

## Cadet Officers Announced for Coming Year

### Korea at a Glance

U. S. 8th Army Headquarters, Korea, Aug. 17 (AP)—Red Korean forces are massing between Waegwan and Kunwi on the northern sector of the western front in the most serious threat to U. S. forces, headquarters said today.

The new concentration may indicate the North Koreans have shifted the main mass of their forces north from Waegwan.

If true, this would mean they will try to smash through areas held by the South Korean sixth and eighth divisions. Both gave some ground yesterday to Red attacks.

The U. S. First Cavalry Division was reported fighting to regain strategic Hill 303 after having been dislodged earlier.

### Marines Driving on Changnyong

Tokyo, Aug. 17 (AP)—American marines stormed ahead through mortar explosions and grenades today to seize objectives in a drive against the Red Korean bridgehead at Changnyong.

The area of their advance was on the Allied east side of the Naktong River.

It was the bloodiest fighting the marines have encountered in Korea.

### Reds Fire on British Ship

Hong Kong, Aug. 17 (AP)—The British destroyer Concord and Chinese Communist shore batteries fought a 30 minute gun duel today at the approaches to Hong Kong.

The Concord said it fired in self-defense after Red guns on Taitami, Puntan and Ligting Islands opened up.

Royal Navy officers said there was one minor casualty and no damage to the ship as it steamed into Hong Kong.

Red shore batteries have been quick to fire on ships recently. On three successive days last week merchant ships were shelled.

### "We Can't Win," Says Red

Tokyo, Aug. 17 (AP)—A veteran Red lieutenant who deserted and surrendered to the Americans says the North Koreans can't win.

Intelligence officers at General MacArthur's headquarters said today the North Korean was assistant company commander and political officer of his unit in the elite North Korean Sixth Division. It was battered by U. S. marines and army infantry around Chinju.

The Red estimated his division's 13th and 15th regiments suffered 50 per cent casualties and the 14th regiment's losses were 80 per cent.

### Airmen Using New Rocket

Tokyo, Aug. 17 (AP)—American airmen are using a new 6½ inch rocket to knock out Russian-made tanks in Korea.

General MacArthur's headquarters said today the new antitank weapon went into service in record time.

Headquarters said Lt. Gen. Hoyt S. Vandenberg, Air Force Chief of Staff, ordered quick production of the rocket four weeks ago after pilots said 5-inchers were not consistently knocking out the tanks.

A Naval ordnance station at Inyokern, Calif., worked night and day to produce the bigger rocket. It was used in action in Korea less than a month later.

The new rocket has a longer head than the 5-incher, and hits harder.

Some planes are already using an 11.75-inch rocket launcher called Tiny Tim.

### Last Community Picnic Scheduled for Tonight

A capacity crowd is expected tonight at the third and final College Station community picnic to be held on Patranello Slab, said Donald D. Burchard, chairman of the recreation council committee sponsoring the event.

Scheduled to get underway at 5:30 p. m., the evening will feature softball for the men, roller-skating for people of all age, square dancing for the adults and a free movie for the youngsters. Of course time will be allowed for spreading a picnic lunch, he said.

The softball will get started at 5:30 with three games on the card to be played on the diamonds across from St. Thomas Episcopal Church. The men will be vying for final honors in the softball contests. The games will be played under the direction of Gordon Gay.

Also at 5:30 will be skating for young people and adults alike with Joe R. Campbell and Bob Strabevek in charge. Prizes will be awarded to winners in the adult and young peoples groups.

As soon as the baseball games are over, or shortly before, picnic lunches will be spread around the big concrete slab and under the trees on the A&M Consolidated School campus.

The youngsters will get the biggest bargain of the night, when Othel Chafin shows a full length movie in the gymnasium, entitled, "Texas Trouble Shooters."

While the children are taking in the movie, the older people will be dancing to the tunes of the popular square dance numbers, with Mrs. G. W. Schlesselman and a host of local callers taking charge.

Mr. and Mrs. Erskine Hightower

As the summer square dancing programs draw to a close, these two top dancers have been key figures in what has been called Student Activities "most successful summertime undertaking." The final square dance is scheduled for tomorrow night, with Mark Towery and his "Salty Swing Band."

Andres Segovia

Last on the schedule of Town Hall performers for the 1950-51 season is Segovia, who will appear in Guion Hall March 28. He is recognized as the "prophet of the Spanish guitar," which has used to become known as "the world's greatest virtuoso on the guitar."

### Esten Appointed To Lead Aggie Players

By LOUISE JONES

C. K. Esten, instructor of English, has been named director of the Aggie Players, according to C. G. "Spike" White, director of Student Activities.

He replaces George Dillavoy, who resigned from the staff of the English Department to enter private business.

Esten, a graduate of Brown University in Rhode Island, has worked with well-known stock companies in the East and was with the Midway Players in Massachusetts for 10 years.

But the enthusiasm he shows for drama has not turned his activities away from other fields. A&M students have seen him at any number of sports events, another of his favorite pastimes.

Sport Lover, Too

While teaching at the Annex, Esten coached the baseball team there and, during the past spring, tutored A&M's softball squad. He has also judged intramural boxing matches.

First of his big problems as new director of the Players is to "stir up more public interest in A&M's theatrical productions," the short, slightly-balding English prof said. Through interest has grown considerably in past years, it can be much improved, he added.

Plans for next year include three major productions, for which season tickets will be sold. Tentatively, Esten has thought of the plays he would "like to produce."

The first is "Kind Lady" by Edward Chodorov. Successfully produced on Broadway about 1935, it is the story of a wealthy spinster who is almost relieved of her wealth and home by smooth-talking Henry Abbott and accomplices.

The play's tense moments and unusual situations provide excellent entertainment, Esten said.

Plans MSC Program

During the Memorial Student Center celebration next spring, the Aggie Players are scheduled to present a play March 30. "Green Grow the Lilies" might be that play, the director said. It is a western-spiced story by Lynn Riggs, with frequent songs.

For the third production, Esten has thought of the satirical comedy, "What Every Woman Knows," by James Barrie. "Truly a classic among modern plays," he commented. The story revolves around a man's political rise to power and his final realization that he, and every other man, would be lost were it not for women.

"The ranks of the Aggie Players are thin at present," Esten said. "We need men," he pointed out, "and we need—women."

He anticipates more trouble finding female actors than males.

### 'All-out Effort' Asked to Hold Back Chinese

Washington, Aug. 17 (AP)—Senate Republican sponsors of an anti-Communist bill offered today to abandon their efforts to tie it to a home front mobilization measure—in exchange for a Democratic pledge.

The compromise proposed by Senators Mundt (R-SD) and Ferguson (R-Mich) calls for a flat promise by the Democratic leaders to bring up the curb-the-Communists bill later for separate action.

"Those are the only terms on which we will withdraw the bill as a rider amendment to the economic controls bill," Ferguson told a reporter.

Senator Maybank (D-SC), floor manager of the controls measure, said the Mundt-Ferguson proposal would have to await the return to Washington of Senator Lucas (D-Ill), the majority leader. Lucas, who is in Illinois, is expected later this week.

Senate Democrats have arranged a conference for next Monday to discuss the tangled situation. The party's leaders, and Lucas particularly, have shown little sympathy for the Mundt-Ferguson version of internal security legislation.

Foes of the bill have argued that it would drive the Communists underground and make the problem more difficult to handle.

Maybank said that in his opinion the Mundt-Ferguson bill "does not stand a chance" of being adopted as a rider. However, he predicted approval of the bill, or similar legislation, if it comes up separately.

### Special Activities Noted As Grove Schedule Wanes

By B. F. ROLAND

Grove activities are in the last lap of their schedule for the summer.

Friday marks the last night this term for square dancing enthusiasts to enjoy themselves at their sport. In view of the large crowds that have attended and made a success of the program, a special attraction has been planned for the last night, according to C. G. "Spike" White, director of Student Activities.

Feature attraction for the dancers grand finale will be Mark Towery and his Salty Swing Band. The four piece band has been playing for square dances for over a year. Members of the music making group include Harvey Ford, fiddler; Horace Simmons, bass; Junior Robbins, guitarist; and Mark Towery, guitarist.

The summer Friday night dances have been co-sponsored by Mr. and Mrs. Erskine Hightower, and Mr. and Mrs. R. R. Lyle.

Bill Turner has returned from New York City where he has been working toward his doctor's degree in education, and will direct the Aggieband Combo this weekend in their last Saturday night performance for the summer. White said the Combo will be in full force for Saturday's dance.

Several of the Saturday dances

were sponsored by various individuals or organizations during the first part of the Summer. These dances usually entailed certain costume and "theme of the week" stipulations. According to White, however, the largest crowd of the summer turned out for a dance where the only request was to "come dressed for comfort and dancing."

Officially, the summer Grove entertainment scheduled ends Tuesday night, August 22, with a showing of the final movie.
