

"Score To Settle", Melloy

Former Commandant Guy S. Melloy, who was wounded in Korea fighting this summer, is impatient to get back into action, he said in a letter to Col. H. L. Boatner, Commandant.

"Things seem to be picking up in Korea the past few days. I'd give an 'eye-tooth' to be in on the kill over there. There is a score to settle."

Col. Melloy is hospitalized in Tokyo while recuperating from leg wounds. He has undergone several operations. "I'm still in the hospital. Had the sixth, and I hope last, operation on my leg yesterday."

"I should soon be able to walk again although the Docs say six to 12 months before any field duty."

Mrs. Melloy and their two youngest children are in Tokyo with Col. Melloy.

The letter is postmarked Sept. 18.

At Church Sunday You Will Find . . .

First Baptist Church

"The Road To Certainty" will be the Rev. O. Bryon Richardson's sermon topic, Sunday, at 10:50, at the First Baptist Church of College Station. Richardson will speak on "The Game of Life" at the evening service beginning at 7:15.

Sunday school is scheduled for 9:45 a. m., Training Union will meet at 6:15 p. m.

St. Mary's Chapel

Holy Communion services will be at 8 a. m. followed by the Aggie Coffee Club at 9:30. Evening prayer services will be student

Oct. 4 Holiday Planned by CS, Bryan Citizens

Merchants of College Station and Bryan have decided to close shop Anniversary Day, October 4, in order to attend the celebrations scheduled to take place on Kyle Field.

College Station and Bryan merchants are to act as sponsors to bring people from other cities to College Station in order that they may take part in the celebrations at which General Dwight D. Eisenhower, president of Columbia University, is to speak.

At a recent meeting, the College Station Chamber of Commerce decided that College Station merchants would close their establishments between 10:30 a. m. and 1:30 p. m., according to H. E. Burgess, president of College Station Chamber of Commerce.

Retail Merchants Association of the Bryan Chamber of Commerce decided at a meeting yesterday morning that they will not open their establishments until 1 p. m., and that flags will fly in Bryan all day in honor of the occasion, said Retail Merchants Association President J. D. Martin.

Newspaper Men Begin Second Annual Clinic

The Second Annual Texas Newspaper Clinic got underway at 9 a. m. this morning, with registration in the MSC. D. D. Burchard, head of the Journalism Department announced this morning.

The Clinic, endorsed by the Texas Gulf Coast Press Association, endeavors to bring weekly and small town daily newspaper men together for an exchange of ideas and information.

President M. T. Harrington gave the welcoming address at a luncheon in the Assembly Room of the MSC at noon today. Following, there was a "get acquainted" period.

Friday afternoon's program includes a panel on "Pictures for Profit," followed by a conference on linecasting machines and a discussion on press room troubles.

George Carmack, president of Texas Gulf Coast Press Association, will preside at a dinner in the MSC Assembly Room tonight at 6 p. m.

Following the dinner a demonstration of Fairchild engraving will be held in the office of the Bryan Daily News at 8 p. m. by George Pollard of the Fairchild Co.

Saturday morning will be devoted to Mechanical Operations with a demonstration, question and answer period held in the A&M College Press in the basement of Goodwin Hall.

A number of other speakers will round out the Saturday program. An informal dinner at the Lakeview Club at 6:30 p. m. will close the two-day meeting.

Reds Announce Hydro-Electric Power Project

Moscow, Sept. 22 — (AP) — Moscow's press announced plans for another hydro-electric power project, the third such announcement this month, and there were indications more were to come.

The announced purpose of the new project is to supply new kilowatt production and make productive, through irrigation, millions of acres of land in the Ukrainian steppe and the Crimea.

The Soviet Union's vast dam construction program is due to get under way in 1951 and be completed in 1957. This is the way the announced program stacks up:

● Aug. 21 the Soviet Union announced it would build within five years a great hydro-electric station on the Volga River in the Kubyshev region.

● Aug. 31 a second huge dam was announced, to be completed by 1956 on the Volga at a point roughly 400 miles south of the Kubyshev project.

● Today's announcement envisions construction of a large hydro-electric power and irrigation project for the lower reaches of the Dnepr River, below the present Dnepr dam, now Russia's biggest.

Joseph, Local Men Plan Football Trip

Don Joseph, head yell leader, and three local business men will make the trip to Sacramento, Calif. in a Beacherft "Bananza," for the A&M-Nevada football game.

The business men with whom Joseph will be traveling are Mayor Roland Dansby, Claude Edge, a local ice cream manufacturer, and Jim Beard, local furniture moving man.

They expect to reach Sacramento by noon Saturday. This is an annual trip made by several local men to see an out of town A&M football game.

Oscar Levant

Star of concert, screen and radio; will be Town Hall's third outstanding artist of the 1950-51 season, and should provide the audience with a rare taste of piano skill when he appears Feb. 1.

Ceramics Amateurs Amaze MSC Visitors

By WAYNE DAVIS

One of the busiest women in the Memorial Student Center is Mrs. Emalita Newton Terry. Mrs. Terry, in charge of the art and ceramics exhibits, has been swamped with questions since the exhibits opened on Thursday morning.

"The show was originally planned to interest students and faculty members in the art club," Mrs. Terry said. "Inquiries are far above what we've expected. Last year's membership of 53 in the art club will certainly be exceeded this year even if only a small percentage of the students expressing interest in the club become members."

The exhibit that has caused so much interest in art consists of 16 oils by nationally prominent artists, together with 35 watercolors by San Antonio artists.

Also included in the exhibit are more than a hundred pieces of ceramic figures created by Brazos

Famous Artist Speaks Monday

Seymore Stone, internationally famous portrait painter, will address members of the Memorial Student Center Gallery Committee, Monday at 7:15 p. m. He agreed to give a talk on art at that time shortly before noon today.

Vet Wives Choose Extension Courses

Several extension courses were requested by veteran student's wives at a meeting in the South Solarium of the YMCA Wednesday night, according to Dr. T. F. Mayo, head of the English Department.

Courses were requested in five departments, Mayo said. They were: "The Preparation and Marketing of Feature Stories," Department of Journalism; "Education and Psychology," Department of Education and Psychology; "Plastics and Ceramics," Department of Industrial Education; "The Government of Texas," Department of History; "Principles of Sociology," Department of Agricultural Economics and Rural Sociology.

Almost any course in the college catalogue can be offered if as many as 12 persons ask for it, Mayo added. Veterans' wives interested in any of these courses should apply at once to the department concerned.

Credits earned in these courses (offered only to wives of veteran students) may be transferred to other colleges.

County sculptors. The latter display has attracted the greatest attention, Mrs. Terry said, because, although the ceramics are altogether amateur-made, their superb workmanship and excellent design gives them a professional look completely unlike what an average spectator expects from an amateur ceramist.

The oil paintings, on the main floor along with the ceramics, are painted by professional artists. Among the better-known painters represented are G. E. Eisenlohr, long known as the dean of Texas painters, who has exhibited and won fame in many national exhibitions; Frank Klepper, one of the best-loved Texas landscape and Chinese-Art painters; and Robert K. Reed, who has had one-man shows at the Texas Wesleyan College in Fort Worth and the Pittsburgh Arts and Crafts Center.

Of special interest to art patrons will be the paintings of Miss Martha Simkins, who is showing two pictures, and Miss Katherine Backstrom, well-known for her flower studies and head pieces, of which three are on exhibition. Misses Simkins and Backstrom plan to be present during the exhibition and will be happy to personally meet all art lovers.

The water-color exhibit is being held in Meeting Room 2A. Featured are an abstraction by Alice Naylor, animal and flower studies by Ruth Dunn, and, perhaps the most popular water-color in the exhibit, Robert K. Reed's well-known "Approaching Rain."

The Art Club and the Student Center Gallery Committee cordially invite everyone interested in art to visit the exhibition, which will continue through Saturday, September 23.

Dr. W. W. Meinke, associated research chemist, is the new manager of the Texas Engineering Experiment Station's chemurgic research laboratory. He succeeds Dr. Bryant R. Holland, who has resigned to accept a position with a Colorado concern.

Miss Florence Farr, is a new staff member at the chemurgic research laboratory. She will serve on office and laboratory assignments.

Student Chapter ASCE Plans Meet

Brazos County branch and the J. T. L. McNew student chapter of the American Society of Civil Engineers, will meet here Tuesday.

Ernest E. Howard, president of the ASCE, will be honor guest along with other officers of the organization. Howard will deliver an address.

12 More File for Senate, 2 File for Student Life Jobs

Student Senate candidates jumped to 21 yesterday as 12 more students filed. Two men filed for at-large positions on the Student Life Committee, the first to announce their candidacy. Effective Student Life members are limited to civilian students.

Early filing is above last year's, with five more days to go. All candidates must turn in applications to the Student Activities office in Goodwin Hall before 5 p. m. Wednesday, deadline for filing.

Applications are available at the Student Activities office.

Hours are from 8 a. m. to 5 p. m. each day, except Saturday when the office closes at noon.

For Student Life

Candidates for the Student Life committee are Earl E. Tweed and Jim Martin. Tweed, a sophomore business student, is from Dallas. Martin is a senior vet medicine and agricultural engineering major from Cotulla. He lives in Bizzell Hall.

The Student Senate, A&M's representative student governing body, is limited by its constitution to 43 members. Each dormitory on the campus is entitled to elect one representative, along with five housing area positions. College View, Vet Village, and Trailer View-Project House areas will each elect one Senator. In addition, two day student senators will be chosen.

Vice-presidents of the four classes are senate members, although the Freshman and Sophomore classes have not elected officers.

Positions Undecided

The number of senator-at-large positions on the Senate will depend upon the outcome of a special

ASEE Mid-Winter Meeting Is Planned

Mid-winter meeting of the Drawing Division of the American Society of Engineering Education will be held Jan. 18-20, W. E. Street, head of the Engineering Drawing Department, A&M, will be program chairman.

Prof. Ralph S. Paffenbarger of Ohio State University is chairman of the Drawing Division of the ASEE and Dean C. E. Rowe, University of Texas and Professors J. G. McGuire and Street of A&M are the Texas members of the executive committee.

Yearbooks were distributed by Mrs. Stuart Cole who led the discussion in the study of "The American Home," which is the theme for the new club year.
