

Fishing Contest Entry Deadline Set April 24

By ROGER COSLETT
Battalion Contest Manager

Time in which to enter your fishing catch in The Battalion Fishing Contest is growing shorter. Entry deadline is midnight April 24.

Prizes will be awarded to persons catching the fish that measures the longest in length. Fish must be caught by the spinning, trolling, bait-casting, fly or still fishing methods. Salt water entries are not eligible.

The contest, open to students and residents of College Station and Bryan, is being run on an honor basis. Your word is good. Just let us know when, where and how you caught your fish and how big it was.

Entry blanks are obtainable in almost any Bryan or College Station store handling fishing goods

and in The Battalion office. Send your entry to:

Fishing Contest
The Battalion
College, Station, Texas

along with your name, address and phone number.

If you can't find time to go fishing, try to find time to practice casting with your rod and reel. Your casting skill may win you a prize in our Bait Casting Contest which is to be held April 27 in DeWare Field House.

Andy Anderson, fishing editor of the Houston Press, and a well known casting expert will appear on a program that will also feature, besides the casting contest, a thirty minute sound movie on fishing.

Anderson has promised the winner, among other prizes a pass for two on Benny Allen's deep sea boat out of Freeport sometime in June or July.

Casting for accuracy will be the goal of the contest. Tournament plugs and target rings will be used.

New Mexico Ags Win Baylor Rodeo

New Mexico A&M won Baylor's annual National Intercollegiate Rodeo held April 12, 13, and 14.

Sul Ross winner of the Aggie NIRA show, placed second, while A&M won enough points to place fourth.

A&M was the hard luck school with two boys returning with injuries. Don Tabb has a broken collar bone while Bill Lockridge is suffering with a slight concussion. Both boys are expected to be back in circulation before too many shows go by.

Final Installment Deadline April 20

Final fee payments for the 1950-52 school year are now payable in the Fiscal Office in the Administration Building.

Fee payments for the fourth and final quarter are \$75.75 to cover room, board, and laundry. Payment must be made by Friday, April 20.

RV Tom Poyner and his date look over the letters "RV" carved out of a 100 pound block of ice at the military honor unit's annual hop. The RV Ball was held Saturday night in the Memorial Student Center.

Gee, Look!

Smith Speaks To Kiwanians About Turkey

Turkish agriculture was the topic of H. P. Smith, professor in the agricultural engineering department, when he spoke to College Station Kiwanis yesterday in the MSC Assembly Room.

Just completing a one year's study of Turkish agricultural methods, Smith informed the group that with the present type plows available to Turkish farmers, it required one day to cultivate approximately three-quarters of an acre of land.

"The average land owned by the peasant farmer is about 25 acres so it is plain to see how long it takes to work one average farm," Smith told the club.

Smith illustrated his talk with colored slides depicting his work in Turkey. Scenes of palaces, harbors, and farms were screened and narrated by Smith.

Prior to Smith's talk, Kiwanis President A. C. Magee suggested that the club sponsor a boy's Little League baseball team during the Summer months. J. W. O'Brien, local contractor, is heading the campaign to raise \$75 for the purchase of uniforms and equipment for the boys.

Magee emphasized the importance of the League in providing recreation for the smaller children of College Station during the Summer and also the League's role in combating juvenile delinquency.

LETTERS TO THE EDITOR

(Continued from Page 2)

If this letter appears to sling a little too much mud, perhaps it is because there is so much mud around to sling. In fact, there are quite a few people whose hands are rapidly becoming very dirty.

Kenneth W. Smith '51

Two More Cents

Editor, The Battalion:

I would like to put my two cents in this discussion of the "election" poll, as so called by some of the pink boys. On the night of Wednesday, April 11, 1951, I was tramping thru my economics book, studying each page carefully, and all of a sudden, a bolt of lightning struck my brain, and I realized that not one of those wonderful democratic tools called ballots had reached the dear boys of A through G Cowboys of Law and Puryear Halls.

What in this big, wide world had happened to them? Through much thought and intellectual manipulation, I discovered that "Poor boys over here waaaas left out."

Not one ballot was seen in our hands. So, to all the boys in the local coterie, the ballot WAS SO illegal after it did not give representation from the whole student body.

I am sure glad to see the multi-tude expressing their views so repeatedly.

Bob Blum '51

National Baseball

(Continued from Page 3)

with a homer in the sixth. Goliat hit a homer with the bases empty in the second, the first major league four-bagger of the year. Sisler connected for two singles.

St. Louis: The Chicago White Sox blasted five pitchers for 19 hits and smothered the St. Louis Browns 17-3 yesterday in the season's opener before a disappointing crowd of 5,600. The Browns pitchers yielded 14 bases on balls.

Leading the Chicago batting assault was Al Zarilla, a former Brownie, who singled, doubled and homered to drive in four White Sox runs.

Pittsburgh: Pitcher Murry Dickson and Wally Westlake gave Pittsburgh their second straight 1951 National League victory as they edged the St. Louis Cardinals 5-4 before 25,894 hometown fans.

Detroit: Big Bob Lemon was hot and 43,470 opening day fans were chilled by near-freezing weather as the Cleveland Indians nipped the Detroit Tigers, 2-1, in Briggs Stadium today.

Lemon, who won 23 and lost 11 last year, allowed the Tigers only two hits, both by Jerry Priddy.

Chicago: Veteran Andy Pafko and rookie Dee Fondy banged six hits between them for a total of 13 bases, touching off a 8-3 Chicago Cub win over the Cincinnati Reds before a Wrigley Field opening day crowd of 18,211 yesterday.

Pafko clouted a homer, triple and single. Fondy batted across four runs with a triple and two singles.

Philadelphia: Catcher Mickey Grasso blasted a three run homer

and Cuban pitcher Conrado Marrero tossed a neat seven hitter last night to give the Washington Senators a 6 to 1 victory over the Mackless Philadelphia Athletics in the first night opener in American League history.

Boston: Larry Jansen fashioned a frigid, sparkling five-hitter Tuesday to send the New York Giants away winging with a National League opening day victory over the Boston Braves, 4-0.

Col. Boatner Plans Talk to UN Club

Col. H. L. Boatner, Commandant and PMS&T, will speak to the UN Club on "Explaining American to UN Students" at 7:30 p. m. Friday in the YMCA Chapel.

All U.N. club members and any other interested persons are invited to attend, Aly M. Lasheen, UN club president said.

What's Cooking

BRUSH COUNTRY CLUB, Thursday, 7:30 p. m. Room 2D MSC.

Economics Professors Receive Swift Award

Two Economics professors, Aurelious Morgner and Dr. W. H. Delaplane, have received Swift and Co. fellowships for field study this summer.

Morgner will attend the Long Program of five weeks beginning July 29 while Dr. Delaplane will attend the Short Program for two weeks beginning June 17.

RF Students Take Temple Field Trip

Range and Forestry 412 students made an all day field trip to the Blackland Experiment Station at Temple and to the vicinity of Port Hood Friday. The trip was under the direction of Dr. H. F. Heady of the Range and Forestry Department.

The students were taken on a tour of the Blackland Experiment Station and showed the work that has been done there in an attempt to provide year round grazing for livestock in the blacklands. Several stops were made near Port Hood to study conditions of pastures in that area.

'Class Gift Silver' Starts Arriving for MSC's Service

By BRYAN SPENCER
Battalion Staff Writer

Through the foresight of three past classes and the generosity of various mother's clubs, a buffet silver valued at \$3,500 will be available soon for social functions and affairs at the MSC.

The history of this new silver service really began back with the classes of '35 and '36. At the time when these classes were still in A&M, they tried through various means to start the campaign for funds for a student union building.

Realizing it would take more money than they could raise, these classes left their class funds with the Former Student's Association to be used for loans until the time when their dream was realized. The money was to be turned over to the building to be used in any way seen fit by the college.

The silver, which is made of silverplate by the International Silver Company, has been on order since last June and the first delivery was received last week, although the major portion of the order is still due in.

Each item is etched with the seal of the college and has the name of the donor engraved where practical.

It is the same kind of silver found in the Waldorf-Astoria and Shamrock hotels.

Included in the order of last June are two 3 gal. punch bowls, two 2 gal. coffee urns, one 5 gal. punch bowl, hors D'Oeuve trays, candelabras, twelve serving trays, chaffing dishes, round trays, silver punch cups, and various sized comotes.

Included in the group that left money was the Class of '50 which left \$1,500.

Among the Mother's Clubs which

donated to the fund were clubs from Dallas which gave the twelve serving trays; Amarillo, Austin, Beaumont, Brazos County, Deep East Texas, Del Rio, Ft. Worth, Laredo, Port Arthur, Refugio County, San Angelo, Sonora, San Antonio, Stephens County, Temple, Waco-McLennan County, and Williamson County.

MSC officials claim it will probably take the full time services of one man to keep the silver polished. The silver will be kept under double lock.

The silverware which will be used for student dances, receptions honoring guests and other social affairs congruous with the setting of the MSC.

Lions' Nominations Submitted at Meet

Nominations for officers in the College Station Lions Club were submitted by a nominating committee at regular meeting held in the MSC Monday noon.

L. C. Grumbles, Dr. A. A. Price, and Lacy McCall were recommended for president and first vice-president. Homer Blackhurst, and the Rev. O. G. Helvey were nominated for second vice-president.

Third vice-president candidates were Lucian Morgan, and Harold Redmond. Three men were referred to the club for tall twister. They were Bill Carl, Warren LeBourveau, and R. F. Cain. Talltwister serves as song leader and property custodian.

Lion Tamer

R. F. Cain was nominated for Lion tamer, also. Senator LeBlanc was the second selection for the officer whose duty it is to "keep things stirred up."

Ran Boswell, and Frank Costello were selected for secretary-treasurer. Four men were nominated for membership on the Board of Directors. They were W. A. Boney, Chris Gent, A. H. Krezdorn, and J. B. Lauterstein.

The regular election of officers will be held May 7. Term begins July 1.

R. L. Austin, director of public relations for the Chicago Mercantile Exchange, will speak to the Lions Club at their regular meeting next Monday, according to R.

RF Students Take Temple Field Trip

Range and Forestry 412 students made an all day field trip to the Blackland Experiment Station at Temple and to the vicinity of Port Hood Friday. The trip was under the direction of Dr. H. F. Heady of the Range and Forestry Department.
