

Shown receiving a copy of Pioneer Airlines' new schedule are Chancellor Gibb Gilchrist and President M. T. Harrington. Pioneer hostesses Audrey Flanagan of Houston, Ann Wylie of Beaumont and Beth Brogdon of Dallas (in the usual order) are presenting the schedules. The ceremony took place this week in Chancellor Gilchrist's office, and marked the beginning of a morning flight from College Station to Houston.

New Law Will End Deferment Of 300,000

Washington, Aug. 30—(AP)—Well over 300,000 men will lose their deferments when new draft regulations, now awaiting President Truman's signature, are put into effect.

The regulations will carry out provisions of the new Universal Military Training and Service (UMTS) Act.

Selective Service said between 150,000 and 200,000 childless married men will lose their deferments under the new rules. An estimated 150,000 4-F's are expected to be drafted when the armed forces' mental standards are lowered.

The Army said that since July 18, in accordance with the act, it has been accepting draftees who made only a score of 10 on the preinduction mental exam, instead of the 13 required previously.

The more than 250,000 who have flunked the preinduction exam, or armed forces qualification test (AFQT), will be reexamined starting in January at the latest, the Army said.

Selective Service reported that 500,000 childless husbands were in the deferred category on July 31, but that about one third probably will fail their preinduction mental or physical examinations.

Legislature Raises High Cost Of Driving

Austin, Tex., Aug. 30—(AP)—The high cost of driving your automobile is going even higher.

Beginning Sept. 7 you'll have to pay double the old 50-cent rate for your driver's license.

Before you can get your next year's license plates, you'll have to have your car inspected. That'll be \$1 plus whatever it costs to fix the old buggy up to pass the inspection.

Beginning Jan. 1 you'll have to prove you can pay accident claims and damages after you have an accident. That may never cost you anything, but it also might cost you between \$25 and \$35 a year.

All those new requirements were written into the law by the 52nd Legislature.

This is the way they work:

The driver's license fee was doubled to meet increased state costs. If your license fee expires anytime soon, however, you can get the jump on the double fee by renewing early. Texas Department of Public Safety Director Homer Garrison says all license renewal stubs mailed with 50 cents before midnight Sept. 6 will be renewed at the old rate, regardless of the present expiration date.

The driver responsibility law that becomes effective Jan. 1 is a bit more complicated.

You don't really need to worry about it unless you have an accident—or think you might. If you do—no matter whose fault it might be—The Department of Public Safety will figure up how much property damage and personal injury claims might be involved.

If you can show that you have enough ready cash—or can get it quick from a bank account, securities, or the like—you still have no worries.

But if you can't prove you can pay the bill, you'll probably have to buy liability insurance to cover property damage up to \$5,000, bodily injury for one person up to \$5,000 and bodily injury for two persons up to \$10,000.

Short Course In Fly Control Ends

The short course on fly control held Monday, Tuesday, and half of Wednesday at the Memorial Student Center was "an unequalled success," according to Dr. H. G. Johnson, head of the Entomology Department.

The meeting was conducted to study the health significance of the fly. Dr. Johnson, representing his department, Dr. Wade Bolton, of the U. S. Health Service, city officials, and representatives of the state health department saw films on the biology of flies, basic sanitation, and methods of spraying insecticides. Personnel of dairy plants and other industries concerned with fly control were present. Field work included methods of determining the fly population and demonstration of different types of spraying equipment. Equipment for the course was furnished by the Entomology Department.

The Last Word

Weddings, Births Vacations Main Aggie Events Now

By PAT MORLEY
Battalion Women's Editor

While many of us sit under whirring fans, sipping iced drinks, trying to keep as cool and relaxed as the man pictured here, other Aggie families have gone on vacation to forget the heat. Fortunately, life continues, in spite of the weather, and wedding bells have rung for some, and many of the old-marrieds have received visits from the stork.

Week-end vacationers were Don and June Martin, who drove to Corpus Christi to visit their parents, Mr. and Mrs. G. D. Martin and Mr. and Mrs. G. W. Carlisle. Don is a junior sociology major.

Edward P. Miles, Jr., IE graduate and ex-Ross Volunteer, will make Norma Beth Cooke of Waxahachie his bride September 15. The bride-to-be is a TSCW graduate, where she was a Redbud Princess, Aggie Sweetheart nominee, and a Cotton Ball duchess, as well as the secretary of her junior class. The wedding will be solemnized at the Central Presbyterian Church in Waxahachie.

C-8-X College View will be the first home of Mr. and Mrs. John W. Hudnall III. A senior Ag. Eng. student, Hudnall exchanged wedding vows with Vera Cantrell August 17, and the newlyweds will be at home at Aggie land after they return from a trip to New Mexico. Senior ME major Jack Banowsky served as usher at the Hudnall marriage ceremony.

Another Aggie senior, Samuel D. Ampsper, Jr., accounting major, brought his bride of less than a month to A&M last Sunday. On Aug. 18 Sam married Betty Ann Barber of Corpus Christi, a former student of Ward-Belmont, and Baylor University. They made a trip to Mexico, and are now at home at 300 Yorkshire. They are both working at the MSC between semesters.

Three A&M families are spending the time between semesters making long, leisurely trips to visit some ex-Aggie friends. ME major Eugene L. Seale, his attractive wife, Hilda, and their two sons will spend their vacation with Jim and Marie Park, who graduated with a degree in dairy husbandry last January. The Parks now live in Lakeland, Florida. After the Seales get back to Texas they will visit their parents in Beaumont, Mr. and Mrs. G. W. Barclay and Mr. and Mrs. E. L. Seale. Accompanying Gene and Hilda to Lakeland are Curley and Darla Holland. Marjorie and Robert Hood will travel to Miami, and after the three couples have rejoined they will extend their trip to Bay City where they will visit Florence and Kelly Brownlow, who graduated with a bachelor's in CE last June. All in all, this will be a real Aggie reunion!

Before the ink had dried on his Bachelor of Electrical Engineering degree, Kerry Dale Savage had signed another document—a wedding certificate. On August 26, in Teague, Kerry married University of Texas graduate Dorothy Leah McSpadden. Kerry was a member of Tau Beta Pi, honorary engineering fraternity at A&M before his graduation last Saturday.

A tea and reception was held last night at 8 o'clock in the MSC Ballroom for the Home Demonstration Association, with about 2500 guests present. Mrs. R. N. Almarode, president, and all other members of the organization, have been well received on the campus, and their gracious charm has not been unnoticed in this masculine environment. The three-day convention will end tomorrow, and the staff of the MSC considers it a most orderly, successful, and pleasant meeting for all concerned.

Ann Hilliard, social director at the MSC, rarely has time to catch her breath these days. In addition to her usual thousand-and-one duties of keeping the social life of the "Center" running smoothly, she now has added typing and phone-answering in her office. Ruby Nell Seale, Mrs. Hilliard's secretary, is on vacation. Ruby Nell and her husband, Gene, have gone to Beaumont for two weeks to visit their parents, the Geo. W. Barclay's and the E. L. Seale's.

Ira, Mary, and Chuckie Vail, will go to Austin this week-end to renew acquaintance with some friends they haven't seen for ten years. Next week-end they will visit John (Ole) Oleson, his wife, son and daughter. Ole, who graduated in June with a degree in M. E., is now a draftsman for a Houston firm.

Don Lippincott, senior Aero. Eng. major, is painting the Lippincott apartment, 16-A Vet Village, while his wife, Janie, and little daughter, Bonnie, are in Ohio to see Jane's parents. They will return Monday, to their newly-painted house, and a lonesome Don.

Blessed events have been occurring in College Station with astonishing rapidity lately. Some of the new parents are:

Basketball team member Buddy

Daniel Rules Against Money Measure Rider

Austin, Tex., Aug. 30—(AP)—An appropriation rider to knock admitted past members of subversive groups off the state payroll was declared unconstitutional by Attorney General Price Daniel Wednesday.

The ruling, which members of Daniel's staff privately described as a "political hot potato" upheld that portion of the new loyalty oath requiring state employees to swear they are not now members of the Communist party or any other subversive organization.

Indirectly, the opinion was a victory for five University of Texas regents who sought a ruling on validity of the legislature's action. Four other regents had voted against getting an opinion.

Daniel struck down the retroactive provision which would have required employees to swear they have not belonged to any subversive group within the past 10 years. The law would prevent payment of salaries until such oath is taken.

He said the state constitution prohibits inclusion of such general legislation in a general appropriation bill.

That part of the rider dealing with current membership is legal because it is "a reasonable limitation, restriction and safeguard on the expenditure of public funds," the opinion held.

Authors of the opinion were Daniel and two assistant attorneys general E. Jacobson and E. Wayne Thode.

Churches

(Continued from Page 3)
A&M Church of Christ

The A&M Church of Christ, corner of Main and Church St., will have Bible School at 9:45 and Church service at 10:45, with James F. Fowler preaching. Young Peoples Discussion meeting will begin at 6:15, followed by the worship service at 7:15. Midweek services will be held at 7:15 Wednesday evening.

Sam and Nell Johnston, No. 10 Project House, have a new son, Daniel Park, who was born Sunday, Aug. 12. Sam, a graduate horticulture student, and he and his wife have another little Aggie.

Mr. and Mrs. Richard Earl Burleson from Mart, Texas, now of College Station, are parents of a nine-pound boy, born August 16. Richard is a graduate student.

A&M Methodist Church
Sunday School will start at 9:30 a.m. at the A&M Methodist Church. Sermon will be at 10:30.
