

## Bruisin' Bob Gaining 25 of 146 Yards Against TCU

Leading interference for Bruisin' Bob Smith (36) is Center Hugh Meyers (52), who blocks out Dan Wilde (42). Smith is finally caught from behind by Roy Pitcock (55) after a 25 yard gain during the A&M-TCU clash Saturday afternoon.

Smith led the ground gainers with a net total of 146 yards in 24 carries and scored one touchdown in A&M's 42-23 rout over the Horned Frogs.

## Better World Or None, Millikan Says

Dr. Robert A. Millikan, dean of American scientists and Nobel prize winner, warned in a lecture Friday night that unless a way is found to put an end to world wars and their mass killings, the human race may destroy itself.

"The choice is now between a better world or no world," he asserted.

The noted scientist who was one of the pioneers of atomic physics said the key to the well-being and progress of the human race rests on two pillars: the spirit of religion and conscience, and the spirit of science, or knowledge.

## Dr. Harrington, Spence Visit New Division

President of the College M. F. Harrington and T. R. Spence, superintendent of the physical plant, have recently returned from a trip to Junction, where they took stock of the progress being made on the new adjunct to the college.

They spent Tuesday and Wednesday looking over the \$250,000 building program which is still in the construction phase. When completed this addition to the college will include an Administration Building, classrooms, mess hall, and 20 housing units, which will accommodate 12 boys each.

The purpose of this expenditure is to offer refresher courses in college work for students and also courses for students contemplating enrollment at Texas A&M. Two of the courses that will be offered will be summer geology field work and practice in surveying. Classes will be held only in the summer.

Pres. Harrington said that construction should be completed by the first of the year.

The new adjunct is being built on 411 acres of land along the south bank of the Llano River in Kimbel County.

It is located approximately 240 miles from College Station.

of science, or knowledge. "The world conscience, which implies a sense of personal responsibility," Dr. Millikan pointed out, "is very closely identified with what I mean by the spirit of religion."

Defining religion as "world loyalty," he expressed the belief that the scientist is "fundamentally wrong" in his inclination to understate the importance of spreading the spirit of world loyalty.

"The religious leader, on the other hand, is prone to say that the world would be a perfect world if the hearts of men were right. But he is wrong too."

As an example, he cited the "worldwide disasters, probably involving more deaths even than World War II, which have followed from the preaching by sincere and well-meaning but misguided and bad-thinking fanatics of the Marx-Lenin class war—the most horrible type of war ever started."

"Good hearts coupled with bad heads are quite as destructive of social well-being as are good heads coupled with bad hearts."

Thus, he emphasized, "it is these continuously growing cores of knowledge, coupled with the attitude of world loyalty—the combination of science and religion—that provides the sole basis for rational, intelligent living."

"In spite of man's frailties, this attitude and these cores are slowly guiding us forward, so that we have actually in the United States attained within 100 years—and primarily because of science and its applications—a higher standard of living for the common man than has existed in any time or place in history."

### Correction

Through error, The Battalion announced Friday that the College Station Officer's Wives Association had extended an invitation to all reserve officers' wives to attend their monthly luncheon Thursday.

Instead of "wives of officers in the active reserves," the story should have read: "wives of officers on regular duty and wives of reserve officers now on active duty."

## Child Plug-Puller Saves Life

Atlanta—(AP)—Four-year-old Alton Lyon's mother told him to "watch your daddy" while she went out. Alton did and his daddy is alive because of it.

The boy's father, J. T. Lyon, had suffered three recent heart attacks.

While Mrs. Lyon was taking Alton's five-year-old brother to kindergarten, Lyon had another attack Friday while taking a bath.

"I couldn't wake him up and he was going under the water," Alton said, "so I pulled the plug and the water went away."

"I guess I remembered how Mommy lets the water out of the tub when it gets too deep for me."

## Community Supper Set, More Tickets Available

Over 1000 people are expected to be on hand for the annual College Station Community Supper tomorrow night, as activities get underway on Patanella Slab at Consolidated High School at 7:30 p.m.

Four lines for serving the meal will be set up, according to Mrs. Joe Motheral and Mrs. Marion Pugh, co-chairmen for the supper. Last year's affair provided only two lines which resulted in much congestion and wasted time, the co-chairmen said.

Annual Affair

The supper has become an annual affair, sponsored by the Mother and Dad's Club of Consolidated High School for raising funds to buy equipment and supplies for the schools of College Station which are not always available through school tax money.

Playground equipment, phonograph machines, and many other things which benefit the schools and the children's education have been purchased through money resulting from the community supper, according to F. R. Brison, president of the Mother and Dad's Club.

The Foods Committee has promised a hearty menu for the evening, featuring such things as chicken, spaghetti, etc.

Tables will be provided at the supper for service, but Brison suggests that some families may want to bring card tables for their own convenience.

### Tickets

Tickets are being sold for 85 cents to adults and 65 cents to students through the fifth grade. President Brison urged all people

who plan to attend the supper to purchase tickets not later than today so the Food Committee will know how many meals to prepare.

School children at Consolidated have been selling tickets all week and will have some available at the supper for those people who are not able to purchase them earlier.

A committee of Mother and Dad's Club members will also have Christmas cards and magazine subscriptions on sale. Such things as a Spooks House and a Fish Pond will be set up for the children to enjoy.

### Committees

Committees appointed to handle arrangements for the supper are as follows:

Foods and Serving Committee: Mrs. John Bearrie, Mrs. Paul Andrews, Mrs. I. H. Lloyd, Mrs. Sam Cleland, Mrs. Andy Salis, Mrs. W. G. Breazeale, Mrs. Dan Davis, Mrs. M. L. Anthony, Mrs. Albert Crane, Mrs. E. H. Temple, Mrs. Russell Couch, and Mrs. Gordon Gay.

Entertainment: Mrs. Marion Pugh, chairman, Jocko Roberts, Mr. and Mrs. Spike White, Mrs. A. Y. Parrack, Mr. and Mrs. Ed Garner, and Mr. and Mrs. Homer Adams.

Other committees appointed were as follows: Coffee Committee, Mr. and Mrs. R. E. Leighton and cold drinks, Ray Oden and John McNeely. Mrs. Robert Curran is in charge of ticket sales, while Mrs. Manning Smith is handling table decorations.

## QB Club Names Contest Winners

Ralph L. Terry, Jr. Sociology major from Brownwood, is the winner of last week's Battalion Quarterback Club Contest announced Roger Coslett, Club director, today.

Terry will receive two tickets to the A&M Baylor game when the club meets this Thursday night in the Assembly Hall. Second place went to Freddie H. Dunn, Jr. Pre-Med major from Dallas.

Coslett announced that Dunn will receive a Frank Medico Pipe Smoking Kit as a second place prize. This marks the first time this season that a second place prize has been offered. A smoking kit will be given to the second best guesser for the remainder of the club's meetings.

Martin M. Schrank, Calvin A. Rinn and Raymond J. Kunze finished behind Dunn in the order named.

Movies of A&M's victory over TCU this last weekend will be shown when the club meets at 7:30 Thursday night.

Aggie Freshman Coach Perron Shoemaker will be guest speaker. Shoemaker has been scouting Baylor for coach Harry Stiteler.

## Cadet Eleven Hungry for Bear Following Frog Jinx Breaker

By Ralph Gorman

Coach Harry Stiteler's Aggies will be out to add another conference scalp to their belt Saturday when they meet the underdog Baylor Bears.

It will be homecoming week in Waco for Coach Sauer's Bears, but even the moral support generated by the proximity of old Baylor grads should not be enough to throttle the team that turned back the TCU Frogs Saturday on Kyle Field 42 to 23.

Saturday's last quarter runaway gave the Aggies their

first conference victory since 1947, when Stan Hollmig's punting kept the Bears deep in their own territory for an easy 24-0 win. Adding to that, it was the first time the Cadets had amassed over 40 points in a conference game since the 41 to 6 rout of Arkansas in 1942.

Led by the power running of Bruisin' Bob Smith, the shifty hips of Bouncin' Bill Tidwell, the elusiveness of Gallop'n' Glenn Lippman, and the passing combination of Dandy Dick Gardemal to Jumbo Andy Hillhouse, the Cadets returned from their halftime intermission to change a Frog dominated first half to a free-scoring Aggie conquest.

Seven fumbles in the first half halted two Aggie scoring threats and set up Frog counters deep in Farmer territory, to place the Frogs out in front at halftime 9 to 0.

Bruisin' Bob, who seemed to have fingers of putty in the first half when he couldn't retain the ball after the handoff, exhibited fingers of glue and legs of steel in the second and third periods. He smashed and crashed his way through the Frog forward wall 24 times for a total of 146 yards to bring his five game total rushing to 593. Climaxing a day of brilliant running, Smith tore through a gaping hole in the Frog wall and outran their secondary for 38 yards and the fifth Cadet entry into touchdown land.

Tidwell Scores Twice

Bouncin' Bill didn't tote the pigskin many times, but when he did, he went. Chalking up two TD's, Tidwell was one of the spark plugs in the rout that ensued during the second half.

Dutch Meyer's Frogs knew what elusiveness was when they tried to quell the running attack of Gallop'n' Glenn. This was not an easy task, as the fleet little halfback would take the handoff and scamper through a horde of wouldbe tacklers.

Gardemal—Great

It is highly conceivable that the abrupt change of pace shown by the Cadets at the opening of second half can be credited to the field engineering of Gardemal. It was when the 155 pound Port Arthur entered the game that all fumbling stopped, passes clicked for greater gains, and the Farmers in general were like a pack of demons. Gardemal completed eight of thirteen attempted passes for 135 yards.

### Gridiron Glance

	A&M	TCU
First downs	21	15
Yards gained	312	211
Yards lost	32	19
Yds. gained rushing	280	192
Yards passing	206	97
Passes attempted	21	23
Passes completed	13	8
Passes intercepted	4	1
Punts	2	6
Average all punts	40	34
Penalties	3	3
Yards penalized	15	26
Fumbles	7	4
Fumbles recovered	3	2
No. of Fumbles	7	3

With the season only half gone, Hillhouse has his work cut out for him. This past Saturday he added 200 yards to his total, bringing season total to 30. Hillhouse was on hand throughout the game as a potential receiver and carried a large stick during the de-

## Pat Young Reigns As Queen Of Seventh Regimental Ball

By JERRY ZUBER

Miss Pat Young, pretty Bryan High School student, was named Sweetheart of the Seventh Regiment at the Regimental Ball in the Blue Room of the Memorial Student Center, Friday night.

The brown haired beauty was escorted by Henry Josey, also from Bryan.

The Seventh Regimental Ball was the first event on A&M's 1950-51 social calendar and the first organizational dance to be held in the MSC, a spokesman for the Seventh Regiment said.

Miss Young was chosen with two other girls from the dance floor by the Seventh Regimental judging committee. Runners-up were, Mrs. Mel Moncrief, MSC employee and wife of a Seventh Regiment staff officer, and Miss Suzanne Landers, TCU campus beauty, who was escorted by Bill Moss, a Seventh Regiment battalion commander from Bryan.

A set of rhinestone evening jewelry, a large orchid, and a regimental kiss went to Miss Young, and large orchids were presented to each of the runners-up.

Music was furnished by the able Bill Turner and his Aggeland Orchestra, appearing for the first time in new blue suits. Their renditions of popular music were highly complimented by everyone, including the several TCU students who came down early.

Good weather made use of the Starlight Terrace possible and while there was a large crowd, the overflow was handled nicely. Refreshments were served on the Terrace. One enthusiastic senior commented, "Dancing on the Terrace was wonderful!"

Visitors at the Ball included Colonel H. L. Boatner, Commandant of the Corps, and Colonel E. W. Napier, PAS&T.

The dance closed at 11:30 p. m. when everyone sang the "Aggie War Hymn." The crowd immediately moved to the Grove for midnight Yell Practice.

Saturday night, Shisa was jammed to the rafters with the crowd at All College Dance. Again the Aggeland Orchestra turned in a very complimentary performance. Hats worn by the TCU freshman

girls were spotted throughout the audience. Stags were present in large numbers from both TCU and A&M.

TCU students were well pleased with their reception on the A&M campus.

"The TCU students expressed their appreciation to A&M's student body for the warm welcome they received and the well planned program that awaited them," Doyle

Griffin, acting chairman of the welcoming committee which visited Fort Worth earlier in the week, reported. "They were exceedingly well pleased with the music of the Aggeland Orchestra," Griffin added.

Their only regret was that they had to leave the dance early to catch the special train which returned to Fort Worth at midnight, Saturday night, he concluded.

## Proposed Off Limits Areas Designated

Proposals concerning areas of the campus, which should not be walked on to preserve the grass, were released today by the campus beautification committee of the Senior Class, Robert L. Sturdivant, committee chairman, said yesterday.

The report came as a result of a Senior Class resolution passed Sept. 25. It read: resolved that it shall be a Senior privilege to walk on the grass in certain areas of the campus, punishable by demerits, with the stipulation that Seniors shall not exercise their prerogative.

The resolution had not yet been submitted to the commandant's office when it was contacted by a Battalion reporter yesterday. Approval of that office is necessary to make violation of the proposed grass regulations a punishable offense.

### Cooperation Desired

The Class of '51 proposes that all students cooperate with them in trying to beautify the campus. They are attempting the effort in cooperation with a re-seeding program planned by the Landscape Art Department.

Areas in which the Senior Class asks that no one walk are:

New Area: The esplanades in the center of the area (area between the two main walks of the section), the small area between Duncan Hall and Dorm 12, the area between Dorm 11 and Duncan Hall.

Guion Hall: All grass area North

from the rear of Guion to Lamar St., the area West of Guion to Houston St., the area East of Guion to Throckmorton St.

Memorial Student Center: Entire MSC block.

ed on the West by Military Walk, on the south by the Civil Engineering Building, and on the East by Nagel St. East of the building (exception of area running South of the Academic Building about ten feet on each side of the walk).

Science Hall: Areas in front extending from the Science Hall to the Agricultural Experiment Station.

Green Houses: Section South of green houses to the street at the North of the New Area.

Chemistry Building: Grass section extending in front of the Chemist Building from Ross St. bounded on the west by Nagle St. to Roberts St. on the South, and area in front of Francis Hall.

### Boundaries Set

Agriculture Building: Section in front of the building, extending from about 30 feet West of the building to Nagel St. bounded on the North by Rogers St. and on the South by Hubbard St.

Administration Building: The rectangular area west of the Ad-YMCA: The area extending from the south end of Mitchell Hall to Military Walk to Houston St. to the street south of the YMCA.

Basic Division Area: The area beginning at the north end of Wal-

Beauty finalist for Regimental Queen smile prettily as "Big" John Stuntz, left serves as MC for the Seventh Regimental Ball. Left to right the

lasses are Mrs. Mel Moncrief, Miss Pat Young, chosen queen; and Miss Suzanne Landers.

## Sportsmanship Committee Makes Presentation Plans

By DAVE COSLETT

The Southwest Conference Sportsmanship Committee, meeting at the University of Texas last Friday, rounded out plans for the presentation of the SWC Sportsmanship Award this year at the Cotton Bowl Game, Jan. 1, 1951.

Other subjects considered at the meeting included an all-conference yell, a pre-game prayer, the singing of "The Star Spangled Banner," tickets to the Cotton Bowl game, and sportsmanship sub-committees within the conference schools.

Ballots naming selections for winner of this year's award are due in to Committee Secretary Bill Hamilton of TCU by Dec. 10. The ballots will be distributed Dec. 1.

In choosing this year's top sportsmanship school, the actions of the school since the beginning of the present calendar year will

be considered. Previously, the award was considered for the period of the school year.

### Seven Votes

As in past years seven votes will be allotted each school. The yell leaders as a group, the campus newspaper editors, the dean of students, the athletic director, and the executive secretary or president of the former students association each have a single vote. The student governing body of each school has two votes.

Five votes will be cast by the executive secretary of the conference. Fourteen officials designated by the executive secretary will also cast a vote each. Two from each school will be chosen.

Under the new voting set-up, two sets of ballots will be counted in determining the winner of the trophy. The second set of ballots

(actually the first toward determining the 1951 winner) will be marked next spring.

This year, the trophy will be presented before the opening kickoff at the New Year's Cotton Bowl game.

### Prayer Before Game

As an outgrowth of Friday's meeting, a prayer will be said preceding each conference game. The committee adopted the plan on a conference-wide basis after hearing Head Yell Leader Don Joseph tell how it was being employed at A&M.

Another proposal, this one for an all-conference yell, was tabled following a discussion by Joseph and Marc Moore, SMU head yell leader. The proposed yell would be given by the entire representation of both schools at all conference games and by conference (See SPORTSMANSHIP, Page 2)

## Public Hearing On Budget Set For October 26

A budget hearing for the College Station Community Chest will be held October 26 at 7 p. m. in the YMCA.

"All organizations having requests for funds from the Community Chest should submit a prepared budget to the committee at this hearing," H. G. Johnston, chairman of the committee, said today.

"The annual budget hearing is a public meeting and all residents of College Station or Bryan who are interested in the formulation of the budget or how the Community Chest funds should be spent are urged to attend," Johnston says.

The primary purpose of the College Station Community Chest, Johnston points out, "is to support worthy organizations and charities within the community and eliminate the necessity of numerous fund-raising campaigns throughout the year."

"It is the purpose of the Community Chest committee to spend the funds contributed to the Community Chest so as to obtain the most benefit for the greatest number of people in the community."
