

MARK FRANCIS

The Texas cattle industry was in dire distress around the turn of the century as the result of splenic or tick fever, commonly known as Texas fever. Carried by ticks, it killed few native cattle in Texas, but when transplanted to Northern states was deadly. Texas cattle were quarantined, and could find no outlet on the northern markets. Dr. Mark Francis, a young veterinarian from Ohio State University, came to the A. and M. College of Texas and started the search for a means of combating the scourge. He developed the technique of dipping to free the cattle of ticks, which in time led to lifting of the quarantine. A major problem still remained; purebred cattle could not be brought into Texas to improve our herds, because they lacked the immunity of Texas cattle and immediately fell victims to the fever. Dr. Francis developed the means of immunizing these cattle by inoculation and made possible the development of the modern Texas cattle industry, with its fine cattle in beef and dairy strains. Dr. Francis served as chief of veterinary research and Dean of Veterinary Medicine at the A. and M. College of Texas until his death in 1936.

### Three High School Grid Stars Enroll at A&M

Three top high school football players, two from Louisiana and one from Texas, have enrolled at A & M the Athletic Department said yesterday. Sid Theriot, guard and Donald Dumez, quarterback, have come to Aggieland from Terrebonne high school, Houma, La. Gerald Sandusky, much sought after fullback, is from Bronte, Tex. Theriot, short, 187-pounder, was all state in Louisiana last year in Class AA football. He is expected to lend depth and power to the Aggie guard spots in a year or two. He played guard on offense and linebacker on defense, lettering four years in football, four years as a basketball guard and one year in track. He turned in a time of 52.9 in the quarter mile. Half a dozen schools in the Southwest were seeking Sandusky, an all district fullback for the past three years. He was leading ground gainer and pass receiver in District 6, Class B, in 1950. He rolled up nearly 1,200 yards in rushing and caught 42 passes. Sandusky, who stands 6-1 and weighs 190 pounds, lettered his first year as end and then three years as fullback. He lettered three years in baseball, four years in basketball and two years in track. He ran the 100 in 10.3 and the 120-135 in 15.9. The Bronte fullback is to play for the West in the all star high school football game at Odessa this Summer. The future grid chunker, Dumez, lettered three years at quarterback. He is slightly over six feet tall and weighs 173 pounds. The Terrebonne football team sparked by Dumez and Theriot won six of its 10 games last season. Two of their victories were in post season bowl games—Doll and Toy Bowl and Cypress Bowl—which they won by scores of 14-6 and 36-6 respectively. All three of the football players are enrolled in freshman ROTC.

### Reserve Corps Men May Apply For West Point

Members of the Organized Reserve Corps who desire a career as regular Army officers now have the opportunity to apply for appointment to the United States Military Academy, Colonel C. M. Culp, Chief of the Texas Military District, said here today.

Reservists not on extended active duty may submit their applications through their local Organized Reserve Unit Instructor. Those on active duty will apply through military channels to Fourth Army Headquarters.

If found qualified, the applicant will be given a preliminary or designating examination on July 2 at the nearest of the following Army installations: Fort Sill, Okla., Fort Hood, Texas, Fort Sam Houston, Texas, Fort Bliss, Texas, Camp Chaffee, Ark., Camp Polk, La., or Sandia Base, N. M. Applicants who receive the highest scores on this preliminary examination will be appointed candidates to take the regular Military Academy entrance examination in March 1952.

In order to qualify for the appointment, the reservist must have reached his 17th birthday by July 1 but not be over 22 years of age, and be a citizen of the United States.

In addition he is required to have completed one full year of service in the Active Reserve and if admitted to the Military Academy must be in an active reserve status at the time.

Educational qualifications require the applicant to be a graduate of a high school or have the equivalent education. Only men of good moral character and who possess the capacity for leadership will be accepted. Applicants whose records evidence convictions by court-martial or conviction of a felony in either military or civilian court will be rejected.

Colonel Culp said that interested reservists should contact their local instructor immediately for proper forms and information regarding submission of applications.

### Job Calls

F. W. Hensel, of the placement office, announced the following job calls for Graduating Seniors. Job call No. 876—An aircraft company in Houston has an opening for mechanics. The educational requirement is a major in Mechanical Engineering or Aeronautical Engineering.

Job call No. 888—A chemical corporation has an opening for Business, Economics, Agricultural Economics, and Entomology majors for a career in the field of marketing at Richmond, Calif.

### Colby Leaves A&M For Research Work

R. W. Colby, assistant professor of animal husbandry will leave August 1 to work for the Biological Research Division of Dow Chemical Company, Midland, Mich.

Colby's work will consist of dealing with nutrition of cattle and sheep. He starts Sept. 1.

Dr. H. O. Kunkel, now teaching at the University of Wisconsin, will assume Colby's position here the fall semester.

Dr. Kunkel, a native Texan, received his B. S. and M. S. degrees from A&M. He received his PhD degree from Cornell University.

### Cummings Attends Teacher Workshop

John Cummings of A&M is one of the 50 chemistry teachers attending the Conference and Workshop for teachers of general chemistry here at Oklahoma A&M College June 13 to 22.

This Workshop, sponsored by the Division of Chemical Education of the American Chemical Society, is designed to produce 100 percent participation of those attending, as all either give counsel or receive counsel.

Dr. A. M. Sample (above), director of libraries at North Texas State College, is the new Poet Laureate of Texas. His appointment was approved by both House and Senate. His works include two books of poems, "This Is Our Time" and "Of the Strong and the Fleet". (AP Photo)

### Phillies, A's Win LL Games

In a wild and woolly game, the Conway & Co. Phillies beat the Corbuser Chevrolet Cardinals 23-17 in the lidlifter of a Little League Diamond yesterday. The game was called at the end of the fifth inning because of darkness. Both teams erred often but hitting came at opportune times.

Niederauer started for the winners but was lifted in the second inning in favor of Carpenter. Thompson, the winning pitcher, replaced Carpenter at the beginning of the fifth inning. Dwyer started for the losers and was replaced by Cheatham in the third. La Favra took over in the fifth and finished the game. Cheatham was the losing pitcher.

Niederauer paced the Phillies hitting with five for six. Thompson had four for six. Each had a double between singles. Corbuser led the Cardinal hitters with four for four, all singles. Batton had three for four, all for extra bases—a home run and two doubles. Dwyer also had three for four, all singles. Smith called the ball and strikes and Bobbitt called the bases.

### Agriculture Club Tour Set Thursday

An Agricultural Club Tour will begin at 10 a. m. Thursday for club members of Houston, San Antonio, Dallas and Ft. Worth according to Assistant Dean of Agriculture Ben Cook.

Two hundred men from the four cities will be present for the one day visit which will tour the college in two groups.

The morning route will be an inspection of the Beasley laboratory, meats laboratory, cottonseed products laboratory, beef cattle center, and a look at the rodeo arena, horse, sheep, dairy, swine, poultry and Horticulture area. After inspecting the Entomology laboratory, the members will lunch at the MSC.

In the afternoon, the groups will combine and visit the grass nursery, BRV laboratory, Plantation and return to the MSC about 4 p. m.

### Girl Scout Campers May Apply Now

Registrations are now being accepted at the Girl Scout House for all girls who wish to participate in camping at Camp Arrowwood July 1-7.

The camp, located in a wooded area 23 miles from Bryan, will be for intermediate and Senior Girl Scouts. Campers will live in tents in units of 12 to 16 girls.

The program for the outing includes cook-outs, hiking, swimming, nature, campcraft, dramatics, singing and camp housekeeping.

Registration for out-of-town scouts is being accepted as long as accommodations permit. Girls who wish to participate are urged to get in their registration immediately.

In the second game of the double header, the American Laundry Athletes beat the Seven-Up Tigers 8-6. A Tiger rally in the sixth fell two runs short. Odom started for the Athletics and was relieved by J. Carrier in the fourth inning Odom was awarded the victory.

Gregg, Losing Pitcher

Gregg was the losing pitcher. He started the game and was relieved by Comprise in the fourth. Carrier led the winner's hitting attack with three for three, including a double. Seale followed him with two for two, also including a double.

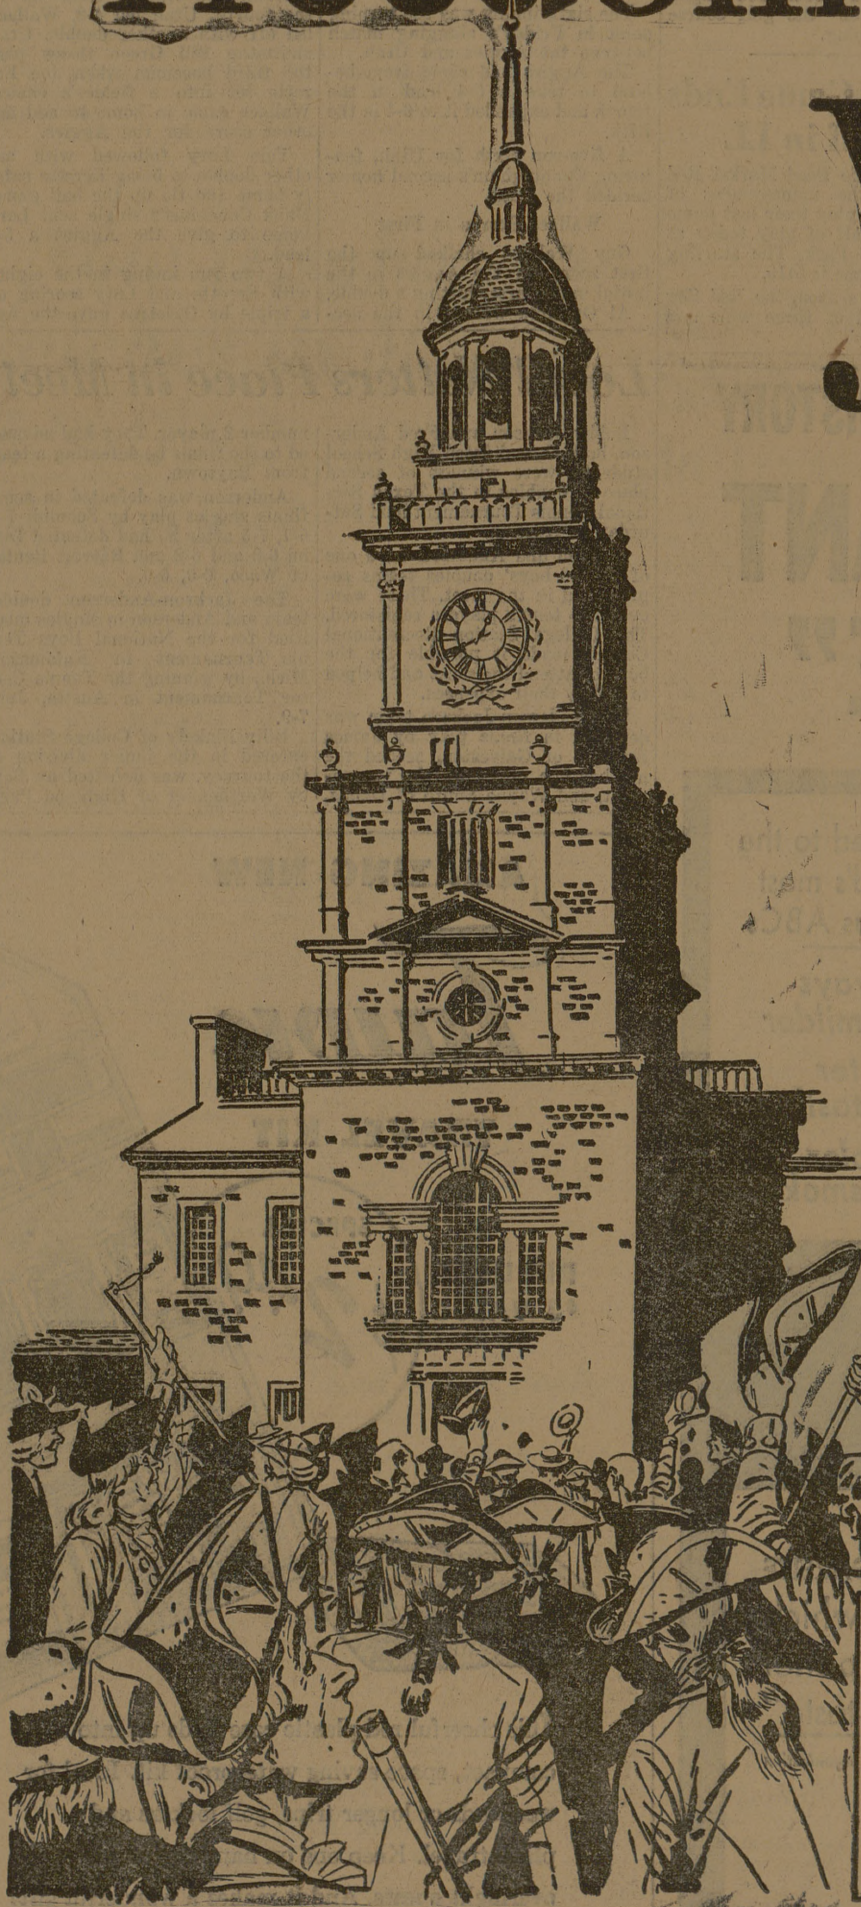

Zubik led the loser's with three singles out of three times at bat. Moehlman had two for four.

Bobbitt called the balls and strikes and Griffin called the bases.

Summary:

Phillies	3	3	2	6	—23
Cardinals	3	3	4	7	—17
Athletics	2	0	2	2	0 2-8
Tigers	0	0	0	3	0 3-6

# Now Freedom needs you!

175 years ago our forefathers risked their necks and all their earthly goods to put together history's greatest declaration of a free people... Since then we've enjoyed a big package of freedom "for free"... And now Freedom needs us, lest in time to come she become no more than a worn-out word in a dog-eared dictionary...

How would you like to roll out of bed some dark morning and have a big palooka tell you where you're going to work that week, what your wife's going to wear, and what your kids have to do?

Don't shrug it off, sink it in—it can happen here!

The point is, we're more likely to toss Freedom away ourselves—unthinking as with an old cigarette butt—than lose it in a fight.

Over the years we have tended to become a nation of spectators of the things that keep us free, just as we are at baseball games, movies, or our TV sets. In government, we have tended to become a nation of Monday-morning quarterbacks,

grandstand umpires and sideline sophisticates. Haven't we?

We watch a few others vote, then gripe because the wrong man gets in, and moral standards suffer.

We look on while the community discusses a project, then kick like steers because the new school didn't get built.

We view with alarm prices going up but don't stop to think of putting some of our excess change into Defense Bonds and other savings.

Here are four short words to think about:

WORK • SAVE • VOTE • PRAY

It takes doing things like that to keep Freedom solvent—and America needs 150 million people in the act. Doesn't it?

Now--Freedom needs YOU!

The Declaration of Independence was signed at Independence Hall, Philadelphia, in 1776. Here will gather the Delegates of Freedom on July 1, 2, 3 and 4. They will come from all over America and from freedom-loving countries. This is the year of re-dedication throughout America. Take a new look at Freedom, think how it works for you in your community, and help it along today as it has helped you in the past.
