Lary to Carry Load

Lary will again be called on to carry the load in the punting department with capable assistance from either Lippman or Dollar if the need arises. Lary has never had a punt blocked and that is quite an amazing feat since he punted 71 times during 1949 and 63 times last Fall, averaging close to 40 yards per try. Dollar averaged nearly 40 yards last season at Del Mar. Lippman will probably be used for quick-kicking purposes.

be used for quick-kicking purposes.

Hooper has the extra-point and kickoff job wrapped up but Hodge and Hill are behind the big junior if he should be injured. Hooper left little to be desired last Fall, as he made 38 out of 51 attempts at the two-yard line and booted several kickoffs out of the playing field, his longest being a near-100 yard boot.

Lary's name crops up again in the safety position where he has been tagged as the number one man. He was one of the top men in the nation on punt returns last year. McDonald will move back from his position as left defensive halfback to a double safety on punts. Lippman will probably relieve either of the men in the spot.

Great things are expected of men like Jack Little at tackle, and Jim Fowler and Alvin Langford at defensive positions. Co-Captain Mey-(See FOOTBALL, Page 4)

Because of the lack of depth in the line, a semi-platoon system will be employed, which will require most of the starting offensive line to play quite a bit of defense. It is expected that Meyer and tackle Jack Little will be used as 60-minute men.

The outlook for the backfield is great with Smith, Lipmann, Tidwell and Gardemal probably comprising the starting four-some with a bevy of replacements available for both offense and defense.
