

Citizens Extinguish Blaze

Alert citizens living in the area surrounding the intersection of S. Dexter Drive and Park Place called in a fire alarm when they discovered the wooden culvert at the intersection was ablaze.

After turning in the alarm the citizen "smoke-eaters" proceeded to extinguish the blaze before the fire trucks had time to reach the scene of the conflagration.

The citizens called the fire station as soon as the fire was out but the trucks were already on their way and once the ponderous wheels of fire fighting have been set in motion there is no turning back so the firemen accomplished nothing but the expenditure of energy uselessly.

October Events Calendar Compiled

The Battalion society editor has compiled a calendar of events for October. This calendar of events will run each month in The Battalion. Any errors in the program or suggested changes should be phoned or written to Mrs. J. M. Zuber, society editor.

Tues. Oct. 3
 Campus Study Club Tea—3 p. m.
 Council of Social Agencies—7:30 p. m.

Wed. Oct. 4
 75th Anniversary of A&M

City workmen are currently busy laying a new relatively new section of town to have a fire plug within 500 feet of their house. The new six inch line will afford citizens in this

Burgess Named To ManE Post

A. R. Burgess, former instructor in the Mechanical Engineering Department, assumed duties as head of the department Sept. 1. Burgess succeeds Virgil M. Fairless, who has Post Graduation Studies full time.

Besides ten years teaching experience, Burgess has three years industrial experience as a research and mechanical engineer.

He came to A&M in September of 1948 from Washington University in St. Louis, Mo. where he got his MS degree in mechanical engineering earlier.

In addition to being past chairman of the South Texas section of the American Society for Quality Control and a fellow member of the society, Burgess has written three articles which have been published in the society's magazine, Industrial Quality Control.

His hobbies are inventing and gadgeteering. He holds a patent on a multiple snap-gauge for measuring diameters simultaneously, and one for an automatic pump for a water evaporator for soft drinks. Burgess has also developed several gadgets which he hasn't had patented so far.

Peace Compromise Asked by Indians

Lake Success, Oct. 4.—(AP)—India called on the United Nations today to find a compromise peace plan for Korea but Australia, Canada and the Philippines flatly rejected a Soviet bloc program.

Australia, one of the eight nations sponsoring a Korea unification plan, told the general assembly's political committee that U. N. military forces have to smash North Korean resistance and occupy all Korea to pave the way for peace and unity.

Canada and the Philippines agreed with this, and Canada's Lester B. Pearson pointed out that Russia's Andrei Vishinsky had rejected a compromise in advance.

Sir Benegal N. Rau, chief Indian delegate, said his country cannot support either plan in its present form. But he opposed Russian demands that "foreign troops" quit Korea immediately. "That would leave the South Koreans at the mercy of the North Koreans," Rau said.

Brazilians Quiet On Election Day

Rio De Janeiro, Brazil, Oct. 4.—(AP)—Long lines of Brazilians voted in comparative calm but under the watchful eyes of soldiers and police yesterday on whether to restore ex-dictator Getulio Vargas to the presidency.

A news agency report from Macao, capital of Alagoas State, said four persons were killed and several wounded at Mata Grande in a street clash—the only major violence reported anywhere.

Vargas, 67-year-old originator of the fascist-like "new state", who is attempting to hit the comeback trail as the candidate of his labor party (PTB), had difficulties in casting his own vote at Saoborja. He lost his voter's registration card but was reported to have unwound red tape in time to cast his ballot.

Meyers-Bremont Marry Saturday

Miss Zenobia Meyers, daughter of Mr. Joseph Allen Meyers of Bryan, and Walter Bremont, son of Mr. and Mrs. Walter Bremont Jr. of Austin, will be married Saturday, October 7 at 8 p. m. in the First Methodist Church of Bryan.

After a two weeks wedding trip, the couple will make their home in Austin.

CS People Shown On Hospital List

Several local patients were admitted to Bryan Hospital yesterday for surgical, medical, and maternity treatment.

Mrs. W. M. Weiz of Curtin and Mrs. Ruth Slama of Bryan were surgical patients, while the medical patients included C. M. Risinger, 1313 Earthland Avenue, Bryan; Mrs. Bella Berry of North Zulch; Tony Strata of Hearne; and Mrs. M. V. Marriot, of 205 S. Sterling, Bryan.

Mrs. Jimmy Leal of Drasco Farm gave birth to a 5 pound, 8 and 3/4 ounce baby girl.

Conscientious Canine Can't Stop Working

Compton, Calif.—(AP)—To Sandy, a tan mongrel dog, duty is duty regardless of what city he's in.

For two years the pooch has been the mascot of the East Compton postal station. He reports daily at 6 a. m. for breakfast and then joins one of the carriers or a truck-driver on his rounds.

When a couple of postmen drove north on a hunting trip, they took Sandy along, thinking he'd enjoy the vacation. In Bakersfield, 200 miles away, the dog disappeared. They had to return without him.

There was gloom at the local station house—until somebody had a hunch. A call to the Bakersfield post office got this reply: "Sure, he's here. He's been making the rounds with one of our carriers for several days."

Even Postmaster Clark Wallace was on hand for Sandy's homecoming. And the conscientious canine was back on his old beat.

\$50 Million Put In Social Security

Washington, Oct. 4.—(AP)—The government began pumping an extra \$50 million a month into the swelling national spending stream as bigger pension checks went out to 3 million Social Security beneficiaries.

Beekeepers End Annual Meet Here Tuesday

The Texas Beekeepers Association ended its annual meeting here with a business session Tuesday afternoon.

A panel by the Lower Rio Grande Valley Association, led by R. E. Patrick, president, took up "Bee Losses Due to Poisoning—1950 Style," Monday.

Nevin Weaver, student, discussed "New Insecticides and Poisoning of Honeybees." Discussions on the value of bees in pollination of legumes were held at the afternoon session Monday.

Dr. R. E. Patterson, vice director of the Agricultural Experiment Station, welcomed the beekeepers to the college at the opening of the two-day meeting. A. W. Bulay of Dayton, responded to the welcome.

N. N. Ross of Corsicana, president of the association, presided.

D. C. Baabcock of San Antonio served as toastmaster at a banquet in the Memorial Student Center Monday night.

Johnston Named Chest Chairman

Dr. H. G. Johnston, head of the Entomology Department, has been named chairman of the Community Chest committee for College Station. The appointment of the chairman and committee members was made jointly by Gibb Gilchrist, chancellor of the A&M System, and Ernest Langford, mayor of College Station.

The members are, Johnston, chairman; C. W. Manning, Don Young, G. E. Madeley, L. J. Horn, H. B. Adams, Lt. Col Joe E. Davis, Dr. J. G. McGuire, John Longley, L. E. McCall, W. P. Manning, W. R. Breazeale, Dr. P. W. Burns, and Dr. H. E. Hampton.

Sewer, Water Line Completion Nears

Work on the new sewer and water lines for the College Hills-Woodland Addition should be completed within the next two weeks according to Raymond Rodgers, College Station city manager.

Ditches for the six inch, 4200 feet water line are being dug by C. L. Andrews and the pipe is being laid by the city under the supervision of W. H. Lane '47, who is a

Red Atrocity Camp Found in Korea

South Korean Army Headquarters, Oct. 4.—(AP)—A Korean Red murder camp where 700 Korean civilians including children were executed has been discovered near Seoul, an American Army officer reported today.

The officer said that Communists burned, shot and bayoneted the prisoners before fleeing.

The "Red Buchenwald" was located at Yanglong, 36 miles east of Seoul.

It was reported to South Korean Army Headquarters by Col. Francis E. Gillette, Cincinnati, Col. Gillette is an advisor to the Republic of Korea Second Corps.

transit pipe engineer for the Johns-Manville Sales Corporation.

Completion of the \$8,000 project will place a fire plug within 500 feet of every house in the College Hills-Woodland area, Rodgers said.

Some of the old water service lines in the area will be tied into the new water line and thereby greatly increase the water pressure in the area.

C. L. Andrews was awarded the contract to lay the new sewer lines. The 2,200 feet of sewer will take the old sewer out of the creek that runs along the side of the area and extends out of the city limits.

New Bridge Planned

Andrews is laying the five inch line for \$3,600.

In addition to the water and sewer lines the city is going to start work on a new bridge for Francis Street immediately.

The new bridge will cost the city an additional \$1,200. This, with the inclusion of the \$500 bridge built on Gilchrist Street last fall, will bring the total amount spent by the City in the College Hills-Woodland area to almost \$13,000.

Although the Woodland Addition was annexed to the City last June, it was not officially put on the tax rolls until January 1. The City will have spent the \$13,000 before any tax money has been received from the area.

Campus Interviews on Cigarette Tests

Number 3...THE FLICKER

"One question... Where do I flick my ashes?"

Don't think our neat-pleated friend with the drape-shape doesn't know the score! He's plenty hep to all those tricky cigarette tests! If you're in the groove, they're not fooling you, either. You know, from your own smoking experience, that just one puff of this brand . . . then one puff of that brand isn't going to give you the answer you want. What can you possibly tell by a quick inhale and exhale, a whiff or a sniff?

The sensible test — the one that gives you the proper answer — is a day after day, pack-after-pack tryout for 30 days. It's the Camel 30-Day Mildness Test! You judge Camels for 30 days in your own "T-Zone" (T for Throat, T for Taste) — the real proving ground for a cigarette. Once you've tested Camels as a steady smoke, you'll know why . . .

More People Smoke Camels than any other cigarette!
