WILLIAMSON COUNTY CLUB, Tuesday Nov. 7, 7:30 p. m. Room 105 Academic Building.

New Babies Raise Total to Four

Two more new arrivals to College Station residents were reported by Bryan hospitals for a total of four for the week-end.

The St. Joseph Hospital of Bryan reported the birth of a seven and a half pound boy to Professor and Mrs. Leon Gibbs of College Station yesterday at 12:39 p. m. The boy was named Michael Alan Gibbs.

Mr. and Mrs. James C. Renfrow are the proud parents of a baby boy born Tuesday. Renfrow, a Junior at A&M, is an architecture student from Corsicana.

Ain't All Play . . .

Junction Summer Camp Set-Up Like Deluxe Resort

By RAY WILLIAMS

A&M will soon be sporting a mountain resort—complete with a natural swimming pool in the Llano River, fed by 700 cool, clear springs.

This pseudo-resort is the new summer camp of the A&M System, located at Junction. It is scheduled to open for the summer of '51.

President of the College, M. T. Harrington says, "The construction is nearly completed, and the grounds should be in good shape for its opening in June."

Recreation was not the prime motive of the Board of Directors for wanting this "Resort." During the past ten years, some 4,000 freshmen left A&M because of scholastic difficulties.

It is estimated at least half of this number left because they found themselves in the wrong course or else found they were

deficient in high school preparation.

For this reason, the Board of Directors wanted a large tract of land, preferably away from most cities where orientation tests and training for entering freshmen could be given.

The late Weaver H. Baker, hearing of this need, led his fellow citizens of Junction and Kimble County, in offering the College a 411 acre tract of land.

Their gift was located on the South Llano River, adjacent to the city of Junction ideally suited the purpose, the Board thought.

Only one mile from the center of Junction, the summer camp will be used for helping adjust freshmen and for an engineering summer camp. The Geology and Civil Engineering Departments are planning to offer practice courses there this summer.

This property, valued at more

than \$50,000, has one and a half miles of frontage on the river. It is located in a valley between two mountains, with an abundance of both wooded and open land.

It has many pecan trees, a good horticultural farm, as well as some rough terrain for surveying classes.

It is the purpose of the College, over a period of years, to develop the Junction adjunct into a training center for entering freshmen, particularly for those who are not sure what they want or as to their preparation.

It is hoped to become a great economic saving to the prospective student as well as to the State to have a period of orientation that will determine aptitude and ability, as far as possible, before entering school.

After acceptance of this land by the Board of Directors, plans were immediately drawn up for the project. When the bill to authorize the project was passed in the 51st Legislature, a rider was tacked on it to limit the amount to be spent at \$200,000. Since the plans called for an expenditure of more than that amount, new ones had to be drawn up.

The successful bidder on the revised plans was Robert L. Guyler of Crystal City, Texas. His construction has progressed according to schedule, and it is due to be completed in January '51.

Included in the Physical Plant will be a combination administration and class room building, mess hall, latrine and twenty tent frames and floors.

The tents, in which the students will live, will be 16x32 feet. The floors will be concrete slab with building tile up to the window level. Above this will be screen. It will have a canvas roof.

There will be twelve men to each tent, and each will have a chest of drawers and a desk on which to study. All buildings are equipped with modern plumbing and electricity.

For the opening semester this next summer, there will be accommodations for a total of 240 men. The project is so situated that it would be a very easy matter to increase the size, Dr. Harrington said.

Russians Emphasize US Intervention In Korea

Moscow, Nov. 8.—(AP)—Soviet disapproval of United States intervention in Korea was emphasized sharply yesterday in the celebration of the 33rd anniversary of the Russian revolution. The Soviet armed forces were ordered to increase their vigilance and combat readiness.

Tanks, guns and troops of the Moscow garrison paraded across Red Square in foggy, drizzly weather which grounded Soviet planes that usually fly formation on such occasions.

Marshal Semeon Budyenny, a

World War II hero and member of the President of the Supreme Soviet (parliament), asserted from atop Lenin's tomb that western "imperialists" are preparing for a new war.

War Assorted

"The Anglo-American imperialists have now passed from preparations for aggression to direct acts of aggression, evidence of which is the bandit intervention of the United States of Korea," he said.

"The Soviet people, together with other freedom-loving peoples of the world, brand the American aggressors with shame and express their sympathy with the Korean people who are conducting a heroic struggle for the freedom and independence of their motherland."

Similar expressions came in orders of the day to the Army and Navy, issued by Marshal A. M. Vassilevsky, Army Minister, and Adm. I. S. Yumashev, naval minister.

Stalin Unmentioned

(Prime Minister Stalin was not mentioned in this dispatch. Presumably he is taking a fall vacation.)

"The American and British imperialists are pursuing the policy of instigating a new world war," Yumashev said. "From the threat of war they have gone over to open aggression in Korea."

"Under these conditions, it is the sacred duty of naval forces constantly to increase the vigilance and combat readiness of ships and naval units."

Vassilevsky's order prefaced like phrases with the declaration "The Soviet people and their army are vigilantly following the machinations of the enemies of peace and continually remember the danger of war."

While the Russian press has charged before that the United States government intends to unleash a new war on the world, it has never been said quite so authoritatively or quite so repeatedly.

U. S. Ambassador Alan G. Kirk headed a group from the American Embassy at the parade.

Magee Elected New President Of Kiwanians

A. C. Magee was elected president of the College Station Kiwanis Club yesterday at the groups regular noon-day luncheon meeting. Magee was unopposed as was Otis Miller for the position of first vice-president.

H. G. Johnston eked out a close win over Wayne Stark for the second vice-president spot.

Named directors for the new year were Dick Hervey, John Longley, J. G. McGuire, and George Summey, Jr.

Joe Motheral, outgoing president presided at the meeting while Ralph Steen and his election committee conducted the balloting.

Mrs. Ralph Terry, art instructor for the Memorial Student Center Gallery Committee, was guest speaker, using "Art at Aggieland" as her topic.

Mrs. Terry explained the history of the Gallery Committee briefly and told some of the activities which the group was undertaking. She went on to explain some of the fundamentals of art to the group by use of pencil sketches.

Chairman Dick Hervey of the Entertainment and Recreation Committee announced that the club's annual Christmas party had been tentatively set for Monday night, December 11. The group met after the meeting was adjourned.

'Legion Night' Set For Bryan Church

"Legion Night" will mark the first of a series of Sunday evening non-denominational type civic religious services to be held in St. Andrew's Episcopal Church in Bryan Sunday at 7:30 p. m., the Rev. Vern Swartzfager, rector, has announced.

This year American Legion Auxiliary Unit 159, of which Mrs. Joseph Pletzer, Jr., is president, will sponsor the worship hour, aided by officers and members of Bryan's Earle Graham American Legion Post 159.

Mrs. Pletzer's staff will include Mrs. Charles Ramsey, vice-president; Mrs. T. J. Ingram, secretary, and Mrs. J. C. Goldsmith, Jr., treasurer.

Golden Circle Class Nominates Officers

New officers for the Golden Circle Sunday School Class of the First Baptist Church, Bryan, were nominated Monday night.

A committee met at the Cliff Brunson's apartment in College View to choose officers for the remainder of the term.

Members of the nominating committee present were Mrs. H. E. Johnson, Cliff Brunson, and Bob Willis.

Statistics

(Continued from Page 5)

Arkansas game and now shows a seasonal average of 38.9 for 38 boots.

Lary appears again in the punt returning division with an average of 18.6 yards for the seven times that he has attempted the runback.

A&M's Andy Hillhouse is in the No. 4 spot among the leading pass receivers having garnered 283 yards in the 14 aerials that he has snagged. Five of these tosses have carried across the double stripe.

Baylor End Harold Riley leads the SWC in this column with 396 yards for 25 catches and two scores. His total ranks him 12th among the nation's top pass receivers.

Aggies Dominate Scoring—A&M's Smith leads another statistical department—scoring—the 12 times that he has entered the promised land for a total of 72 points.

Lary scored four times in the Arkansas melee to raise his TD total to six with 36 points and rank fourth in the conference. Sure-toed Darrow Hooper follows Lary in the scoring department, as he has missed the uprights only seven times in 39 attempts to have a grand total of 32 points.

Hillhouse's five scoring aerials have netted him a total of 30 points and a tie for sixth place among the leading SWC scorers. Rote and Townsend are tied for second place in scoring with nine touchdowns and 54 points apiece.

Members of the harpists team to play in the Consolidated High School Variety Show Thursday night includes Linda Potts, Anna Beaty and Ann Fleming. The show, which gets underway at 7:30 p. m., will be held in the high school gymnasium.

Aggies Picked to Beat SMU— California Picked Over UCLA

(Continued from Page 5)

The Far West always manages to come up with at least one good game each week and November 11 will be no exception as the undefeated Golden Bears of mighty Berkeley to meet the rising Bruins from UCLA, California has taken Santa Clara, Oregon, Pennsylvania, Southern California, Oregon State, St. Mary's and Washington across the board while the Uclans were whipping Oregon, Washington State, Stanford, Purdue and Oregon State.

UCLA suffered losses only to powers Illinois (14-6) and Wash-

ington (20-21). Comparative scores show the Bears 20 points better on the Oregon State game and 20 better against Washington, but then in the Oregon fray UCLA gets the nod by 7.

It all boils down to the fact that this will be a mighty good game, and if the Uclans do win—and they can—it would not be upset, although they are the underdogs. From here we like The Golden Bears by one touchdown or possibly two.

Completing the section: Montana over Nevada in an itial meeting; Idaho State to beat Montana State in a close one; Oregon State over Idaho; Stanford to wallopp Washington State and Washington's McElhenny and Hendrick to run wild at Oregon.

There it is for this week. Naturally we would like to see these predictions come true, but if the Aggies beat SMU—and we know they will—every one of these could be wrong and not one tear would be shed.

—Beat SMU—

Chest Campaign Progress Noted By Chairman

"The 1950 Community Chest drive is progressing as smoothly as expected," H. G. Johnson, Chairman of the campaign, said today.

"As yet we have not tabulated the amount turned in already because all the solicitors have not turned in their initial contributions. I feel sure that our goal of \$11,000 will be surpassed," the chairman said.

There will be no door-to-door solicitations, however, local residents and business men will be contacted either by mail or phone telling them where they may turn in their contributions, he said. Chest contribution material was turned over to departmental heads who in turn distributed it among their instructors.

"I am proud of the work already done by the members of the staff and I'm sure they will continue to do the same fine work throughout the remainder of the campaign." This year's campaign ends Nov. 15.

"We feel that it is still the responsibility of the community to see that the drive goes over the top of the goal because the community is the one that receives the benefits of the Community Chest," Johnson said.

"The 1950 Red Feather goal exceeds last year's goal by some \$900. Johnson urges everyone in the College Station area to contribute generously to the organization that gives aid to twelve agencies in the College Station area.

Corryell Clubbers Party, Escort Group

Plans were discussed for a Christmas party at a meeting of the Corryell County Club last Thursday night, Ross Vandiver vice-president of the club said.

A group was selected to escort members of the Gatesville High School football team, when they come here for the A&M-Rice game.
