancer Fund.

So if any of you would like to help this family to save the infant son, you can send your contributions to Eddie Frank Fund, in care of The Battalion.

## Moore to Study and Conduct Research on Weed Problems

Raymond M. Moore, of the Division of Plant Industry of the Council for Scientific and Industrial Research of the Commonwealth of Australia, will be in residence at A&M during the Fall semester for research and study of weed control problems on Texas range lands, Dr. V. A. Young, head of the Department of Range and Forestry, said today.

Moore is senior research officer of the Division of Plant Industry of the Commonwealth Council for Scientific and Industrial Research at Canberra City, Australia, Commonwealth Territory, Australia. Currently in charge of research in weed control and ecology for the entire Commonwealth of Australia he is the author of numerous technical articles dealing with the control of weeds on pasture and range lands of Australia.

Much of his recent research work has been conducted on various chemical herbicides and plant growth-regulating substances and on grazing management practices as related to weed control. Moore obtained his undergraduate training at the University of Sydney, receiving a BS in agriculture in 1937. He was assistant agronomist for the New South Wales Department of Agriculture and the Commonwealth Council and in 1945 held the position of Research Officer in Agronomy in the Council for Scientific and Industrial Research.

He resides in the Graduate School during the fall semester under a Commonwealth Fund Overseas Civil Service Fellowship. A major part of his year's study under this fellowship will be spent in Texas because of the important weed and brush control problems to be found throughout the State, Dr. Young said.

He will conduct research on the ecological relationships of weeds in various grassland areas in the State. (See MOORE, Page 6)

## Polywogs and Extra Points Beat Fish by 21-19 Margin

BY FRED BUXTON

Seven thousand rabid fans saw two good freshman teams battle on the turf at Kyle Field last night and the final gun found the spectators on their feet cheering a terrific game.

The TCU Wogs by virtue of three conversions out-played the Fish team, 21-19. Yet in the closing moments it appeared that the Ags would overtake them. The photo-finish had the crowd on its feet, and there was not a calm spectator in the vicinity at the end.

TCU Bogs Down

A&M kicked to TCU in the south end of the field to open the game. TCU tried several runs and a pass,

but had to kick. A&M began to move with Menger the man under and Hooper and Haas carrying the ball from the halfback slots.

After their attack stalled and they kicked, the Fish held the Wogs. A fourth down kick by TCU was run back to the Wog 48 by DeVeny. Again Hooper and Haas turned in fine runs and six plays later the Fish had the ball on the Wogs' nine-yard line. Menger fumbled on the next play and TCU recovered on the 13.

For the remainder of the first quarter, neither team could seem to roll and the game sea-sawed back and forth. Near the end of the first quarter TCU was awarded the ball on the Ag 16 following a pass interference ruling. Six plays later

Fowler plowed over for the first score. The try for point was good and TCU led 7-0.

Fish Threatens

Following the kick off the Fish seemed to find a spark and rolled down the field. The Cadets had first and ten on the 42, but the Wogs began to slip through and spill the ball carriers before they could start. Forced to kick on fourth down, Graves kicked deep to the TCU safety man.

Standing on the goal line the safety elected to play the ball and fumbled; Roy Bush, fleet Ag end fumbled past the startled player and fell on the ball over the goal line for a Fish score. The try for point was blocked and the score,

after 5 minutes of the second quarter had elapsed was 7-6.

Following the Cadet kickoff TCU tried several plays, then punted. With steam still up the Fish started down the field again. Haas, Hooper, and McJunkin made several yards. On the kick TCU fumbled and the Fish recovered on the Wog 36.

TD Called Back

Several plays moved the ball down to the 23. Three more plays were stopped, then McJunkin, on a delayed fullback roll moved down field. As he was tackled, the carrier lateraled to another Fish who went over the goal. The officials ruled however, that McJunkin had been stopped before the lateral and TCU took over on their own 24.

For the remainder of the first half the two teams were unable to make sustained gains, and the score at the end of the first half remained 7-6 for the Wogs.

TCU kicked to open the second half, and A&M tried several plays with no advance. An exchange of punts took place and TCU got the better of the exchange with a beauty going out on the Ag 5. The Fish kicked out to the 39 yard line on first down. Five plays later Robert Snow bulled over for a score and again the kick was good. TCU now led 14-6.

Parker Gains Ground

A&M tried three plays following the kick and punted on fourth down. Parker took the kick deep in his own end of the field and behind excellent blocking raced down the east sideline. Trying to move out into the field he slipped and fell on the ten-yard line. An apparent TCU clipping infraction was overlooked by the officials on the play.

TCU refused to be denied the score, however, and four plays later Harding skirted left end for 6 points. The score came with 5 minutes left in the third quarter and again the try for point was good.

After the kick off TCU was backed near its own goal by lengthy A&M kicking. The hard charging Ag line rushed the Wog punter as TCU attempted to get out of the hole and the ball sailed short on the Wog 31.

The Fish tried three plays, but made no yardage.

Fish Score

On a fourth down try Graves tossed a flat pass to end Roy Bush who took the ball on the 27 and fought his way for the remaining distance and the second Ag score. Hooper's kick was good and the Fish trailed by eight points, 21-13. It was all McJunkin as the Ags scored five plays later with "Mac" skirting end for the tally. The conversion "attempt" was just that, and the score remained 21-19.

Threat Dies

TCU fumbled the return of the kick off and Murphy recovered for the Fish. Running by Haas and McJunkin, and some accurate Graves' passing moved the ball to the 18 and a first down. The game seemed to be in the bag for the Fish.

A&M made six in two tries. But on third down with only four needed the Fish dreg five yards for too much time in the huddle. A pass was broken up, then another, and the ball went over on downs.

TCU tried two plays and fumbled with an alert Ag recovering but the officials missed the play and TCU remained in possession of the ball.

A&M took over on their own 15 following a good fourth-down kick by the Wogs.

Two pass plays were good for two downs, but then the Wogs held. The Fish kicked over the TCU goal on fourth down with only 75 seconds of play remaining. TCU ran three plays and the gun sounded ending the game with (See WOGS, Page 6)

Gene DeVeny (16), defensive safety from Waco, is stopped by Wog end Wayne Martin (38) in last night's 19-21 loss by the Fish. Austin Stubbs (38), former Bastrop back, arrived too

late to take the Cowtown, an all-state performer in '48 at Shamrock, out of the play. DeVeny was one of the top Cadet performers in the thrilling clash.

## \$100 To Go Up In Smoke At Batt Pipe Smoking Contest

BY DAVE COSLETT

Put \$100 good, American money in your pipe and smoke it.

That invitation comes from The Battalion Annual Pipe Smoking Contest where, at 7:15 p. m. next Wednesday, merchandise with a total value exceeding that amount will be given away.

Prizes galore have already been lined up for the contest. A few more are expected in over the

week-end.

Only a few of them can be listed in the small space available for this story. A complete list showing prizes to be awarded in the various events will be carried in Monday's paper.

Among the merchandise now on hand are the six Frank Medico pipes being awarded by the S. M. Frank Company for the best collection of Frank Medico pipes.

The Memorial Student Center concessions—the Campus Corner, the Cave, and Cave, Jr.—have donated the prize for the best general pipe collection. This will be a John Middleton Blending Chest contained in a beautiful leatherette case.

The chest, which retails at \$8.50, includes a booklet on tobacco blending; such well known blending tobaccos as Perique, Latka, Shredded Plug, Selbur, Virginia, and Walnut; a mixing mug; and a tobacco pouch.

Two smaller John Middleton Variety Kits will also be on the prize list. These include five small cans of fancy tobaccos. The John Middleton Company has donated these last two prizes.

This company has also donated a one pound can of Sugar Barrel tobacco and a one pound can of Walnut pipe tobacco.

The Brown and Williamson Tobacco Company has donated 12 one pound cans of Sir Walter Raleigh pipe tobacco to be used both for

prizes and for smoking in the contest.

From the R. J. Reynolds Company has come six 14 ounce cans of George Washington pipe tobacco and 12, 8 ounce cans of Prince Albert tobacco.

Sutliff Tobacco Company has donated several cases of Mixture 79.

The makers of Craftsman miniature pipes have donated approximately 5 dollars worth of pin-sized stoppers.

Along the fancy line are two genuine calf-leather tobacco pouches given by Rogers Importers incorporated.

Buescher's Industries of Washington, Mo., has come through with the raw materials for one of the featured events. They gave six dozen corn cob pipes.

The makers of Revelation pipe tobacco have allotted 12 half-pound cartons of their tobacco to the contest.

Biggest contributor to the affair will be the Memorial Student Center confectionaries.

Among their donations will be a \$3.50 Royal Demuth pipe, a \$5 Sternerest Pipe by Stern, an A&M pipe, a \$7.50 Spiral Kool Metal pipe, a Zippo lighter, a Branston lighter, and two Yello Bole cigar holders.

The list of entries in the contest continue to grow in both the prof and other divisions. Entry blanks are appearing daily in The Battalion and must be turned in by 5 p. m. of Tuesday, Oct. 25.

Readers entering pipe collections will be given full aid in displaying their assortment. All collectors will be required to have their collections at the contest site by 4 p. m. Wednesday.

This regulation is made to provide ample time to arrange all displays. Collection owners will have their assortments empty protected. They will be so arranged that spectators cannot handle them.

Final arrangements are being completed with the judges chosen for the stoker derby. Their names will be released in Monday's Batt. Readers are invited to send any questions concerning the forthcoming clash to the Pipe Smoking Editor of The Battalion.

## Baylor Debaters Meet Aggie Teams

The A&M Debate Society will meet teams from Baylor in classroom debate Friday, October 21, according to Joe Fuller, president of the society.

Debates, which are scheduled to be held in English 401 classes, will be on the subject, "Resolved: That the United States Should Nationalize its Basic Non Agricultural Industries."

## Mothers Entertain In 'Y' Saturday

The Waco-McLennan County A & M Mother's Club will hold open house in the South lounge of the YMCA Saturday from 10:00 a. m. to 1:00 p. m., E. B. Fulbright, president, announced today.

All McLennan County Aggies, their dates and friends are invited to attend the open-house. Coffee and donuts will be served.

The entertainment will be the first since the war to be given on the campus prior to the Baylor-Aggie game.

Mrs. Paul Wilson and Mrs. W. D. Fall will act as hostesses for the mothers.

## Bowling Tournament

All students interested in participating in the Bowling Club's schoolwide bowling tournament which begins October 24, should register at the Bowling Alley Deck before 7 p. m., October 24.

## Saturday Night Dance in Sbis

The first All College Dance this year will be held tomorrow night beginning at 9 o'clock in Sbis Hall.

Providing music for the informal social will be the Aggeland Orchestra under the direction of Bill Turner. The dance ends at 12.

"All Baylor students are invited to attend the dance," "Babe" White, assistant dean of students for activities, said. Tickets to the dance will cost one dollar stag or drag.
