

# Garden Club Ends Forum

Fundamentals of plant growing in the home and garden were studied in a three-day forum held Wednesday, Thursday, and Friday in the Memorial Student Center.

The meetings were sponsored by the A&M Garden Club as a Forum for Home Gardeners.

A. F. DeWerth, head of the Landscape Art Department, conducted the lectures and lab periods which were held from 9 until 11 each morning and 2 until 4 each afternoon. Advanced students in

the Landscape Art Department helped demonstrate various stages of propagation in the lab periods.

### Thirty Ladies Attend

Approximately thirty ladies from the A&M Garden Club attended the meetings.

Pamphlets and mimeographed copies on subjects such as garden soils, soil reaction, parent propagation, plants in the home, and flower gardening fundamentals were furnished to members of the forum. Also demonstrations were made on the latest gardening machinery such as the most modern lawn-mowers, watering devices and seed planters.

At today's meeting, W. M. Ruff and R. E. White, both of the Horticulture and Landscape Architecture Department, further demonstrated the fundamentals of landscape planting and propagation through models, projection slides and lecture.

"This was the first of a series of Forums for Home Gardeners," said Mrs. D. W. Williams, member of the group.

### Meetings Educational

She added that the meetings and the labs were most educational and the ladies attending the meetings were very interested in holding future forums of this type.

The purpose of this first forum was simply to acquaint the members of the club with the fundamentals of gardening and propagation," Mrs. Williams added.

Dates for the future meetings have not been set, but it has been planned that the next meeting will deal with intermediate principals of landscape planting and propagation, and that the third meeting will involve the more advanced principals and practices of these subjects, she said.

If only they could go through life that way! If our children could **always** face the difficult steps hand in hand with Mother and Dad.

But our children grow up and walk alone. And much as we would, we cannot always be near when the road is steep and strange. We cannot always teach the lessons that have to be learned, or answer the questions that have to be answered, or dry the tears that have to be shed.

But this we can do . . . we can give our children a Strength that will always conquer fear . . . a Truth that will always answer mysteries . . . a Comfort that will always heal sorrow.

We can bring our children to the Friend who walks hand in hand with men . . . who loves and leads forever.

Parents! The Church is your servant in teaching your children the Truth and Faith that will become their most treasured possessions. And the Church is the servant of Christ in bringing you and your little ones to Him.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend service regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.
