Fifty-seven representatives from 33 Bryan and College Station organizations attended a meeting in the Bryan City Hall to set plans for this year's chest X-ray drive.

The group also discussed a bill which would change the present unsalaried nine-man state board for hospitals and special schools for TB. The local association is opposed to a bill now in the senate which would set up a three man council with salaries.

## Kite Tourney Prizes, Rules Are Announced

Winners in the College Station Recreation Council's annual Kite Contest to be held Saturday morning will receive numerous prizes donated by College Station merchants.

Among those prizes are theater passes, a swimming suit, a soft ball, a pocket knife, a model airplane, a billfold, "T" shirts and candy.

## Chairmen Named

College Station committee chairmen named at the meeting included J. B. Baty, chairman of the health committee of the College Station Chamber of Commerce and Development Association, and W. L. Penberthy, dean of men at A&M. Baty will serve as director of the survey in the city of College Station proper while Penberthy will handle arrangements on the A&M campus.

## Health Report

### Chicken-Pox Cases Said Fewer Here

The number of chicken-pox cases in College Station and Bryan dropped from a reported 141 on Feb. 24 to 53 cases for the week ending March 10, announced Dr. David E. Brown, director of the Brazos County Health Unit.

Dr. Brown said chicken-pox is on the decline, several cases of influenza have been reported in the county 21, of which are in College Station. Influenza will fluctuate, he added, but it will drop when the weather warms up.

# Senate Group Supports Home Rule City Curbs

By BO BYERS  
Austin, March 15.—(P)—A bill to prevent cities from "grabbing" new territory had strong support from the Senate State Affairs Committee yesterday.

A hearing, most of it devoted to opinions, ended in 12-5 approval of the measure by Jimmy Phillips of Angleton.

Phillips said annexation practices of many home rule cities amount to "legalized plunder."

"Cities now annex you while you sleep and have a tax collector at your breakfast table the next morning," he asserted. He said they annex for revenue purposes without providing services and benefits in return.

## Hamstring Growth

City officials of Houston, Pasadena, Austin, Dallas, San Angelo and Texas City said the bill would hamstring the growth and orderly development of cities.

## St. Patrick Theme For MSC Dance

St. Patrick's Day will be the theme for the All-College dance in the MSC ballroom, Saturday night at 9.

The Glenn Dewey Combo will provide music for the dance. During intermissions, three student performers will give special entertainment, according to Betty Bolander, assistant social and education director of the MSC.

The dance will honor married couples and members of the Texas Interscholastic Student Association, who will remain in College Station for the weekend.

Sponsors for the dance are the MSC Dance Committee and the MSC Publicity Committee. Dance co-chairmen are Arnold Schmitz and Carlos Reyes.

ices and facilities . . . to substantially all of (annexed) territory within the taxable year" following the date of annexation.

They rapped another part of the bill allowing court suits of validity of annexation proceedings to be brought as late as four years after the annexation. They said it would subject a city to thousands of lawsuits.

## Under Bonds

"It would be difficult for a city to tie bonds for development of annexed territory because of the deal of bond buyers that a jury of 12 men would throw out the validity of annexation four years later," City Attorney Earl Smith of San Angelo said.

Phillips' bill would not apply to cities of over 100,000.

## Called Lousy

Mayor Sam Hoover of Pasadena termed the legislation "a lousy bill."

The only witnesses for Phillips' bill were three men from Lamarque, an unincorporated area of some 8,000 population near Texas City.

## Engineer Meeting Slated for MSC

Two hundred guests are expected for the Engineer Week Observance reception in the Assembly Room of the Memorial Student Center from 4 until 6 p. m. today, according to W. E. Street, head of the engineering drawing department.

Guests of honor will be the Executive Council and their wives. Street said the Engineering Drawing Department will be open to the public, exhibits in Anchor Hall.

Also open for inspection will be the reproduction center where teaching aids are made, Street said.

## Nixon Charges Influence Sold To Committee

Washington, March 15.—(P)—Senator Nixon (R-Calif) declared today a federal employe described as President Truman's very good friend apparently "used his White House entree" to push a bid for a government loan.

Nixon said he will continue to insist that a Senate committee investigating "influence peddling" get to the bottom of the matter. The government worker's boss promised to help.

The committee, meanwhile, took behind closed doors for a few days its inquiry into the activities of "five percenters" who trade on influence in the defense contract field. Senator Hoey (D-NC), the chairman, said the committee staff needs time to study "several tips and leads" regarding such activities.

The five percent term has come to be applied to influence men who charge a fee, often five per cent, for help in getting government contracts for others.

The federal employe to whom Nixon referred is Joseph Major, who works for the General Services Administration (GSA). That is one of the government's biggest purchasing agencies.
