

# Golfers To Meet Baylor In Waco

By FRED WALKER  
Battalion Sports Editor

The undefeated but once tied Aggie Golf team will take a whack at its second conference foe tomorrow when they journey to Waco to meet the Baylor Bears.

"I think we can take 'em," said Aggie golf coach Gayther Nowell. "They only have one or two really good golfers. For the most part they are very young . . . not too much experience."

Nowell may have good reason to be confident for, as seen in the past, anyone opposing the A&M golf team must have experience—or else. Only one team has come close to whipping the Cadets this year that was the Rice quartet—and they brought the Southwest Conference individual champ, Buddy Weaver, with them.

Although it is not one of the major sports at A&M at present, the Golf team has been playing like champions all the way.

The first four times out the Aggies won going away—two were shutouts. Twice A&M has taken the measure of the University of Houston and twice they have whipped the knickers off them, one was a shutout.

Another Blank  
St. Edwards of Austin was the second team to be blanked by the Farmer linksmen and Hardin-Simmons was the fourth victim.

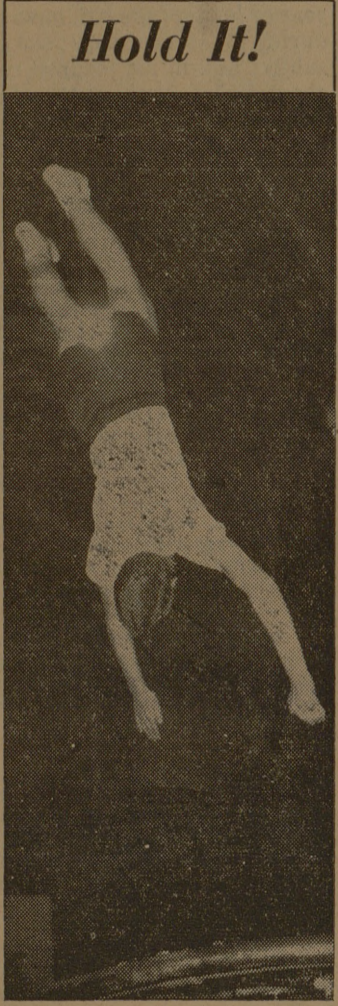

The 3-3 tie played with Rice last week on the Bryan Country Club Course could almost be called a moral victory for the Aggies for in many circles the Owls are considered "the team to beat" in the SWC.

Members of the Golf team are Bob Dahoney, Tony Guerrero, Johnnie Barrett and Bill Baker. When asked if he had rated his men this year, coach Nowell said "Yes."

"I rate Dahoney as the number one man . . . Guerrero second . . . Barrett third . . . and then Baker." But then he added with a laugh, "Change these things around, although. In this match at Waco Baker will probably be the number one man."

The Playoffs  
The Aggies have only three games left, after they play Baylor, before the Southwest Conference Meet May 11th and 12th on the A&M Memorial Course fairways.

On the 20th of this month the team will go to Austin to clash with Texas. Seven days later, SMU will provide the competition at College Station. The last dual meet will be May 4th when the Cadets invade Fort Worth to take on the Frogs at Colonial Country Club.

# Net Team Host To TCU Aces

"Were supposed to win, but I don't know if I ought to say it."

Tennis Coach W. M. Dowell said it with a laugh, but you may be sure that there won't be any joking when the Aggie tennis team takes the courts against the Frogs from TCU tomorrow afternoon.

This will be the second conference game of the season for the Cadet netters, and it will be played at College Station.

The last time out, A&M was downed by a powerful SMU aggregation 4-2 in a game which saw the No. 1 seeded Aggie, R. G. DeBerry, fall before the terrific onslaught of Pony Kenneth Crawford, 6-3 and 6-1.

In the No. 2 singles, however, Eugene Letsos overran Dan Stansbury of the Ponies, 6-3 and 6-0.

The other A&M victory was in the No. 2 doubles match when Letsos and Dick Hardin took Don Burkett and Dan Stansbury.

The Aggies will meet some stiff competition from at least one Frog tomorrow. Dixon Osborne, a former high school champ, is very highly regarded in tennis circles, and has yet to be defeated this year.

The Cadets, represented by DeBerry, Letsos, Hardin and Royce Tate, have tied in their matches with Southeastern College and the University of Houston while dropping before singles matches to Houston and SMU.

# A&M Bowling Club Host To Bowlers

The Aggie Bowling Club will be busy playing host to five kegger teams this weekend during the Second Annual Southwest Conference Recreational Club Meet.

Competing for bowling honors will be teams from the University of Texas, the University of Houston, Southern Methodist University, Baylor University and A&M.

The five teams will be composed of five men each. Both singles and doubles matches will be entered and play will start at 1 p. m. both Saturday and Sunday.

The five-man A&M bowling club which will enter this Interscholastic Bowling Tournament is sponsored by M. H. Butler of the Economics Department.

# Courses Will Be In Top Shape For SWC Golf

The Texas A&M Championship Golf Course, called by one professional golfer "... a real test of golfing . . .", is now being readied for the Southwest Conference Golf meet to be held May 11th and 12th.

A maintenance crew of six have been working steadily on three different greens in order to have the course in tip-top shape by competition-time.

The course, which was officially opened Dec. 8, has met with fair success so far. It must be remembered that continued bad weather has prohibited play a great deal.

Joe Fagan, pro manager, reported that 4925 people have played the course since it was opened to the public, Dec. 9. Thirty eight hundred of that number were students, while faculty and guests played the remaining 1125 rounds.

Par has been attained twice on the Championship Course. Aggie-Ex Bart Halton of Bryan, now a professional, broke the magical 72 last March.

Billy Baker, a member of the Aggie golf team, was the other man to break par.

When Lucille Mann, several times Curtis Cup team member, shot eighteen holes over the new course, she emphatically told Fagan:

"This is a fine course, and it offers a professional a real test of golfing."

The young and glamorous Bauer sisters, Alice and Marlene, were present for the opening ceremonies. They played eighteen but neither were able to par.

The course's pro shoj, said to be the finest in the South, is able to supply amateur and pro with any and all equipment, and is the pride and joy of Fagan.

Ira Goodlett, also was pressed but came out victor in two straight tilts by defeating last year's Freshman Champ, Thomas Mondshine. The last game between these pingslashers was a close match in which Goodlett, employing an abundance of "english" disposed of the hard-slashing Mondshine.

# Campus Interviews on Cigarette Tests

Number 17... THE OWL

"So I'm a wise guy — so what?"

"Speotyto cunicularia" — Speo, for short, majors in the classics. But in this case, he's dropped his Latin leanings and slings American slang with the best of them. He comes right out "cum loudly" whenever he voices his opinion on these quick-trick, one-puff cigarette tests. They're a snub to his high I.Q.

He knows from smoking experience there's just one intelligent way to judge the mildness of a cigarette.

It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels as a steady smoke — on a pack-after-pack, day-after-day basis. No snap judgments needed. After you've enjoyed Camels — and only Camels — for 30 days in your "T-Zone" (T for Throat, T for Taste), we believe you'll know why . . .

More People Smoke Camels than any other cigarette!
