Oden, Roberts Head CC Membership Drive

By ALLEN PENGELLY
Battalion City Staff

The fifth annual membership drive of the College Station Chamber of Commerce which began Feb. 1 will continue throughout the remainder of the month, said Joe Sorrels, president of the chamber.

Co-chairmen for the drive are Ray Oden and J. E. Jocko Roberts. Oden will be responsible for the commercial memberships while Roberts will head the individual and husband-wife memberships.

To become a member of the College Station Chamber of Commerce, with full privileges, one must be a resident or businessman of the city and must be interested in the improvement of the social and civic conditions of the city.

Membership Costs
The cost of membership in the civic organization is five dollars for the individual and six dollars for the husband-wife combination membership. The minimum cost for a commercial membership is \$10. The suggested rates for a commercial membership vary between \$10 and \$100, depending upon the size of the business and its ability to pay. The average membership for last year was \$22.50.

The goal of this year's drive is 500 members. In 1950, there were 255 members divided as follows: 61 commercial memberships and 194 individual and husband-wife combination memberships.

All work done by the Chamber of Commerce is by voluntary workers. This accounts for the administrative costs being only 4.5% instead of the customary 5% suggested budget.

Expenditures Totaled
Of the \$3,752.83 received from last year's drive, the total expenditures of the organization were \$3,440.60. This money was spent through the various committees for education, membership, recreational facilities, business development, public health, legislation, office expenses, publicity, civic development, and city planning.

Members of the Membership Drive Committee are Hershel Burgess, Earl Cunningham and Mar-

Meeting the gang to discuss a quiz—a date with the campus queen—or just killing time between classes—Brooks Student Store at Stillwater, Oklahoma is one of the favorite gathering spots for students at Oklahoma A & M College. At Brooks Student Store, as in college campus haunts everywhere, a frosty bottle of Coca-Cola is always on hand for the pause that refreshes—Coke belongs.

Official Notice
Because there has been a change this year in the Air Force ROTC summer camps, there naturally has been some doubt in the minds of some Army cadets whether or not there will be a camp for them this summer. The following information has just been received from Headquarters Fourth Army:

"Attendance at ROTC summer training camps for advanced course ROTC students scheduled to attend camps will take priority over any other army camp attendance."

The above proves that as of now the Army does contemplate a summer ROTC camp.

Scout Week Set For Feb. 6-12

College Station and Bryan Scouts will join the observance of the 41st anniversary of the Boy Scout Movement scheduled for Feb. 6-12. Among other things, scouts will help with the nation-wide "good turn" to meet an emergency need for clothing in several countries around the globe.

Nation-wide good turns of this character have had a prominent place in Scouting's forty-one year history during which more than 17,750,000 boys and leaders have been identified with it. Brazos County has 21 Scout units serving more than 600 boys of all ages.

The first National Good Turn in 1912 promoted a safe and sane fourth of July. Boy-come, trained and organized for service came into full play during the first World War. Scouts then sold nearly \$150,000,000 in Liberty Loan Bonds, located 20,758,660 board feet of sorely needed walnut and a hundred carloads of fruit pits used in gas masks. They helped in food and fuel conservation drives and

grew thousands of Boy Scout War Gardens.

In response to a radio call from President Roosevelt in 1934 for a "National Good Turn" in relief work during the depression, Boy Scouts in a few weeks collected 1,812,284 items of clothing, household furnishings, foodstuffs and other supplies for the needy and distressed.

From 1941 to 1945 the Government made 69 requests for Boy Scout war service including the distribution of Defense Bonds and Stamp Posters, air raid posters and other Government literature and the collection of aluminum and rubber. Scouts also served as government dispatch bearers and helped harvest crops in addition to raising victory gardens.

During this time, the Boy Scouts of America also planned and carried out several drives for scrap newspapers and magazines which resulted in the collection of thousands of carloads of the badly needed paper for war industry.

All De Molays and Masons are invited, Wright added.

There are now 75,696 Units of Cub Scouts and Explorers in the Boy Scouts of America.
