

City Council Tables Action on Reduction Of Electricity Rates

By JOEL AUSTIN
Battalion City Editor

After a long, highly contested meeting last night, the College Station City Council adjourned with only one proposal receiving approval by the group.

The city leaders voted to purchase sewer and water lines owned by Dr. F. B. Clark in the southeast area of town for \$4,200 when funds are available for the purchase.

Action came after more than an hour of debate on the matter, but was led to a settlement when councilman Bill Fitch moved that the property be purchased. Along with the purchase, the council agreed to pay Dr. Clark 25 cents per outlet each month for operation and maintenance of sewage beds and sewage disposal facilities on his property.

Electric Rates

The only other item discussed, which was considered for more than 45 minutes around the council table, was an ordinance to lower commercial electric rates in College Station.

The rate decrease was proposed

in ordinance form by councilman J. A. Orr, but was not voted on because sufficient information concerning the matter was not available.

The council agreed instead, to remove the subject from discussion at last night's session and place it on the June council meeting agenda.

Meeting jointly with the College Station Chamber of Commerce before their regular session, the city council heard reports from Mayor Ernest Langford and Chamber President Joe Sorrels on activities of the two groups during the past year.

New Sewer Lines

Langford explained the progress made by the city in building and paying for sewer lines in the Northeast area of College Station. The lines were constructed jointly with the City of Bryan at a cost of \$8,000 to the city.

He also told the group about the recent purchase of electric lines in College Hills from the REA and City of Bryan.

Plans for a charter to change College Station to a Home Rule city were explained to the combined groups by Langford. He said a rough draft has been made of the charter and as soon as members of the city council have examined the proposed charter, copies will be made available to all members of the charter committee appointed by the council.

Sorrels next reported on activities of his group. He read a list of expenditures of the chamber of commerce which included such things as uniforms for the A&M Consolidated High School Band, books for the high school library and others.

He also reported on the chamber project to bring house-to-house mail delivery to College Station.

Summer Prexy Ruling Passes MSC Council

The Nominating committee of the MSC Council was empowered last night to appoint a president for the Summer session. This action was taken at a meeting of the Council last night.

Moving on a recommendation made by Clayton Selph, Council member, the group decided there would be a need for a head of the Center activities program during the Summer. The vote was unanimous.

President of the Council Dan Davis, was also given the power to appoint the Summer chairmen of the committees.

Lamar McNew, vice-president, will automatically become president of the council if he returns for Summer school under the new ruling.

The present guest room policy was amended at the meeting. Former regulations called for "No students to accompany their dates in the Guest Room Area, after 9 o'clock at night."

"No unmarried woman may have male visitors in the Guest Room area," was the ruling of the Council.

This policy was made to bring the MSC house rulings into line with that of most of the student unions in the United States, J. Wayne Stark, director, pointed out at the meeting.

Student Senate Banquet Tonight

The Student Senate will hold its annual banquet tonight at 7 in the MSC Assembly Room. After the banquet, the final meeting of the year will be held, with several amendments to the constitution scheduled for a vote.

Austin Jaycees Award

The Consolidated Band receives the Austin Junior Chamber of Commerce Award presented annually to the winner of first place in the corps parade held in Austin Thanksgiving Day. Left to right, Lt. Col. John T. Schmitz; Richard P. Mussler, chairman of the Austin Jaycees Armed Forces Committee; T. C. Alderson, Jr., head drum major; Richard L. Goodwin, commander of the Consolidated band; and Joe Rutherford, commander of the Maroon Band.

Second Performance Tonight

Critic-Actor Highlights First 'Milky Way' Showing

By GEORGE CHARLTON
Battalion Staff Writer

A critic, particularly one who doesn't mind adjectives or biting phrases on those things he dislikes, on once assuming an active part in producing, directing, or acting in some "thea-tuh" production, leaves himself wide open to the hostile temperaments of those whose feet have been trod upon in his reviewing days.

In this case, we refer to Herman Gollob, one-time entertainment critic for The Battalion, who for the first time during his college career stepped before the

footlights last night in the Aggie Player's production of "The Milky Way." Taking one of the lead parts as Gabby Sloan, an unscrupulous fight manager with a head chock full of money-making gimmicks, Gollob was asking for it.

But somehow it never came.

Quite the contrary, from the first time he stormed across the stage tossing a crumpled newspaper in the direction of the audience, those who were patiently awaiting some minor blunder on his part, found none. By the time the hour and a half long production was over, Gabby

Sloan had become more of a defined character than any other in the play.

He was a loud-mouthed promoter who roared when he was mad and who talked in soothing, sympathetic tones when he was trying to "pull a deal." He was almost a ranting lunatic at times.

Making good use of the stage and a barking, fast paced delivery, Gollob retained an effervescence throughout three acts which made up for the play's minor technical difficulties.

Harry Gooding, an Aggie Player veteran for many seasons, took the part of Burleigh Sullivan, the naive, introverted milkman who accidentally sends the middleweight champion of the world out for the count.

Every movement and gesture is bent toward the manifestation of shyness and an unassuming nature. The result is perhaps the best comic job of the play.

And Bill Guthrie's "Spider," actually the foil for Gabby's sarcasm, instigated guffaws of laughter from scene to scene. The latter was properly plodding, slow witted, and good natured.

The matter of love, its rejection, and consequent resurrection is handled sufficiently by John Caple and Mary Eleanor Vaden in their respective roles as middleweight champion of the world and sister.

Distractingly sometimes, a legion of freckle faced urchins squirmed in their seats and heaved sighs of exasperation at the slightest (See "MILKY WAY", Page 4)

Further Explanations Of Insurance Planned

Further meetings for the purpose of explaining the new group hospitalization plan to all eligible employees of the A&M College System have been planned, according to John Hill, director of workmen's compensation insurance for the A&M System.

Employees may find out from their department heads when the meetings will be held he said.

The original deadline for participation in the new hospitalization plan was set for April 30, but that date has been moved back to May 31. This was done after it was discovered that many employees had not had the new plan explained to them. Several employees had signed a waiver

without actually knowing they were turning down insurance.

"Originally, eligible employees were requested either to sign an application for the insurance or to sign a waiver indicating that they did not desire to participate," declared Edward G. Brennan, group representative of the insurance carrier, the Pan-American Life Insurance Company of New Orleans.

"However, it soon became apparent that many eligible employees who had signed the waiver did not have the plan explained to them. They later made personal visits to the fiscal office for the purpose of signing up for the hospitalization insurance," Brennan added.

Dalston, Ingles Enter Senior Prexy Run-Off

Lew Jobe was officially named head yell leader for next year in the run-off election held last night by the junior class.

Class of '52's new Sergeant-at-Arms is Thomas Martinez.

President, vice-president, treasurer, secretary and athletic council representatives will be decided in final voting Wednesday.

None of the candidates for these offices on last night's ballot managed to get the required majority of the votes. A vote of 350 was needed for a man to win the office.

Still in the running for president are J. W. "Doggy" Dalston and R. A. "Dick" Ingles. Dalston is an economics major from Dallas and Ingles is a business administration major also from Dallas.

Duane "Van" Vandenburg, a business major from Houston, and C. R. "Bob" Dunn, a geology engineering major from Waco, are the remaining candidates for the office of vice-president.

Money Holders

Class Treasurer candidates still in the running are Thurmond Munson, a chemical engineering major from Angleton, and Ted M. Stephens, a mechanical engineering major from San Antonio.

Bobby Dobbins, business major from San Antonio, is candidate for class secretary as is James E.

Matush, a Chemical Engineering major from Temple.

The two remaining candidates for athletic council representative are athletes who live in Hart Hall. They are Bernard Lemmons, a physical education major from Ozona, and Richard Gardemal, from Port Arthur and also a PE major.

Mascot Named

I. P. "Spots" Goldstein had an unexpected job given him at the election. Goldstein was not scheduled to run for any office—that he knew of—he was chosen, by write ins to be the official mascot for the Class of '52.

Ballots will be distributed in the dorms Wednesday as in the previous election.

The candidates in last night's election received votes as follows: for president; Dalston, 332; Ingles, 193 and Chapman, 174; for vice-president Dunn, 317; Vandenburg, 253; and Fatheree 123; for secretary Dobbins 306, Matush 233 and McDaniel 152; treasurer Stephens 318, Munson 223 and Dotson 138.

Athletic council representative Bernard Lemmons 291, Richard Gardemal 202 and James Fowler 181.

Gen. Moore Award Standings Released

Standings of each unit of the Corps of Cadets for Gen. George F. Moore Award competition were released yesterday by Bennie A. Zinn, assistant dean of men for student affairs.

Competition for the ward was based 50% on scholarship, 25% on military proficiency, 15% on intramural proficiency and 10% on extra-curricular participation.

Unit	Place	Points
H Air Force	1	5440
B Engineers	2	4830
A Infantry	3	4670

Announcements Now Available

All graduation announcements are available at present time in the office of Student Activities, second floor Goodwin Hall. A few extra announcements are on hand for those who either did not order enough or for those who did not make the order deadline.

'Liltin' Miss Tilton'

Tilton--Osborne Ring Dance Team

Blonde, blue-eyed Martha Tilton and the Will Osborne Orchestra, featuring the original Osborne "slide music," will team up for the Senior Ring Dance, Friday night.

Boasting Corpus Christi as her birthplace, Martha Tilton began singing professionally before she was graduated from high school.

Martha, who is said to have discovered atomic energy long before the scientists, walks with a lilt, laughs with a lilt, and is often called "The Liltin' Miss Tilton."

Starting with a weekly radio show sponsored by the Federal Outfitting Company in Los Angeles, Martha zoomed upward in the entertainment world immediately after graduation from high school when she received a four weeks engagement at the famous Coconut Grove.

Her first band job was with Hal Grayson who played along the West Coast. While singing with Grayson's Band, she signed a contract to sing with Jimmy Dorsey.

When the Dorsey orchestra went on tour, Martha decided to remain in California, and it was then she joined three young singers who called themselves "The Three Hits," Martha and three men formed the famed quartet, "Three Hits and a

Miss," which soon became the nucleus for the Jeff Alexander Swing Chorus on the Camel Caravan Show.

After her engagement with the Camel Caravan, the Liltin' Miss Tilton signed on with Benny Goodman, whom she greatly admired as a musician and orchestra leader.

With Benny's band she became known from coast to coast and became a favorite with record fans by cutting such disks as "And The Angels Sing," "Lock Lomond," and "I'll Walk Alone."

Martha is currently starring with Curt Massey on a five-a-week-show over CBS.

Osborne is one of America's leading vocalists, having studied music in London, Paris, Canada and America. He is well suited for College dance work because he and his orchestra have played more college proms and dances than any other orchestra.

Known on radio, record, the motion picture screen, and in cafes, hotels and night clubs across the country, Osborne is also a composer of note. Some of his hit tunes are "Besides an Open Fireplace," "Pompton Turnpike," "Between 18th and 19th on Chestnut Street," "Mumble Jumble," and "Wouldst Could I But Kiss Thy Hand, Oh Babe."

Summer Staff Writers Needed

Students are urgently needed to fill vacancies on The Battalion staff during the summer months.

Beginning news writers are needed to work in the Sports, Campus, and City news departments. Copy readers and other staff members are also needed.

Students interested in working at least one day a week during the summer are requested to contact Joel Austin in The Battalion office or Roland Bing in the Student Activities Office, second floor, Goodwin Hall.

Parent's Day Parade Award Winners

Outstanding Sophomore Award

Outstanding sophomore of the cadet corps, Lyle Wolskill, is presented the Federated A&M Mother's Clubs of Texas Award—a bronze cup and key. Left to right, Lt. Col. M. P. Bowden, assistant commandant; Mrs. Warren A. Gilbert, president of the Federated A&M Mothers' Clubs; and Wolskill, a civil engineering

R. L. Sargent Award

major from Houston. Recipient of the R. L. Sargent Award for 1951 was cadet 1st Lt. Brian P. Lowry. The award is presented by Mr. and Mrs. R. L. Sargent to the member of the Pistol Team that best demonstrates marksmanship, sportsmanship, and fair play. Left to right, R. L. Sargent, M/Sgt. W. T. Daily, and Lowry, sen-

Daughters of American Revolution Award

ior petroleum and mechanical engineering major from Malden. The Daughters of the American Revolution Award, \$200 cash, went to Cadet M/Sgt. Kenneth M. Wiggins, junior liberal arts major from St. Augustine. The award is presented annually to the outstanding junior cadet. Left to right, Mrs. Henry C. Fulgham,

Albert Sidney Johnson Saber

state registrar, Texas Society, DAR and Wiggins. As outstanding cadet senior, Cadet Col. Herbert G. Mills was awarded the United Daughters of the Confederacy award, the Albert Sidney Johnson Saber. Left to right, Col. Hayden L. Boatner, Commandant and PMS&T; Mrs. Robert A. Newman, president, Texas Chapter, UDC; and Mills, geological engineering major from San Antonio.
