A&M student judges placed second, fourth and seventh against national competition at the American Royal Livestock Show in Kansas City recently. Members of the same teams who will compete in intercollegiate contests of International Livestock Show in Chicago late in November are in the usual order on the front row Dale Malechek, wool; Bert Gibbs, wool and livestock; Maxie Overstreet and John Rheman, livestock;

and Paul Wynerts and Joe Bonnot, meats. On the second row, Werner Lindig and Glen Dunkle, livestock; Douglas Wythe, livestock and meats; and John Sugarek, meats. Team coaches on the back row are Fred Rau, wool, Waco W. Albert, livestock, and O. D. Butler, meats. Jim Bob Steen is also a member of the wool judging team.

A&M, Baylor Keyed Up; Waco Welcomes Aggies

Sellout Expected For Homecoming Tilt

Aggies were officially welcomed to the Baylor campus for the weekend by a four man good-will delegation who visited A&M yesterday. In addition to welcoming the Aggies they outlined the weekend activities.

For Baylor this is the biggest weekend of the year. It is Homecoming, the time when all Baylorites reunite on the campus and attend the football game.

Starting off events in Waco will be their annual bonfire, to be lit at 10 p.m. Friday. Aggies were welcomed to the bonfire and the Pep Rally following it.

Saturday will be highlighted by a parade through downtown Waco, and the football game which will start at 2 p.m. at the new Baylor Stadium.

Bus Strike Continues

One of the hardships of the weekend, Frank Ingraham, senior Student Council member, said, was the Waco bus strike. City transportation has been tied up because of the strike.

However Baylor students and Waco residents have been asked to drive by the campus on their way to the game and pick up students from both schools who need rides.

Ingraham pointed out that getting rides from non-students would also be better near the campus.

Information booths for visitors have been set up on the second floor of the Baylor Student Union Building by the Waco Chamber of Commerce. Additional information is available from the Student Council offices on the third floor of the Union Building.

Aggies were told not to take offense at the Baylor tradition of having the freshmen guard the campus before the game Saturday. They have been told not to molest Aggies visiting the campus.

OD Requested

To insure good feelings, the Baylor group asked A&M to furnish "officers of the day" to accompany the Baylor guards on their rounds of the campus.

At a company commander's meeting after sell practice it was pointed out, there was nothing to the rumor about Baylor girls not being allowed to date Aggies.

Girls have been given permission to stay out until midnight Friday, they said.

While housing on the campus and in the city is extremely acute because of the Homecoming celebrations, Aggies will be given any possible aid to get housing, the delegation said.

They also said the Aggies will sit on the East side of the Stadium and should enter through the East Gate.

Stadium Location

The game, expected to be a sell-out, will be played in the new Baylor stadium, located at Dutton and 29th Streets.

Members of the group were Ingraham, Brad Corrigan, junior members of the Student Council; O. D. Martin, senior representative of the Ministerial Alliance Executive Council; and Russell Bennett, senior director of the Freshman Dormitory.

Corrigan gave the welcoming speech to the Aggies at last night's yell practice.

They were guests of the Cadet Corps for dinner in Duncan Hall and were taken on a tour of the Memorial Stadium Center.

Plans For Election Code Modernization Announced

Austin, Tex., Oct. 27.—Plans to simplify, modernize and tighten the state election code have been proposed by the Election Laws Revision Commission.

It asked for public reaction on a dozen sweeping changes designed to make vote frauds more difficult, and to make the laws more workable.

Dean Abner V. McCall of the Baylor University School of Law is chairman of the commission and Prof. A. P. Cagle of Baylor, former legislator, is its research counsel.

The commission met earlier this month in Waco with representatives of the Democratic and Republican parties. This conference resulted in a dozen or so suggestions for major revisions, such as:

Hold precinct conventions the Saturday before the first primary in July and the county convention the Saturday after; change primary election days from Saturday to Tuesday.

Change the method of financing the primaries and set one deadline for filing for a place on the democratic ballot, rather than three as now provided.

Reject Russian Peace Plans, Austin Asks UN

Lake Success, Oct. 27.—(AP)—American delegate Warren R. Austin yesterday urged the U. N. political committee to reject Russia's proposals for a big five peace pact and a one-third cut in the Armed Forces of the five powers. He tagged the proposals an "iceberg" plan full of hidden peril.

Austin told the committee the Russians have shown "no evidence of a basic change of heart" that would commit them to help stop aggression. He said a vote for Foreign Minister Andrei Y. Vishinsky's proposals would be a vote against those things the U. S. has done in the "greatest trial of its life."

Nationalist China also turned down Vishinsky's ideas. Its delegate, T. F. Tsiang, said the "Communist regime in China today is as subject to Soviet aggression as my government was."

Sir B. N. Rau, India, tossed in a proposal for an international peace fund to be made up partly from money saved by a general disarmament program on the part of all nations. He called the U. N. members to specify by next March how much and on what basis they were willing to reduce their armaments and contribute to this fund. He said this fund could be used to fight hunger and disease and raise the standard of living in underdeveloped areas.

Rau's plan apparently was an outgrowth of President Truman's speech Tuesday in which he called for greater efforts to help underdeveloped countries and set up a fool-proof disarmament scheme.

The Russians have walked back into two other organizations—the security council and the economic and social council.

Cadet Eleven Holds Edge Over Bruins

By Frank N. Manitzas
Battalion Sports Editor

A keyed up Baylor eleven will be the Aggies second conference opponent of the season tomorrow afternoon at Baylor's new stadium with gametime being at 2. The Aggies will be trying for their first win over the Wacoans since 1947.

What seems to have made the big difference during the week that has brought the Cadets down from a two to three touchdown favorite to only a few points were the few "pranks" which have occurred during the week and the fact that Baylor's homecoming is helping the team's spirit considerably.

The Bruins are more confident entering this game against the Cadets than they have been all season. Coach George Sauer has said the Bruins are in the best physical and mental condition of the season.

Aggie Head Football Coach Harry Stiteler said that the Bears have a rough team and it will be a battle all the way. One of the few factors which gives the 13th team in a nation a boost is the fact that they will start a game with every member of the team ready to go.

Guard W. T. Rush returns to the lineup after having sat out two games with a bad knee, and Left Halfback Charley Royalty may play in his first game since the VMI tilt.

Aggie Cowboys Set Plans Meet Tuesday Night

Final plans for the 29th Annual Aggie Rodeo will be made at a meeting of the Saddle and Sirloin Club Tuesday, Oct. 31 in the Animal Industries Lecture Room, according to Doug Wythe, president of the club.

All entry fees will be determined at the meeting and final entries will be taken, Wythe said.

Members of the International Livestock Judging Team will also make a report on their trip to Kansas City.

The all-Aggie Rodeo will be held in the new rodeo arena West of the railroad tracks Nov. 3-4. The new 225 foot long and 135 foot wide arena will be completed in time for the rodeo, according to members of the Saddle and Sirloin Club, sponsors of the rodeo and builders of the new arena.

Only A&M students will participate in the first rodeo of the year. Funds from this rodeo will be used to send stock judging, wool judging, and meat judging teams to intercollegiate contests at Fort Worth, Kansas City, and Oklahoma.

All persons planning to enter any event in the rodeo are urged to attend the meeting of the Saddle and Sirloin Club Tuesday night, Wythe said.

Both divisions, the Chinese prisoner said, are well armed.

Maj. Gen. Jae Heung Yu, South Korean Second Corps commander, speculated the Chinese Communists might send forces across the Yalu to try to hold a huge Japanese built electrical generator at Supung. That town is 52 miles southwest of Chosan, border point captured by South Korean troops.

"If we get that (generator) Manchuria has no electricity," General Jai commented. He added the Chinese Communists might want the United Nations General Assembly to decide the disposition of the Supung generator.

Republic of Korea (ROK) Gen. Paik Sun Yup, commanding a division in the battle area north of Pyongyang, was quoted by a U.S. First Corps spokesman as saying three regiments of Reds attacking his troops were Chinese Communists. The fighting was fierce.

There has been no official confirmation from any high Allied source that Chinese Reds are in the attacking forces. It is possible Chinese Communists joined the North Korean forces last spring when an estimated 80,000 Manchurian trained North Koreans crossed back into Korea to fight the South Koreans.

A powerful force of 50,000 Allied troops, including the U. S. First Marine Division, the U.S. Army Seventh Infantry Division and ROK forces poured ashore on the east coast at Wonsan.

The U.S. First Cavalry Division was reported by AP Correspondent Swinton as rushing by ship to bolster other Allied lines.

The representatives will function as non-voting members of the Senate, serving only as the official voice of the Junior Class on Senate matters.

Members of the election committee appointed to that position by Class President Harold Chandler were Ken Wiggins, Gus Clements, and Bob Chapman.

Smith is the greatest contributor on the ground angle having a total of 593 yards in 100 carries.

The defensive backfield includes Tidwell, Yale Lary, and Lippman, with Jimmy Flowers helping Bates in the linebacker positions.

The Newman Club of Baylor University will hold an open house at the Knights of Columbus Hall in Waco in honor of the A&M-Baylor football game Saturday, announced Carol Rogers, corresponding secretary of the Baylor Newman Club.

The open house, which lasts until 7 p. m. Saturday evening, is for all Catholic Aggies as well as for all Waco and talk," Hinton said.

The Y.M.C.A. cabinet is sponsoring a Coffee Hour in the south lounge of the "Y" each morning from 9:30 till 10:30 a. m. according to Don Hinton, "Y" cabinet member.

Anyone with all or any part of that time off, is welcome to come in and "grab a cup and run or stay as long as you want and talk," Hinton said.

Home for Christmas

Orderly Policy Looms For Releasing Army Personnel

Washington, Oct. 27.—(AP)—Secretary Pace said yesterday the Army hopes to start releasing mobilized National Guardsmen and reservists next summer in a program which may be completed before early 1952.

Pace indicated that more American troops may begin to flow to Europe soon, but he said the army does not now plan to send any National Guard units overseas.

In another military manpower development, the Air Force said it will halt immediately the call-up of enlisted reservists.

These facts came out as the four services set up new procedures covering the recall and the discharge of reservists.

Instructions Separate

The Army, Navy, Marine Corps and Air Force issued separate instructions to carry out Defense Secretary Marshall's directive of Monday outlining an "orderly" policy for mobilization of reserve units and individuals.

Marshall said that reservists must be kept on active duty until they have been notified of their discharge. He said that the increased manpower requirements of the services can be met, and reservists or units so recalled have reached a state of maximum training.

Procedures outlined by the four services included:

Army

After Nov. 10, enlisted reservists will be notified of active duty orders at least four months in advance unless a material change in the military situation dictates otherwise.

Reservists whose orders are now in the mail or which have been temporarily delayed must still report for duty on the date specified.

The Army will need more officers and medical men. Already 20,000 reserve officers have been recalled, the last of whom will report in November.

The Army said its general rule on relief of reservists and guards-

men will be to retain them until they have been adequately trained and until they can be replaced by draftees and volunteers.

Navy

The Navy said it won't know its overall manpower needs until next year.

However, it announced it needs no more naval reserve airmen, and that its need for reserve aviation ground officers has been "substantially" met for the immediate future.

The Navy also emphasized that reservists who transferred to organized units will be no more or less liable to summons than volunteer reserves possessing similar qualifications.

The Navy emphasized that it still needs reserve officers for general line and staff duties.

Insofar as practicable, the Navy said, reserves in the call-up quota for next March, April, May and June will receive four months notice.

Marine Corps

The Marine Corps announced that all Marine officers and enlisted men earmarked for active duty by next June 30 will be individually notified by the end of December.

Any Marine reservist not so notified, the Corps said, will know that he has at least four months to continue his present employment.

The Corps said that the majority of reservists to be called have already received their orders. All those who have received orders will be given a minimum of 30 days to report.

Air Force

The Air Force, in addition to discontinuing immediately the call-up of enlisted reservists, announced that it will confine the involuntary recall of air reserve officers to those possessing "critical skills" not available from volunteer sources.

The Air Force said it would release all Air National Guard and reserve personnel, upon their application, as soon as trained replacements are available.

Voting procedure this year will differ from the usual method. Instead of voting by dormitories, the class will vote as a body, Elms said. Voting will, however, be by secret ballot.

The class will meet at 7 p. m. in the Assembly Hall on Nov. 1 to vote. Voting in this manner, the votes can be announced sooner, Elms added.

A ballot tabulating committee of sophomores is being formed and results of the primary election will be announced as soon as possible after the election.

There will be a run-off of the top three candidates for each position unless voting indicates a majority in the primary.

All students of sophomore classification are eligible for office, including non-corps students. There are no special offices for non-corps.

Jack Reams and his orchestra will furnish music in the modern style for the dancers and a floor show will be imported from Dallas, King added.

Only 600 tickets will be available for Aggies. They may be purchased from any member of the Waco club. King also asks anyone desiring to plan a party to contact him in Dorm 5-204.

Sophs File For Office, Voting Next Wednesday

Candidates for Sophomore Class Officer positions can now file for the respective class positions in the Student Activities Office in Goodwin Hall, according to Grady Elms, assistant director of student activities.

Deadline for filing for the ten vacant positions is noon October 21, Elms said.

To date 11 students have filed for the open positions. For class president Burt Purvis, E Infantry; Putter Jarvis, C Infantry; and Richard Wheat, A Chemical Warfare Service, have applied.

For vice president, Bob Johnson, B Battery; Joel Austin, A Quartermaster; and Gerald Staffel, Maroon Band, have applied.

William Minturn, E Infantry,

is the only candidate for sergeant-at-arms. Pat LeBlanc, A CWS, is the only one to file for secretary. T. L. Hurta, A Infantry, is the only candidate in the race for treasurer.

The Sophomore class is allowed three representatives to the Student Senate with the stipulation that they do not have voting privileges. The class vice president, who automatically becomes a Senate member upon election, is allowed voting privileges as provided for in the Senate constitution.

Ralph Shanahan, B Transportation, and Gene Steel, H Flight, are the only two to apply thus far for the Student Senate positions.

The offices of social secretary and parliamentarian still lack candidates and Grady Elms urges all students interested in these positions to file their applications immediately.

English Professors To Visit Workshop

Six members of the English department will attend the annual English Workshop District Meeting in Galveston Saturday, Dr. T. F. Mayo, head of the English department, said today.

The meeting will consist of high school and college English teachers. Purpose of the meeting is to integrate the teaching of English in Texas high schools and colleges.

Dr. S. S. Morgan of the College English department, is chairman of the program committee for this district, and Dr. Fred Ekfeldt also of A&M will appear on the program.

Dr. Mayo recently spoke at one of the 11 annual educational district meetings at Tarleton State College at Stephenville, Tex.

Post Game Dance In Waco Relocated

The Aggie dance following the Baylor game will be held in Scenic Wonderland on Highway 6 near the Aggie line instead of the Casa Blanca. The change was made because of the additional space available, Guy King, vice president of the Waco Club, said yesterday.

Jack Reams and his orchestra will furnish music in the modern style for the dancers and a floor show will be imported from Dallas, King added.

Only 600 tickets will be available for Aggies. They may be purchased from any member of the Waco club. King also asks anyone desiring to plan a party to contact him in Dorm 5-204.

AAUW Committee Sponsors Meeting in 'Y'

The Legislative Committee of the American Association of University Women will sponsor a meeting to be held on Oct. 30 at 8 p. m. in the Y.M.C.A. solarium.

J. Wheeler Barger, College Station city attorney and W. T. McDonald, Bryan city attorney, will be speakers. The

Lt. Col. William S. McCulley, member of the Math Department, has been named squadron training officer of the 9807th Volunteer Air Regiment, and is responsible for training air reserve units at College Station, Huntsville, Brenham, and Schulenburg.
