Watch The Birdie

Mark Karr

Through Mexico

Artist Plans Bicycle Trip

By BRYAN SPENCER

"Care to sit and have your picture drawn? It will only take a few minutes."

These words come from a small, short, mustached fellow in dapper dress. Now you remember! He is that artist in the MSC, the one you watch sketch a buddy but didn't quite have the necessary time to have one done of yourself.

If you looked closely, you saw that his name, Mark Karr, was on his easel.

Overlooking the fact that he calls California home, Long Beach to be exact, and that he uses to operate a portrait studio there, it seems that Karr is traveling around the country doing the type of work that he is now engaged in at the MSC, although he usually stops in resort towns and opens up a studio or works in the lobby of a hotel in such towns.

Moving a little closer, we found out that Karr spent seven years earning a living drawing before he took any lessons. Since those first seven years, he has studied at the Chicago Art Institute, and at the Academy De l'Etude in Paris.

After his many years of experience, Karr says that the "quick sketches" that he is now doing are

a result of "study, observation, and practice."

Also, on the bulletin board is a sketch of the first Aggie he drew upon arriving on the campus, Charles Stiefel. Along with these is a character sketch of some other Aggie.

On leaving A&M, Karr hopes to take a trip down through Mexico and Central America on a bicycle and do paintings of scenes as he goes.

Fish-Game Group Planning Exhibit

Live alligators, eagles, and owls will be displayed in the Wildlife exhibit on Open House Day this year, it was decided at a meeting of the Fish and Game Club Tuesday night.

John Harris, president, announced that his display committee will have a large supply of various mammals, fish, birds, and reptiles.

An aquarium, he added, will be donated by the Texas Game, Fish, and Oyster Commission.

The wildlife exhibit has always been one of the bright spots in the Mother's Day displays and should be even better this year, concluded Harris.

Father Has Troubles With Five Kids Now; More Ahead

Cleveland, April 5—(AP)—This poor father has to baby sit with his five kids and make preparations for six more expected any moment. And his wife struts about and gives him no help whatsoever. He doesn't complain, though, maybe because he's an emu.

An emu is an Australian bird similar in appearance and size to an ostrich. The over-worked papa lives at the Cleveland Zoo and has had to sit on the eggs ever since his wife grew tired of the job two months ago.

Five of the eggs already have hatched and the tiny chicks are loud and lively.

The School of Military Science and Tactics is studying the advisability of offering one semester for credit of MS II and AS II to be completed during the two summer school terms of twelve weeks total to only those cadets who will be academically qualified for advanced contract next fall except that they lack only one semester of Basic Military Science. Accordingly, any student in this situation is requested to report in writing to his MS or AS instructor by 9 April 1951 whether he (1) will probably take or (2) will definitely take such a course, if offered. The report should also include expected academic standing (hours, grade points, ratio, classification, and major course) and completed Military Science semesters as of the end of the present spring semester. The feasibility of offering such a course can only be determined from a study of these reports.

It must be borne in mind that the spirit behind the offering of summer school ROTC work is to bring into step the academic and military instruction of our students or to shorten the duration of their college careers. The operation of the Selective Service Act and the reputation of this college makes us look with disfavor upon any innovation in our Military Science instruction which would prolong the college career of any individual beyond the normal duration.

You'd be a stronger man, a stronger woman . . . if you could read her mind!

Those worries and fears that walk forever with us . . . they would fall behind. The sorrows that seem an inescapable part of life . . . they would suddenly be far away. And all of the boredom and drabness of life that make each day too much like the others . . . they, too, would disappear. Today would seem a privilege—tomorrow, a promise.

If you could read her mind you'd be a child again! And as a child you'd kneel and really pray. You'd know it makes a difference when we believe in God. You'd know there is a Way through all the clouds of life. And though you might not know the meaning of the word—you'd have a faith that gives each prayer an Answer.

We cannot, nor should we want to be children again. But that faith, so real in childhood, can be found again in later life. And whenever we find it . . . we're stronger men and women!

The Church can help you re-establish that faith.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.
