

Group Appointed To Study Traffic

(Continued from Page 1)

check for lines, meters, transformers, and various connections bought from Bryan because of an over estimate in the number of units in the transaction.

E. C. Cunningham and Jack Keys, asked the council to study a plan for a Citizens Traffic Commission. According to Keys, who has spent considerable time studying the plans, it would make College Station a safer place for both drivers and pedestrians by means of anonymous observers. The observers would be citizens from various sections of the city trained to accurately observe traffic violations.

Although the observers could have no authority to make arrests or take legal action, the commission would work in cooperation with the city police, reporting frequent violators.

Check License Number
Having the time, place and license number of the violator, the police could more easily apprehend the offender and see that justice is done, Keys said.

The council authorized Mayor Langford to appoint a committee to study the plan.

A steel shortage is stalling the production of new concrete street markers, so work will start immediately on temporary signs, the Council was told by City Manager Raymond Rogers.

Temporary markers will be erected and present signs will be repainted to enable the city to have home mail delivery by the middle of the month, he said.

Rogers told the council temporary markers, probably two by four boards, will be placed at those intersections that have no signs at present.

Budgetary Plans
Budgetary plans were discussed by the council last night. Assistant City Secretary Ran Boswell said the first draft of next year's budget should be complete in about two weeks. When the budget is complete the council will meet to discuss and make necessary revisions.

The budget should be revised and have had a public hearing by the first regular meeting of the council in July, City Secretary Neeter R. McGinnis said.

Mayor Langford informed the council that the Brazos County Health Unit okayed the purchase of an insecticide sprayer last Tuesday.

The machine will be used to spray mosquito breeding places throughout the city.

Rogers reported that grass and weed mowing was now being done in the College Hills area. A man has been assigned the job of cutting weeds and grass along roadways, in ditches and in alleys, he said.

H.M.S. Pinafore Slated for July
"H. M. S. Pinafore will set sail Thursday night with an undermanned crew" says W. M. "Bill" Turner, co-director of this summer's musical production.

The operetta, scheduled for July 10 and 11, will be presented in The Grove.

Working with Turner on the operetta will be C. K. Esten of the English Department. Turner is to direct the music and Esten is to handle the dramatic part of the musical.

According to Turner there are still several parts open in the chorus and some speaking parts. The co-director is also looking for some musicians to play in the orchestra which will accompany the production.

Anyone interested in trying out for any of the parts should see Esten or Turner as soon as possible, he said.

Two of 96 Senators Give Blood; Johnson Included

Washington, June 12—(AP)—The 96 Senators got a chance to give some blood to the Red Cross but only two, Kerr (D-Okla.) and Lyndon Johnson (D-Texas) responded. "They both did beautifully," said Mrs. Hiram Bingham at the mobile blood bank in the Senate office building. "You know how Senators are," said Mrs. Bingham earlier. She indeed knows how Senators are, since she is married to a former Senator to Connecticut.

"They're so busy, you know, with all these awful investigations going on."

But she said business was reasonably brisk anyway. "They send their secretaries over," she said. And as if to prove her point, another Red Cross lady bustled up to say, "that made the fourth one from Senator Kem."

Mrs. B. said Senators aren't any different from anyone else these days, and that the Red Cross everywhere is having trouble impressing on the public the need for blood.

Peace Talk 'Fishy'

Washington, June 12—(AP)—The State Department put a "propaganda" label yesterday on Russia's latest proposal for a Japanese peace conference, and forecast the United States will turn it down.

The proposal, submitted to U.S. Ambassador Alan G. Kirk in Moscow, calls for a conference of all the countries which fought Japan, in July or August.

The United States has a peace treaty draft well advanced by direct negotiations with 15 other countries. Moscow has held aloof from these talks for three months and has been raising objections to the procedure.

The latest Soviet communication is full of old stuff and propaganda, state department press officer Michael J. McDermott said.

"It appears to contain nothing new and repeats the usual propaganda charges against the United States, other countries which are cooperating in the preparation of the Japanese treaty, and the people of Japan who have so loyally cooperated with the Allied occupation," he said.

Other officials said Russia's new proposal had the apparent purpose of delaying and if possible blocking the treaty preparations.

Moscow urged last month that the major powers alone draft terms of the Pacific settlement under conditions which would give Russia and Communist China veto power. The U.S. rejected that. Earlier the State Department turned down a suggestion by Britain that Red China be consulted.

Ambassador John Foster Dulles, in charge of treaty negotiations for the U.S., is expected back probably Saturday from meetings with British and French officials. Leaving London for Paris, he said some difficulties remained to be ironed out with Britain but voiced confidence they could be settled shortly.

Veck Buy Browns?

(Continued from Page 3)
Bill Veck, former owner of the Cleveland Indians. Sports editors in Detroit and St. Louis have stated flatly that Veck has arranged a loan for the purchase of the lowly Browns but St. Louis club prexy, Bill DeWitt has denied all reports.

You can tell that the baseball managers are getting into the swing of the midseason battle in both leagues. Pilot of the Yankees, Casey Stengel, voiced his opinion of American League baseball fans Sunday by calling them a bunch of "rowdies." He had reference to repeated tossing of stones, paper, bottles and firecrackers at parks in Detroit and Chicago. He said he would pull his team off the diamond if the events occur repeatedly.

Word from Baytown tells us that two Robert E. Lee High School gridders plan to attend A&M this fall. The Aggies will get fullback Bob Stout and Bill Fortinberry, captain and tackle on the Gander's 1949 team who did not attend college last fall.

Track

(Continued from Page 3)
by Don Parker of Texas College, posting a record at 48.3. The record was formerly held by Art Harnden, A&M's Olympic team member in 1948.

Charles Holding of East Texas beat A&M's Davis in the high jump, leaping 6-7 1/2 for another record. Davis and Ray Wornack, Texas, tied at 6-6 1/2. Holding and Davis are one, two in the nation and each now holds a win over the other.

ACC's Faulkner Sets Mark
Abilene Christian's Jaul Faulkner threw the javelin 211-9 for a record and the longest toss in the Southwest this year.

In the ever-tough 400 meter hurdles, Trinity's all-around athlete, Herb Faulkenberg set another record with a blazing 53.0.

Texas' Gerald Scallorn tied the high hurdles mark of 14.9.

Garmany, SWC mile runner-up, won the 1500 meter run in 4:09 with Joseph Zern, also of A&M, second.

Clifford Shaeffer, another Aggie took second in the 800 meter run which was won by Leon Leonard, ACC in 1:56.7.

Other Aggies to place were Bill Henry with two thirds in the broad jump and the hop-skip-and-jump which were won by Ernest Smith of Brooke Medics and Jim Gerhardt of Rice respectively. Charlie Gabriel, A&M, took third in the 5000 meter run, won by Steer C. A. Rundell and Bob Mays was fourth in the 400 meters.

Simpson and Don Graves tied for first in the pole vault at 12 feet. The amazingly low winning height was due to the terrible condition of the runway. Simpson is the SWC champion.

Vet Wives Guests of Auxiliary

The A&M Veterinary Student Wife's Club was guest Friday to the Women's Auxiliary of the Texas Veterinary Medical Association which met in the MSC.

Mrs. Harold C. Redmond, sponsor of the College Station Club, reported 120 ladies were present. She praised the local group for their cooperation.

Money Allocated
During the meeting \$75 was allocated to the A&M Veterinary Library for the purchase of a dictionary stand. Mrs. J. O. Whitehead, a delegate of Houston and Mrs. U. E. Marney, were selected to attend the National Women's AVMA Convention which will be held in August.

Mrs. J. C. Mullins, president of the group read a report on the activities of the group for the

past year. Mrs. A. L. Kramer reported for the A&M Veterinary School Library. Mrs. Jack O. Whitehead of Houston, president of the State Women's Auxiliary, thanked Mrs. Redmond in behalf of the Women's Auxiliary for her untiring efforts in sponsoring the group of student's wives and wished them continued success in the worthwhile organization.

State Officers
State officers for the year 1951-52 elected were as follows: Mrs. J. O. Whitehead of Houston, president; Mrs. Charles W. Koberg of San Angelo, president-elect; Mrs. I. B. Boughton of College Station, vice-president; Mrs. Charles D. Folse of Kemah secretary-treasurer; Mrs. Howard A. Palms of Dallas, corresponding secretary.

Mrs. Boughton conducted the ladies attending the conference on a tour of the Veterinary Hospital and student library.

The annual state meeting will be held in Corpus Christi in January 1952. The date for the event will be announced later.

Following the business session a luncheon was held at the Oaks in Bryan.

Registrar Reports Enrollment of 2,500

The summer enrollment at A&M for the first term is 2,500, as of last weekend, H. L. Heaton, registrar, said today. The registration figure is expected to soar even more, Heaton announced.

The 2,500 figure is higher than that for the first term last year, which was 2,449.

The first term ends July 14 and the second term will end August 20.

The registrar said figures showing the number of male, female, graduate, under-graduate students enrolled will be released from his office sometime this week.

Red Cross Needs Books for Soldiers

Comic books and pocket editions of western and mysteries are needed immediately for the 2nd Armored Division now under orders, according to a request received from Mr. Clifford Gibbs, Field Director of the American National Red Cross at Fort Hood.

Miss Betty Bolander, assistant director of the MSC will accept the books at her office Tuesday and Wednesday. The Brazos County Chapter of the Red Cross will forward them to Fort Hood before the unit departs.
