Nation Counts Blessings

By ASSOCIATED PRESS

Americans pause today in a world of turmoil and uncertainty to thank God for their blessings and to pray for peace.

The peace prayers were requested by President Truman, who in his Thanksgiving proclamation entreated his fellow countrymen to offer petitions for peace "in church, chapel and synagogue, in their homes and in the busy walks of life, every day and everywhere."

Thanksgiving Day finds many Americans far from their homes in uniform-fighting aggression in Korea, stationed at far flung outposts from the equator to the arctic, or training against any grim eventuality that may be lurking in the future.

The armed services planned to serve mouth-watering dinners to the troops, even those within a few thousand yards of the front lines.

A 35-pound tom turkey headed the menu at Blair House, temporary home of the Truman family. The president had no announced plans other than a quiet holiday and a 1:30 p. m. Thanksgiving dinner with Mrs. Truman, their daughter Margaret, and Mrs. Truman's mother, Mrs. David Wallace.

The weather over most of the nation had a wintry touch, with a cold wave moving in on the mountain and plains states, and snow or rain forecast for much of the North Central United States.

As an echo of the double Thanksgiving mix-up of Roosevelt days, some sections were celebrating not only today but next Thursday too.

One of these areas is Texas, whose Governor Allan Shivers observed that a Texan has twice as much to be thankful for as other Americans.

Veteran Baptist Minister Feted Here Tonight

Citizens of College Station, the Ministerial Alliance, and students of the College will honor Rev. R. L. Brown at 7:30 p.m. with a reception and special service in the First Baptist Church of College Station.

The program, directed by the Rev. Norman Anderson, pastor of the A&M Presbyterian Church, will pay homage to the Baptist minister of College Station. The Rev. Brown has ministered to the college residents for the past 30 years and is credited with "pushing" the building of the Baptist Church.

Included in the assemblage will be representatives of several groups of the city, students of the College, women of the community, local Baptist clergy, the city mayor, and guests from all parts of the state. Purpose of the ceremonies will be to recognize the work and accomplishments of the minister.

Refreshments will be served at the informal reception, at which six memorial 75th anniversary plates will be presented Rev. Brown. He will go into semi-retirement sometime in the near future.

All Baptist students have been extended a special invitation to attend, according to Rev. Anderson.

Striking Police Back to Work, City Honest

Stamford, Nov. 23—(AP)—Stamford's police force was back on the job today.

Six policemen—all of the force except Chief of Police George C. Flournoy—quit yesterday after demanding more pay.

Flournoy today gave them all an opportunity to go back to work at an increase of pay from their present \$185 a month to \$200.

The city council authorized the increase at a special session.

The morning shift went on about noon. The evening shift at 4 p.m. brought all back. The 12-hour work shift was left unchanged, Stamford Mayor W. C. Markham said.

Parking meters operated on the honor system before the policemen came back. Stamford continued its law-abiding ways without incident. County and state officers patrolled the city.

Baah Counselor In Oil Training

E. L. Baah, coordinator of Supervisor Training for Texas Engineering Extension Service, is conducting the first of a series of supervisory training courses for the Republic Oil Refining Company in Texas City. The course will be held Dec. 15-16.

The 60 supervisors enrolled in the course are divided into four groups. Four of the "top" men of the company have been selected to serve as counselors for the group. Mr. Baah conducts all four groups.

Foreign Students To Organize Club

Iraq, Paraguay, India, Mexico, Canada, and many other foreign countries will be represented in the United Nations Club which is to be formed Friday night at a meeting in the YMCA chapel at 7:30, M. L. Cashion, YMCA director, said today.

Election of officers will be held in which 23 nations are to be represented. The election is to be conducted in the same manner in which the United Nations hold their elections. The president will be elected, who will then choose his cabinet. Together they will hold office for a month.

The object of the club will be to foster understanding between nations through members becoming better acquainted with each other and with the several nations. Being an international club, not to be dominated by any group, faculty and native student members will be restricted to a maximum of 50 per cent of the total membership, Cashion pointed out.

Assassin Suspects Held in New York

New York, Nov. 23—(AP)—Two top officials of the Puerto Rican Nationalist party in New York were arrested last night as the possible brains behind a recent plot to assassinate President Truman.

Two Nationalist gunmen stormed Blair House in Washington Nov. 1 but were cut down by guards' bullets before they could get to the president. One gunman and one guard died in the duel.

The Nationalists are a radical Puerto Rican group who demand full independence from the U. S. They recently sparked an armed uprising on the island.

Arrested today were Julio Pinto Gandia, 42, a veteran terrorist and New York president of the Nationalist party, and Juan Bernardo Lebron, 28, a past president of the New York unit of the party.

More arrests may be in the offing, it was reported.
