

# Rotary Talent Show Curtain Rises at 8

The curtain goes up tonight at 8 p. m. in the Stephen F. Austin High School auditorium for a new edition of the annual College Station-Bryan Rotary Club Variety Show.

The show, which features 52 performers, went through final dress rehearsals last night in preparation for the Thursday, Friday showings.

Ticket sales chairman, E. H. Utzman and J. E. Bethancourt, said ticket sales have been very good, but duets still are available at Jones Pharmacy, Coronet Company, First State Bank, W. S. D., and Waldrops in Bryan, and at the Memorial Student Center at College Station.

Profits from the show are to be used totally for the furtherance of Rotary's local civic enterprises, according to Joe E. Vincent, club president.

Many of the 52 performers are prominent in the business, civic and educational life of College Station and Bryan. Each of Rotary's 120 members has an assigned job, including tasks from overall boss, Dr. W. H. Ritchey, to head usher, A&M's President M. T. Harrington.

Bryan and College Station are fortunate in having a large number of men and women residents with outstanding entertainment talent, said Dean Howard W. Barlow, production manager for the show. Rotary has drawn freely upon these people for the 15 acts in the show, he said.

Greene Buchanan, stage manager for both the 1950 and 1951 shows, had this to say about tonight's performance: "Last year's show was very good, but the one this year is far better."

# Study Club Names School Poster Winners

First grade pupil James Baldauf, of Consolidated Elementary School, and seventh grade pupils Augusta Whitfield and James Grays, of Lincoln School won first place in the poster contest conducted this week by Campus Study club, announced Mrs. D. D. Burchard, publicity chairman.

Bobby Parsons, fourth grader, took second place in the Consolidated division with honorable mention going to Terry Curran, third grade. Fifth grade pupils Essie Banks and Nathaniel Brown were awarded second prize for Lincoln Division and Armour Lee McCarvey received honorable mention.

Mrs. E. R. Alexander and Mrs. J. S. Mogford judged the posters now on display in College Station business houses. The cartels advertise the library benefit project which the club will sponsor March 10 at Consolidated School. All proceeds from the project, including a square dance, card party and book review, will be used to purchase new books for the Consolidated and Lincoln school libraries.

# Sheba Sheds Jungle Law Drops Star To Low Role

Detroit, Feb. 22—(AP)—From the tinsel glory of the circus ring to the humble role of a rug.

That's the fate of Sheba, the young tigris bitten to death by "Prince," a lion, in the Shrine Circus Monday.

Detroit Shriners obtained the dead Sheba from animal tamer Clyde Beatty, and took her to Al Helde, a taxidermist in nearby Pontiac.

"First tiger we'd ever skinned," he remarked. "There aren't many around these parts."

# Bible Chair Head To Conduct Study

The Rev. Arthur M. Smith, head of the A&M Baptist Bible Chair—located in the Baptist Student Center, conducts Bible study each Thursday night at Aggie Vespers.

According to Eddie Apel, Vesper vice president of the BSU, the book of Colossians is currently being studied.

Aggie Vespers, held at the BSC, one block north of the Post Office, consist of a seminar Monday, a devotional service Tuesday, Bible study Thursday, and a guest speaker Friday night.

Greene Buchanan, stage manager for both the 1950 and 1951 shows, had this to say about tonight's performance: "Last year's show was very good, but the one this year is far better."

# Kiwanians Slate Sixth Children's Clinic Here

By LEON McCLELLAN

One hundred fifty children are expected for the sixth Annual Crippled Children's Clinic on March 7, announced Dr. Dan Russell, chairman of the Kiwanis Club Crippled Children Committee.

Children from 11 counties will be examined and diagnosed at the clinic by specialists, who will recommend whether treatment will or will not help the children.

Among those who will give their time and services to the clinic are Dr. Herbert E. Hipps, head of the crippled children's hospital in Waco; Dr. G. W. N. Edgers, head

of the crippled children's section of the Orthopedic Surgical department of the Texas Medical School in Galveston; Dr. William Ainsworth, Dr. Edger's assistant; and Dr. T. G. Blocker, Jr., head of the plastic surgery department of the Texas Medical School in Galveston.

**Pediatrician and Psychologist**

With these specialists will be a pediatrician (baby specialist) and a psychologist, Dr. Russell added.

Last year, he said over 200 children were taken care of, most of which came with their parents, but many who were brought by teachers, ministers, Sunday school teachers and friends.

"Within one week jars will be placed in stores and other public places for donations to the local organization," Dr. Russell said.

"Last year," he added, "the jar placed in 'The Cave' in the YMCA had the largest amount contributed. This year we will place five jars in the Memorial Student Center."

The clinic is held in the basement of the College Hospital, and he asked that all persons be registered for it before noon on March 7.

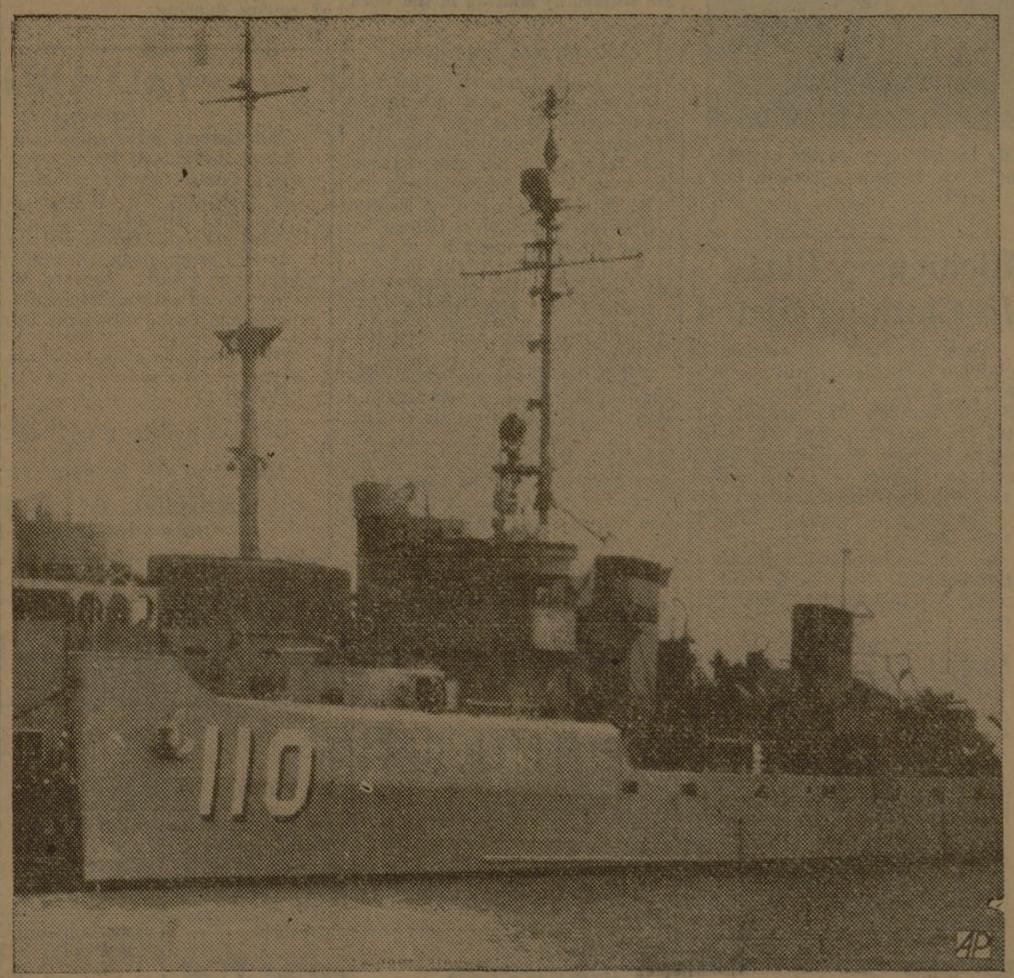

**Community Groups Help**

Each year women's groups, clubs, societies, welfare organizations and other religious and missionary groups are invited to help with the clinic. Last year, Dr. Russell added, approximately 50 women helped.

Members of the State Department of Vocational Rehabilitation will be here to interview persons desiring to learn more about the rehabilitation programs offered to crippled people.

The Bi-County Medical Association has given its backing to the clinic, as have other organizations like the Texas State Crippled Children's Society, the Brazos County Health Unit and the Crippled Children's Division of the State Health Department, Dr. Russell said.

# Out of Mothballs

The Famous USS Revenge, Navy Minesweeper which led the way into Tokyo Bay at the end of World War II, has returned to sea duty. The ship was taken out of mothballs and re-commissioned at Orange. On Aug. 28, 1945, the Revenge led the way for larger ships entering Japanese waters to receive the surrender delegation.

# Dancing Class Registration To Begin Feb. 26 in MSC

New dancing classes will be organized from Feb. 26 to March 5. Classes for beginning, intermediate, and advanced students will begin on Monday, March 5. Miss Betty Bolander, assistant social director of the MSC, announced yesterday. Students interested in these classes may sign up for the lessons at the front office of the MSC.

Beginning students will learn the foxtrot, waltz, and other basic dance steps. The intermediate classes, organized mainly for those people now taking beginning dance and for those people who know how to dance but would like to brush up on their steps, will teach the samba, rumba, and such other of the more advanced steps as the class members desire.

The students in the advanced course will also decide which steps will be studied.

Each class has twenty students and meets once a week for 45 minutes for ten weeks. Fee for each of the courses is \$1.50.

Classes for married couples will also be held in response to a demand by wives of students for improvement in the dancing techniques of their spouses.

Mrs. Clara Howard and Mrs. Lanelle Hageimer, now instructing the 230 students currently enrolled in the dancing classes, will continue to provide the instruction for the students.

**Cafeteria Rated Tops In Cleanliness**

The A&M Consolidated Cafeteria last week was rated one hundred per cent in cleanliness by the state inspector.

This cafeteria, operated on a non-profit basis, provides lunches for grade and high school students for 25 cents per child.

Menus are planned and the food preparation supervised by Mrs. W. K. Frey, teacher of homemaking at Consolidated.

Mrs. Frey today released her menu plans for next week.

Monday the cafeteria will serve Spanish rice, green beans, lettuce wedges with thousand-island dressing, peanut butter, bread, milk and apples.

Tuesday the menu will consist of hamburgers, grapefruit-apple salad, milk and peanut butter cookies.

Scalloped potatoes with cheese, black-eyed peas, carrot sticks, cranberry sauce, bread, milk and ice cream will comprise Wednesday's fare.

# Civil Service Openings Announced

The U. S. Civil Service Commission announced this week examinations for filling vacancies in the position of engineer, Junior Scientist, and State Program Specialist are now being held.

The salaries for these positions are \$3,100 to \$6,400, \$3,100 to \$3,825, and \$3,825 to \$5,400 a year, respectively.

Employment for the Engineers and Junior Scientists will be with Federal Agencies in the state of Texas while employment for the State Program Specialists will be with the Department of Agriculture in the states of Arkansas, Colorado, Kansas, Louisiana, New Mexico, Oklahoma, and Texas.

Also available are open competitive examinations for clerical positions with the Texas State Dept. of Health. Applications and information may be obtained from Merit System Council, 805 Littlefield Building, Austin 15, Texas.
