might be a safe bet to retain its Once a team leading a buseball Once a team leading a baseball pace-setting position. The Bears league on July 4 was the team after July 4 held a four and onemost likely to win the pennant. But that was back when the 3-2 league. A club loaded with talent score was commonplace, not an oddity as now.

Of Texas' seven professional tion. baseball leagues, there's only a couple that you could be safe i figuring that the July 4 leader would end up with the pennantregular season that is, not the ughnessy playoff.

Fort Worth should finish first in the Texas Lague, senior circuit in Texas. The Cats held a seven and one-half game lead over Tulsa after games of July 4. And they have the stuff to keep—and increase—this margin. Crowley topped the Guif Coast League, but Jacksonville might be a better guess as to this class C
