

Battalion Fishing Contest Deadline Extended to Friday

By ROGER COSLETT
Fishing Contest Manager

Deadline time for filing entries in The Battalion Fishing Contest has been extended until noon Friday.

Leading competition at the moment is Duane Unrue's catch of a large mouth bass measuring 19 1/4 inches in length. Unrue, a junior I Ed major from Abilene caught the

four pound fish in Normangee Lake, using a Red Horse minnow and a South Bend rod and reel.

While entries in the fishing contest continue to come in preparations for the bait casting near completion.

Standard "Skish" Bait Casting rules will be in effect. There will be no restriction on rods, while minimum line test will be nine pounds.

Tournaments plugs not in excess of five eighths of an ounce will be used, cast single-handed.

Five to ten 30 inch target rings, scattered at random at variable distances from the casters will be used. The closest target shall be no further than 45 feet, but not closer than 40 feet from the casting line.

The farthest target shall be not more than 80 feet and no less than 70 feet from the casting point. Two casts will be made at each target. A standard scoring system will be in effect.

A fishing tackle box and four lures were added to the list of prizes to be given away in The Bait Casting Contest, next Friday night in DeWare Field House, today.

The lures, a Fred Arbogast Hawaiian Wiggler, a P&K Bright Eyes, a Bomber and a Rex spoon were donated along with the tackle box by The Student Co-op.

Andy Anderson, fishing editor of the Houston Press, will be on hand as guest speaker for the program. He will bring with him a well known casting expert. Included on the program, besides the contest, will be a colored sound movie on fishing.

Prizes will go to the persons who prove to be the most accurate casters.

Persons who are not skilled casters still have a chance to win a prize in our fishing contest if they get their entry in before next Friday at noon. Just tell when, where and how you caught your fish and how long it was. This contest is being run on purely an honor basis. Your word is good.

Residents of College Station, and Bryan as well as students are eligible to enter either the fishing or bait casting contest.

Fish must be caught by either the trolling, spinning, bait-casting or still fishing method. Salt water entries are not eligible.

Waco—(Spl.)—A Texas Aggie has two down and 23 to go at Baylor University.

Howard Allen of Waco, junior student at A&M, reports he visited on the Baylor campus briefly and parked his car in an area reserved for the faculty.

When he returned, a Baylor police officer had left him a ticket for illegal parking.

The slip of paper informed the A&M student that he was assessed two demerits for his violation. It also said he could be suspended from Baylor if he got as many as 25 demerits.

He isn't worried.
