Rutledge and Stewart Win Phone Popularity Contest

Joyce Stewart and Jerry Rutledge are winners in the Telephone Personality Voice Contest that closed yesterday at noon.

To declare one the winner over the other would not be fair to either, for during the past week the votes have seen-sawed back and forth with first one and then the other being a few votes in the lead.

Jackie Hayes was a late entrant, but climbed steadily in the voting to take a strong second place. Helen Hoy came in third only a few votes ahead of Marie Moncrief. Other girls who were nominated and in the running were Gloria Trevino, Jerry Hott, Jeanne McCullough, and Jane Williams.

Jerry answers the telephone for the "Photographic and Visual Aids Department," and she estimates that she speaks this into the telephone between 50 to 75 times daily. In addition, she sees an equal number of people personally. Between answering the telephone and talking to customers in person, Jerry serves as secretary and bookkeeper for the department.

She was nominated for Miss Telephone Personality by her employer, Howard Berry, and her votes came from faculty, staff, students and student wives who have enjoyed her constant good humor and spirit of helpfulness over the telephone and in person.

Jerry is the wife of senior animal husbandry major, Bill Rutledge. She has been answering "Photographic and Visual Aids" into the telephone for two years and eight months now, since she came to work for Mr. Berry in the summer of 1948. She plans to hold her job until Bill graduates this June.

Jerry came to Aggieland from Waco where she attended Baylor University and held jobs with Bluebonnet Ordnance Plant, General Fire and Rubber and Great Southern Life Insurance Co. Her home is in Rotan, in West Texas.

Next to her job and her College View home, Jerry lists her favorite activities as voice, dramatics, swimming and going to movies. Last summer Jerry played the role of Lolita in the summer production of "Rio Rita." At Baylor she majored in business administration, and minored in speech. And at any time when Bill doesn't have a major quiz scheduled, the two of them can be found slipping off in the evenings to a movie.

Jerry Rutledge

Joyce Stewart

Bill says that Jerry is a marvelous cook, a good housekeeper and "more fun than anybody else I know on a party."

Call 6-1042 and a voice says pleasantly "Good Morning, this is the Agronomy Department." That voice belongs to Joyce Stewart, the other winner of the contest.

Joyce, a five-foot-four brown-eyed brunette looks more like a co-ed than a "settled married lady," but since Christmas Eve of '46 she has been the wife of J. C. Stewart of Waco. Jay, as Joyce calls her husband, is an electrical engineering major at A&M. The couple has called College Station home for the past year and a half, and will continue to live here for "about two more years," until Jay finishes his college work.

The former Miss Boles of Waco, Joyce graduated from Waco High School and worked with an insurance company for six months before she became a bride.

For the past year and a half she has been doing secretarial work with the Agronomy Department. She estimates that she answers from 40 to 50 calls daily. Joyce was nominated by Dorothy Copeland who works with her, and votes came from all her co-workers, plus many outsiders, to place her as one of the winners.

Joyce's favorite way to spend time is in romping with her husband and young son, two-and-a-half year old Steve. "Steve," she says, "is destined to be an Army child. He was born in Biloxi, Mississippi where Jay was stationed with the Air Force. Then we

came to Aggieland with him."

Pretty Mrs. Stewart loves to sew, designs most of her own clothes, and likes to keep house. Before she came to Aggieland—"back when I had some time to call my own"—Joyce excelled in tennis, swimming and horseback riding.

Jay, who has also held jobs (in addition to his studies) to augment the family offer, says that if there were contests for most beautiful wives around here, he feels that Joyce would win, hands down. After meeting her, we're inclined to go along with him.

Second place winner Jackie Hayes is the wife of pre-vet major, Charles W. Hayes. She is switchboard operator with the Memorial Student Center where she has been employed since October. Jackie's home is in Omaha, Nebraska, but she has been an Aggielander for two years now.

At her MSC switchboard post, Jackie usually is saying, "Good morning. This is the MSC." This goes on endlessly, and through it all Jackie maintains her "what can I do for you?" tone of voice to the extent that she pulled votes from co-workers and numerous students.

Before her marriage Jackie was a Omaha University co-ed. There she was studying to be a nurse. "That," she says, her blue eyes twinkling, "was before we came along."

Reading is Mrs. Hayes' favorite pastime and her favorite sport is bowling, though she says she doesn't find too much time for either any more.

Jon Whitcomb, in his page in Cosmopolitan Magazine, says that in judging of beauty contests he finds the most beautiful girls always come from Texas. This is a condition of which we'd been long aware, but it's nice when ever so often a recognized beauty authority says so.

Among the recently engaged couples is Russ Hagens, senior architect major and Helen Woodard of Houston. Helen is a senior at Houston's Milby high school. She was runner-up in the Anniversary Queen contest, was sweetheart of the Armor Engineering Regiment and has won many other beauty titles. . . . Come fall she will join Aggielanders as Mrs. Hagens, and become a lovely addition to student wives. . . . The couple met last year at the Cotton Ball.

Another recent engagement features Dorothy Jo Koon of Honolulu, Hawaii and Maurice Thomas Dobbs, a senior petroleum engineering student. Dottie is a graduate of Roosevelt High School in Honolulu, and now is studying business administration at Baylor University. The wedding date is set for March 17.
