Singing Cadets Elect Officers For 1951 - 52

Officers elected to serve the Singing Cadets during the 1951-52 school year were announced Saturday night at the Annual Awards Banquet held in the Assembly Room of the MSC. They are Thomas J. Savage of Port Arthur, president; James Harold Hughes of Abilene, vice-president; William N. Brille of Throckmorton, business manager; Alpheus S. Higgins of Austin, reporter-historian; and John Earl Hildebrand of College Station, librarian. Officers this past year were David Haines, president; Ray Smith, vice-president; Robert Tate, business manager; Kenneth Wiggins, reporter-historian; and Foster Gray, librarian. Daniel Russell, professor of Rural Sociology, was speaker at the banquet and was followed by the presentation of awards by Bill Turner, director of the Singing Cadets. A dance, also held in the Assembly Room, rounded out the evening.

Official Notice

"Several requests have been received to make the Survey of Physicals 314 (3-0) available for the first term of the coming summer session. If all interested will kindly advise immediately. Professor J. T. Kent, the teacher of this course, or the undersigned, steps will be taken to see if the course can be offered."

Sincerely yours, J. G. POTTER Head, Physicals Department

NOTICE PREMEDICAL STUDENTS: The Medical College Admissions Test will be given in Biological Sciences Building, Room 107, on Saturday, May 12, 1951, from 8:45 A.M. to 5:30 P.M. Students who have received permits from the Princeton, New Jersey Office are eligible to take the test. The admission ticket must be presented at the door.

S/GEORGE E. POTTER Pre-medical Advisor.

REGISTRAR'S OFFICE

Some of our students are making plans to attend the 1951 Summer Session in some other college or university. Such students should check with the Registrar's Office to make sure that work completed elsewhere is acceptable in transfer to A. & M. Courses will not be accepted in transfer for degree credit unless they are (a) substantially equivalent in character and extent, (b) normally offered at the same level, and (c) with essentially the same prerequisites as similar courses offered at this college.

Students who fail a course in any subject and subsequently take such course or subsequent courses in the same subjects at another college must be required to revalidate examinations in such course or courses before they will be accepted for transfer toward degrees.

HAZELWOOD ACT EXEMPTIONS

Residents of Texas who expect to register for the first term of Summer School, and claim an exemption from the matriculation fee under the Hazelwood Act should call by the Registrar's Office immediately to secure notice of exemption. Eligible students should claim these exemptions prior to registration on Monday, June 4 if at all possible.

H. L. Heaton Registrar

The Department of Dairy Husbandry annual student Dairy Cattle and Dairy Products Judging contests will be held at Dairy Barn and Creamery, respectively, Saturday morning, May 12, at 8 A.M. All Sophomore students School of Agriculture who have taken Dairy Husbandry 292 are eligible to compete in either contest and will be excused from classes from 8 to 12 Saturday morning if they enter the contest. Suitable prizes will be awarded the winner.

A. L. Darnell Professor, Dairy Husbandry

SUMMER COTTON SCHOOL

The 42nd annual summer cotton school will be held this year from June 4 to July 14 contemporaneously with the regular summer school of the College. Instruction will be given in four courses with a possible total credit of 7 hours.

Agronomy 205, given in summer school only, elementary cotton classing, with 1 hour credit involves introductory studies of cotton quality and cotton classing, practice in identifying the important grades and staples.

Agronomy 207, principles of cotton classing, 2 hours credit, involves grading and stapling instructions, factors affecting cotton quality, and practice in classing a wide variety of samples.

Agronomy 209, Studies in cotton testing, 2 hours credit, is theory and practice in cotton fiber testing. These courses are offered only in the summer school and students who desire practice in grading and stapling will be encouraged to register.

Along with the above courses Agricultural Economics 205, cotton trade procedure, 2 hours credit, which involves policies and practices employed in the cotton trade with emphasis on local marketing operations. A student may earn a minimum of 7 hours credit in cotton classing and cotton trade procedure. Mr. J. M. Ward, Assistant Professor, will be in charge of the course. For many years he was cotton buyer for one of the largest cotton organizations in the world. He will be assisted by Mr. J. C. Niblett. Work will be carried on in the top floor of the Agricultural Engineering building where a north exposure gives proper illuminating conditions for grading and stapling. Work will begin at 8:00 A.M. and last until 3:00 P.M. daily. Students desiring the training may register Monday June 4. Classes will start June 5.

Causes No Alarm

Measles Prevalent In Bryan-College

Measles was the most prevalent disease in the Bryan-College Station area last week with 87 cases reported by the Brazos County Health Unit. College Station had 31 cases, eight of which were students at A&M.

The State Health Department reported 4264 cases of measles throughout the state last week. Over a seven year period, the state average for the first week in May is 2240.

Hands Off Policy Effective

The most effective way to deal with the epidemic, according to Dr. David E. Brown, director of the Brazos County Health Unit, is to let it run its course. Since the disease is widespread, the director expected relatively few cases of measles during the next four or five years.

Parents reportedly are not attempting to keep their children at home to avoid contact with the

disease. Most of the cases reported have been the mild "three-day" measles. The A&M College Hospital treated one case of malaria last week. An investigation conducted by Dr. J. E. Marsh, college physician, failed to disclose the source of the disease. However, the student stated that he had not been near the Brazos River.

Typhoid Strikes One

An 11 year old Negro girl of Bryan was treated for typhoid fever last week. A survey made of the area where she lives eliminated milk as a possible source of the infection, Dr. Brown said.

Inoculations for people in the vicinity where the typhoid fever case was reported will start in about three days, Dr. Brown added.

Chickenpox was the second most common disease reported in the Bryan-College area. There were 21 cases. Other diseases included influenza, 16 cases; mumps, 9; and whooping cough, 3.

Agronomy 418 Class Will Visit Temple

The Agronomy 418 class is planning to go on a field trip to the Temple Experiment Station next Thursday.

High Jump

(Continued from Page 3) 6' 3" and Baylor's Jack Lucas has leaped 6' 4".

Texas seems to have the broad jump well in hand with Charlie Meeks. He leaped 24' 9" last Friday, which is just short of the 24' 9 3/4" conference record set by Hale of Rice in 1932.

Meeks has a chance to break that record but will have trouble staying ahead of the all-around Ag sophomore Bobby Ragsdale who leaped 24' 4" in Austin.

Bill Johnson of Texas, Jack Lucas of Baylor, Jim Gerhardt of Rice, John Dunn of TCU and Bill Henry of A&M have all jumped over 22' and will fight it out for third, fourth and fifth.

The javelin throw is apparently an all Longhorn event with Ray Marek the top choice. He threw the spear 209' 11" last Friday, and the SWC record is 216' 8 1/2" set by O'Neill of SMU in 1939.

Steer Bob Cone has thrown 194' 10" and his teammates Don Klein and Jim Dowell have consistently placed.

Hildebrand Selected FHA Vice-President

Miss Janice Hildebrand, A&M Consolidated High School Junior, was elected first vice-president of the Texas Association of Future Homemakers at the state meeting held May 3, 4, and 5 in Fort Worth. Miss Hildebrand was first chosen to be a state officer at the area eight meeting in Huntsville on March 31. At the state meeting she was interviewed by the state nominating committee and was selected as a nominee for first vice-president.

The House of Delegates of the FHA elected her to the vice-presidency on Saturday morning.

One of Miss Hildebrand's official duties will be to attend the National Youth Leadership Conference in Estes Park, Colo., June 18-23, to serve on the work program committee there. Twenty-four girls from Texas will attend this conference.

First Day

The initial day of the conference was devoted to the welcoming of the delegates and preliminary meeting. Reports from the White House conference were read by FHA president, Ruthie Gripon, and a symposium on foreign students headed Friday's schedule of events.

Friday evening a chuck wagon supper and a variety show, put on by the various area organizations, supplied the entertainment for the delegates.

Saturday morning the House of Delegates met and attended to the remaining official business. The election of officers for the coming year and the officer installations closed out the activities of the conference.

First Win

(Continued from Page 3) conference match of the year as they slipped the knot in the Horned Frogs sails, 4-2 on the Toads home grounds.

Bob Dahoney is the leading Aggie in individual Conference play as he has won three of four matches. Toney Guerrero and Johnnie Barrett have won one of four, and J. C. Fletcher was a 1-and-2 record. Bill Baker has no wins in two matches.

If records speak for themselves, Dahoney will have the best chance of any Aggie to win the Individual Championship from defending champ Paul Weaver of Rice this weekend.

What's Cooking
