

Mrs. W. W. Armistead Wins Top Honor At Flower Show

Mrs. W. W. Armistead was sweepstakes winner in the Garden Club sponsored Fall Flower Show held yesterday in the MSC Ballroom. Mrs. Armistead's arrangement of chrysanthemums in an oil can placed first in arrangement of flowers in a kitchen utility container.

ing A&M-Texas football game took first honors in the Thanksgiving theme class. Second place went to Mrs. Armistead and third to Mrs. A. B. Stevens.

Smith ---

(Continued from Page 3)

Her fruits and vegetables display in a cornucopia depicting the Thanksgiving theme won second place. These two wins gave her the greatest number of points in the Flower Show.

Mrs. H. W. Barlow was awarded first prize in the arrangements class and Mrs. J. H. Hill took first place in the horticultural division. Mrs. J. E. Roberts placed first in the chrysanthemum horticultural division. Mrs. Ralph Lee was second and Mrs. R. E. Snuggs, a third place winner.

Potted Plants
In the pot plant division Mrs. M. K. Thornton took first place in the flowering plants and Mrs. Fred Weick placed third.

In the foliage pot plants, first, second, and third places, respectively, were awarded to Mrs. J. H. Hill, Mrs. A. B. Nelson and Misses Ethel and Edith Cavitt. Mrs. George Draper won honorable mention in this division.

In flower arrangement classes Mrs. H. W. Barlow took first place in the dried plant material. Mrs. C. C. Doak was second and Mrs. Marion Pugh third. Honorable mention went to Mrs. O. K. Smith.

Mrs. R. R. Lyle with a fruit arrangement depicting the forthcoming

games. Other SWC players besides Smith appear among the nation's best, with the Mustangs' Fred Benners being listed as sixth in the nation on forward passing.

Larry Isbell of Baylor is 17th and Pat Brady of Nevada, who the Cadets had such a hard time stopping is 13th with a total of 911 yards to his credit.

From the conference in pass receiving is Harold Riley of the Bears who is in the 13th spot while Ray Graf of Nevada is eighth. Graf was held to practically nothing when A&M dropped the Wolfpack, 48-18.

Versatile Brady is also listed among the top punters, holding a 46.9 average in second place, while Isbell is tenth with a 41.1 average.

Billy Cox of Duke is busiest among the nation's backs. He has averaged almost 42 rushes and passes per game and needs only 68 more in his remaining two games to break the 13-year record of 400 offensive plays in a season set by Davey O'Brien of Texas Christian. —Based on AP Reports.

kitchen utility containers besides Mrs. Armistead's first place winner were entered by Mrs. W. E. Briles who took second place and Mrs. Marion Pugh who won third. In the fresh foliage arrangement, Mrs. Edward Madeley won second place and Mrs. A. B. Nelson third. Fruit and vegetables arrangements were won by Mrs. D. W. Williams, second place; Mrs. Fred Hale, third place, and Mrs. H. W. Barlow, honorable mention.

Mrs. R. E. Schiller took third place in the chrysanthemum arrangement class.

Club Workers

Mrs. Edward Madeley and Mrs. Al B. Nelson were co-chairmen of arrangements for the show. Mrs. Cecil Wamble and Mrs. P. W. Burns had charge of staging; Mrs. R. B. Hickerson was responsible for entries. Mrs. Fred Hale was clerk and Mrs. Marion Pugh and Mrs. John H. Hill had charge of publicity.

Flowers were judged on the basis of a perfect score. For this reason several of the classes were without first, second, or third place winners.

Murals ---

(Continued from Page 3)

J. Dishman looped in 12 points for the Beaumont Club as his team swamped the Fish and Game Club, 30-14. Another Beaumont Club cager, Smith, was second in the scoring column with 10 digits to his credit. Higgins and Franks each hooked in four for the losers.

Bizzell, trailing 12-3 at the half, came fighting back in the second half but fell short of winning the game by three points as the cagers of Mitchell edged Bizzell, 18-16.

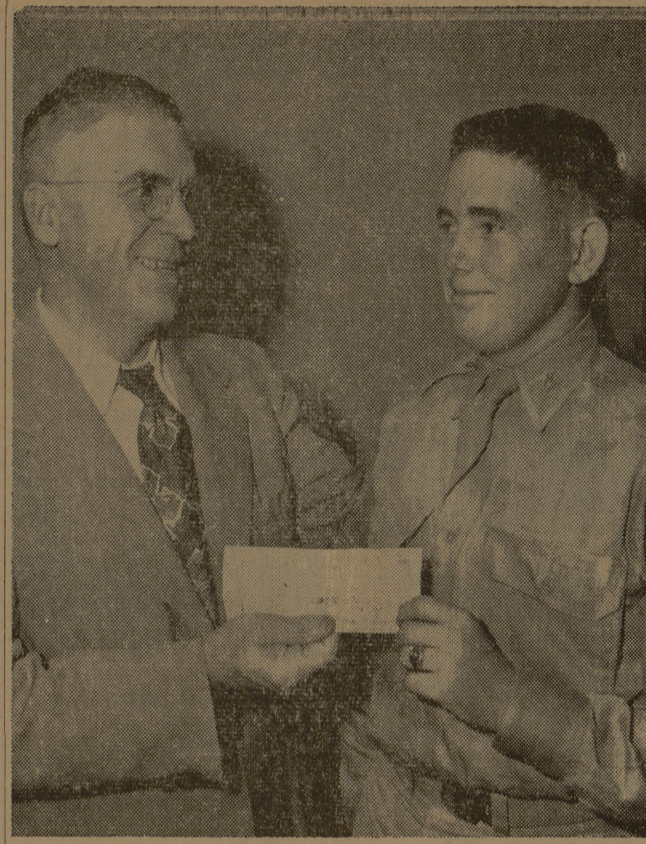

Joe Bennett and A. Johnson of Mitchell and Stegeman and Couch of Bizzell each dropped in six.

The Fish Band coasted to 23-9 victory over Company 9. Bledsoe of the Band led the scorers with nine corners.

Football
Leggett managed to garner three forty-yard penetrations to defeat Milner 2-1 on penetrations as neither team scored.

Company 4 waltzed to an easy 25-0 lopsided victory over Company 5.

Tennis
In the only tennis contest of the afternoon, G Squadron stopped B Transport, 2-0. Storrie, Martin, Bane, and Kahutek turned in the necessary victories for the eventual winners as the first match of the afternoon ended in a deadlock. —Beat Rice

Bert Hardaway, freshman dairy husbandry major beams over a check for \$200 presented by Dr. I. W. Rupel, head of the dairy husbandry department. The check is a scholarship award from Herman F. Heap of Austin, who each year awards \$650 in scholarships to dairy husbandry students at A&M. Hardaway, who has been active in FFA work for four years started with one dairy heifer and has built his herd to six animals.

Rodent Eradication Begins With Free Poison Hand-Out

Rat day began this morning at 8 a. m. with a meeting in Room 11 of the Civil Engineering Building. The meeting was held to instruct individuals who had been designated by the departments and business establishments of the College area as being responsible for rodent eradication within their areas. The rat eradication campaign is a follow-up to the program initiated May 11, 1950 by the sanitary board. The campaign was initiated because certain parts of the campus were infested with rats which were increasing and fast becoming a menace to the community. Colonel Boatner said.

"Remedial steps, in order to be effective, must be continuous, systematic, and periodic, and will require the effort and cooperation of all departments and business establishments in the City of College Station," Col. Boatner said. **Fall-Spring Drives**
According to Col. Boatner, the best times for the eradication of the rodents are in the fall when they leave the field and move into the houses for the winter and in the spring when they migrate from the houses to the field to reproduce.

Mixture 42
Poison used in the campaign will be a mixture of Compound 42 and pecan crumbs. Compound 42 was developed by the College and causes a slow coagulation of the rodents blood which, after seven or eight feedings, stops the flow of blood through the system and thereby causes the death of the rodent. 100 pounds of rat poison will be available at the City Hall free of charge for people to use in their homes according to Raymond Rogers, College Station city manager.

Application of the poison will be supervised by L. E. Winder, sanitary inspector of the college. Colonel Boatner urges the campaign be given careful and serious attention by all responsible parties and agencies in the community as the success of the campaign will be negligible if the rats are exterminated in one area and are allowed to inhabit other areas and thus return later to their old haunts.

Poll ---

(Continued from Page 3)

are Texas, Princeton, Illinois, Tennessee and Michigan State.

Oklahoma, which Saturday whipped Kansas, 33-13, entertains mediocre Missouri this weekend. Army, sporting an undefeated string of 27 games, goes to Palo Alto for a tiff with twice-beaten Stanford.

California, by blasting UCLA, 35 to 0, moved up from sixth to fourth. It looks like Pappy Waldorf will have another Rose Bowl crack at the Big Ten on Jan. 1. Next for the Golden Bears is San Francisco.

Kentucky dropped a peg to fifth, despite its 48-21 romp over Mississippi State. North Dakota will study the bait Saturday for Babe Parilli, Inc. On the other hand, Princeton, Illinois, Tennessee and Michigan all moved up as Miami and SMU dropped out of the top ten.

The leaders, including first place votes, points and records: (Points figured on a 10-9-8-7-6-5-4-3-2-1 basis)

Guidance Testing Program Shows Students Aptitude

By WAYNE DAVIS

For many an Aggie, his eight hours of tests in the Guidance and Testing Clinic may be the most important eight hours of his life.

The clinic, located in the old Campus Corner Building just across the street from Music Hall, has as its purpose the enlightenment of the student as to his real interests, aptitudes, and abilities.

Interpretation of tests, and counseling is done by A. E. Denton, Jr., director of the clinic. The actual tests are administered by Mrs. J. M. McKenzie, Mrs. Helen Ann Hardy, and Mrs. Felice Klien, psychologists.

Originally established in 1941, the clinic was taken over by the Veterans Administration in 1945. The program of testing and counseling is now open, at no cost, to any student, veteran or non-

What's Cookin'

AGGIE CHRISTIAN FELLOW-SHIP: Wednesday, 7:15 p. m., YMCA Cabinet Room.

BEAUMONT-PORT ARTHUR CLUB: Wednesday, 7:30 p. m., Room 301 Goodwin. Christmas dance details.

BOSQUE COUNTY CLUB: Thursday, Nov. 16, after yell practice, Room 225 Academic Building.

BRAZORIA COUNTY CLUB: Wednesday, 7:15 p. m., MSC. Social meeting.

BRUSH COUNTRY CLUB: Thursday, Nov. 16, after yell practice, Room 304 Academic Building. Party plans, bring picture money.

ECONOMICS SOCIETY: Thursday after yell practice, room 303 MSC. All student forum on economics courses. Freshmen and sophomores will be given advice. Plans for a social will be discussed.

FT. WORTH CLUB: Thursday, Nov. 16, after yell practice, Room 107 Biological Sciences Building.

HEART OF THE HILLS CLUB: Wednesday 7:30, Room 203 Academic Building.

HILLEL CLUB: Wednesday, 7:15, room 2B MSC. There will be a speaker.

JOHNSON COUNTY CLUB: Thursday after yell practice, Room 226 Academic Building.

PANHANDLE CLUB: Thursday after yell practice, Room 103, Academic Building. Set date for party.

ROBERTSON COUNTY CLUB: Thursday, 7:30 p. m., Room 2A MSC.

TYLER CLUB: Thursday after yell practice, First floor Academic Building. Plans for Thanksgiving party.

veteran, who applies for it. There are eleven different types of tests given, among them tests of manual dexterity, mechanical ability, reading and vocabulary, clerical aptitude, and intelligence. Each classification has several sub-classifications based on the apparent ability of the applicant.

Should a student make an abnormally high grade on one test, he may be given a more difficult one to better indicate his real ability in that field. The entire series of tests requires eight hours of completion, but they need not all be taken the same day.

There is no loss in accuracy if the tests are spread out over several days.

Almost every conceivable precaution is taken in the tests to insure accuracy. In the Personality tests, there are carefully hidden check questions to check on how a student would really react in a situation in which he may not himself be certain of how he would react. There are comparable questions in the Interest and Clerical Aptitude tests.

Surprisingly, Denton says, few students apply for the testing service until in trouble scholastically. Frequently a dean will advise one of his students to take advantage of the tests, although it is not compulsory to do so and, whether he takes it or not, it will not affect the student's scholastic record.

Not so surprising, in a very high percentage of cases the tests indicate that the student is not in the field in which he has the greatest aptitude.

Fortunately, not only do the tests show that a student has chosen the wrong field. After a personal consultation with the Clinic's psychiatrists and a careful study by Denton of his test results, an applicant can almost invariably be directed into a much more likely field.

Frequently, the indicated field is one which he has previously considered and discarded as a profession. "These tests are merely indica-

tions," Denton says, "and they are not infallible. Even though a student shows a decided lack of aptitude in his chosen field, if he is really eager to succeed, he stands an excellent chance of doing it by a great deal of study and hard work."
