

## Famed Quartet Will Present Concert Sunday

"The Johnnie Quartet," a group composed of students from St. John's College from Winfield, Kansas, will present a sacred concert at Bethel Lutheran Church Sunday at 7:30 p. m.

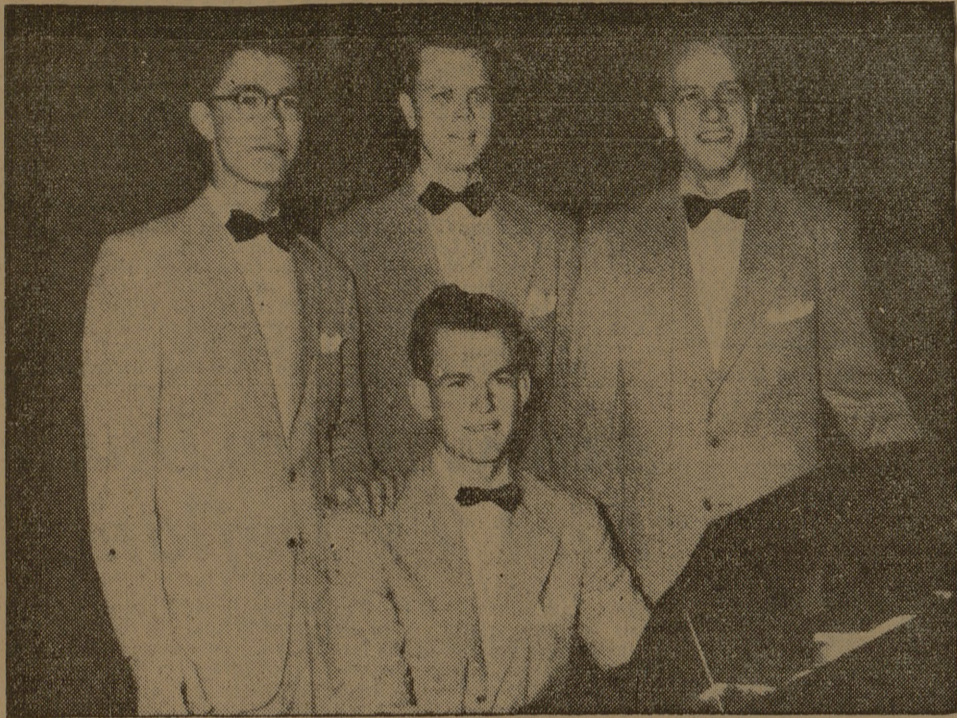

The male quartet is singing its way across many of the West and Mid-western states from the Mississippi to the Pacific on an eighty-five concert tour.

In a well-rounded program some of most-widely sung Lutheran hymns and anthems of the Church will be presented, including, "Beautiful Savior," "Savior When In Dust To Thee," "The Lord's My Shepherd," and "Abide With Me."

Another feature of the program is a group of Bach selections: "O Sacred Head Now Wounded," "All Glory, Laud, and Honor," and "Now Let Every Tongue Adore Thee."

After the concert the quartet will retire to the Church Parish Hall and entertain the audience with secular music. Some of the most popular numbers to be sung are: "Shortnin' Bread," "By the Light of the Silvery Moon," "Coney Island Babe," "Deep River," and many other novelty and humorous selections.

Bethel Lutheran Church cordially invites the public and all who are interested in enjoying an evening of music to attend the program. The quartet was very well received on a similar tour last Summer and has been very much in demand for singing engagements in Kansas.

"The Johnnie Quartet" will present a program of sacred music Sunday night at 7:30, at the Bethel Lutheran Church of Bryan.

## To Sing Sunday Night

## Caudill To Head AIA Committee

William W. Caudill, Research architect for the Texas Engineering Experiment Station, has been appointed chairman of the American Institute of Architects' committee on school buildings.

The committee, whose duties are "to study the principles of planning up-to-date school buildings," first was formulated four years ago.

Caudill succeeds Ernest J. Kump of San Francisco, and Lawrence B. Perkins of Chicago, two of the nation's most prominent school architects, as chairman of the key A. I. A. committee.

Architects from All Sections Architects who will work with Caudill on the committee represent all sections of the country.

The group will meet twice a year. Caudill's appointment follows 10 years of school building research with the Texas Engineering Experiment Station, during which time he also has been a faculty member in the Architecture Department of A&M.

He has been responsible for a considerable number of bulletins and essays on school design, including "Space for Teaching," which was recognized by the Royal Institute of British Architects as "the best study of its kind in existence."

Caudill is associated with a College Station architectural firm, Caudill-Rowlett-Scott.

## Rode Promoted To USNR Commander

Norman F. Rode, electrical engineering professor, recently received notice of his promotion to the rank of Commander in the United States Naval Reserve.

Rode served in the United States Navy in both World War I and World War II. During the last war he taught two years at the United States Naval Academy.

## College Of Pacific Gains Teeter-Tottering - Record

Stockton, Calif., June 8—(AP)—Remember when you were small . . . and found a hop-toad in the woods . . . and rushed home and handed it to mother with that real-pleased-inside feeling?

And mother s-h-r-i-e-k-e-d a startled "e-e-e . . ." and her face got chalk-white?

Then you know just how a couple of grownup boys, Jim Lane, 22, of Oakland, Calif., and Duane Weaver, 21, of Auburn, Calif., feel.

College of Pacific celebrated its 100th Anniversary this week.

Jim and Duane thought they'd do something nice for her . . . something real special. They handed her the world teeter-tottering record—100 hours of steady bouncing . . . one hour for each of her years.

But CoP, just like a startled mother, let out a loud s-h-r-i-e-k.

Edward Betz, dean of men, summoned Jim and Duane. Monday, while the boys were setting their record, they should have been taking final examinations.

However, like a fond mother, Dean Betz was understanding, after a little heart-to-heart talk. He let them take make-up exams yesterday.

And, Betz confided, he was inwardly pleased with their gift . . . but cautioned with motherly advice: "DON'T DO IT AGAIN!"

## THE OLD ADAGE

An old adage, indeed, that "all work and no play makes Jack a dull boy."

The "kids" on the farm are models of youthful efficiency. But they go a-fishin' whenever they can.

The business men, the housewives, the schoolchildren—they need their fishin' too!

But there is another way in which the old adage is true: ALL WORKING and no PRAYING leaves man a dull soul!

The God who created us never intended us to be able to get along without Him.

Our hands may sow seed, but they can't make it grow. Our minds may work out problems, but they can't solve the world's chaos. All of our efficiency hasn't brought us lasting happiness or firm hope.

But when we turn to our Christian faith, and seek its power through regular worship in our Churches—then we find the things we need and want most!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses
Sunday	I Corinthians	10 23-33
Monday	Jeremiah	18 1-12
Tuesday	Psalms	33 12-22
Wednesday	John	16 20-24
Thursday	Psalms	46 1-11
Friday	I Corinthians	10 11-13
Saturday	Genesis	1 26-31
