

Smoke Prizes Arriving For Annual Pipe Contest

Prizes for the Annual Battalion Pipe Smoking Contest are arriving daily, announced C. L. Atmar, purchasing agent of the MSC today. The MSC will co-sponsor the contest with the Battalion.

Among the prizes that have arrived is a "Lazy Susan." This is the name given to an aluminum

pipe rack which contains four pipes and four varieties of tobaccos. It was sent by the R. R. Tobin Company.

Sutliff Tobacco Co. sent a dozen cans of their Mixture No. 79. The Tawn deluxe travel kits for toilet articles and accessories have arrived. Prizes in last year's contest totaled \$278 in value.

Opens Nov. 15

Nov. 5 is the scheduled date for the fifth annual contest. Branches of the pipe contest will be large, medium, and small bowls; miniature and metal bowls; calabash and churchwarden bowls.

Cigar smokers will have a chance

to demonstrate their skill. Prizes in this division will go to the cigar smoker who keeps his "stogie" going the longest.

Phases of the contest will be open to pipe collectors, corn cob smokers, and smoke ring blowers. "Roll-your-own" addicts will have two divisions. One section will feature a rough cut tobacco, which is harder to roll than average tobaccos and is usually used by professionals and range riders. Featured in the other section will be "easy-to-roll" tobaccos used mainly by novices and college coeds.

Prof Puffers

Faculty members will compete for prizes in a special section. Two phases of the contest, pipe and cigar smoking, will feature the faculty section. Gene Sutphen, of the photographic and visual aids department, won the professor's division last year by puffing his pipe for 59 minutes.

Anyone associated with Texas A&M College, including women, may enter the contest. Students of the other colleges in the Southwest Conference have been invited to come to Aggieland to vie in the contest.

Initial Meeting Of Bridge Club Slated Tonight

First meeting of the Memorial Student Center Bridge Committee will be held tonight at 7:30 in the MSC Games Room.

Sponsoring bridge playing for beginners and experts, the Committee will offer instruction in playing and bidding for beginners, and provide experts an opportunity to maintain their skill.

In February the Committee plans to enter a team in the National Intercollegiate Bridge Tournament. Winners in regional zones of the contest will receive an all expense paid trip to Chicago sometime in April to participate in the finals.

Tentative plans for entering A&M players in other intercollegiate competition previous to the National tournament are under consideration.

Present plans of the Committee are to meet weekly on Monday evenings throughout the year.

Cryptography Club To Meet Tonight

A student chapter of the American Cryptogram Association will be organized tonight at 7:30 p.m. in the YMCA, said M/Sgt. Richard Schroeder, chapter sponsor.

This club, open to anyone interested in cryptography and code work, will elect its officers and make provisions for the ratification of its constitution.

The club intends to practice breaking down both cryptal and code systems and also originate some systems of its own.

Later on in the year the club will submit messages, using their own systems, to the national organization's magazine and inviting other such clubs to solve them. Current plans also include speakers to attend meetings to give lectures and lead discussions concerning cryptography.

Kiwanis Kapers Tonite

Approximately 16 separate acts have been planned for Kiwanis Kapers scheduled for 8 tonight in the A&M Consolidated High School Gymnasium.

Directed by C. K. Esten, faculty sponsor of the Aggie Players, proceeds from the local talent show will be used by the College Station Kiwanis Club for charitable work in the community. Such organizations as the Crippled Children's Clinic, held each year, are sponsored by the local club.

HS Chorus to Sing

Two songs by the A&M Consolidated High School chorus will be featured tonight's show. This will be followed by a Can-Can by L. E.

Boze, Robert Boone, Taylor Riedel, and Les Richardson.

Three numbers will be given by A&M students. The Singing Aggie Quartet, composed of Tommy Salvage, Ken Wiggins, Harold Hughes, and Dale Walston, will render some selections. Roddy Peoples will give an accordion selection, and Billy Singleton will give a commercial.

The program will be rounded out with numbers by local residents. Sut Shamon will give a vocal solo. Otis Miller is the star of an act entitled, "This Ain't No Bull."

There will be tap dance numbers, ballads, and skits in the show. Wanda Dajsa will render the tap dance routines, Bert Averis is lined up for ballads and folk songs, and

Curtis Barlan and Joe Sorrels will be featured in a skit entitled, "Curley—His Trombone and Joe."

Ray George Featured

Special features include the Ray George Boys—Jack and Greg, a "Bewildered Recruit" as interpreted by Stuart Helvey, a "Snugg Interlude" by R. E. Snugg, and a medley by Bob Bone.

A girl's quartet from the Consolidated Chorus, composed of Sara Puddy, Glenda Brown, Wanda Goodwin, and Louise Street, will give two numbers. The last number in the show will be given by the Consolidated Chorus.

Betty Bolander and Janice Hildebrand will be accompanists for the group.

Student's Progress Thrill For Gammon

"The greatest personal satisfaction that I get from teaching is that of watching young progress from green, half scared kids, just beginning college, to mature men grasping the full value of their education," said Dr. S. R. Gammon, head of the history department.

Dr. Gammon has served as head of the history department since September, 1925, when he first came to the college. He began his education in 1907 at Washington and Lee University where he received his BA degree in 1911. Continuing his studies, he did graduate work at the same university and received his MA degree in History in 1913.

At the outbreak of World War I, Dr. Gammon, entered the armed services and received his commission in the United States Army. He was assigned to the regimental staff of the machine gun training center at Camp Hancock near Augusta, Ga.

After receiving his discharge in 1919 with the rank of first lieutenant, he immediately began preparation for work on a doctor's degree. He enrolled at John Hopkins University, where he received his PhD in 1921 for his dissertation on the presidential election of 1832.

It was while working for his MA degree that he decided to make history his major field. "I decided that history was the widest

field of service in which I was capable of doing the most good and I had always enjoyed history."

Coming to Texas from John Hopkins, Dr. Gammon served as chairman of the History and Government Department of Austin College at Sherman. He was head of that department from 1921 to 1925, when he came to A&M.

Dr. Gammon's present avocation is like "bus driver's holiday" because he considers his Great Issues course his greatest hobby.

"As a fellow gets older, he becomes more absorbed in his work. Great Issues is a hobby of mine and I get pleasure from arranging the course which is offered during the spring semester," he said.

An outdoorsman, Dr. Gammon prefers hunting game fowl and playing golf. Along with Dr. J. H. Hill, also of the history department, he makes annual hunting trips to East Texas during the duck season.

Married for 33 years, Dr. Gammon has two sons, both of whom are A&M honor graduates. One son, William, was killed on Leyte Island in the Southwest Pacific during World War II. A second son, Samuel III, served in the European theater of operations during World War II and was recently recalled into active service.

A member of the A&M Presbyterian church, Dr. Gammon has been an elder for the past 25 years. The Gammons were members of the Presbyterian Church in Bryan from 1934 to 1944 before transferring to the local church.

Grid Giants Face Big Tasks

(Continued from Page 3)

South-Tennessee (3-0), Maryland (3-0), Georgia Tech (4-0), Pacific Coast-California (4-0), Stanford (4-0), Southern California (5-1).

This imposing lineup may come in for some revision a week hence since many of the powers have

stout foes awaiting them Saturday.

The outstanding victory was that scored by twice-beaten Southern Methodist over a revitalized Notre Dame team that had been figured ready to reclaim its old place of national dominance. SMU's Fred Benner, completing 22 passes, pitched the Fighting Irish dizzy at South Bend and the Mustangs romped home, 27-0.

Texas won its fourth straight game by upending Oklahoma, the 1950 national champion, 9-7, and Rice smashed Navy in a night game at Houston, 21-14.

Notre Dame Falls

Notre Dame, ranked fifth in last week's Associated Press poll, was one of two of the ten top-ranking elevens to fall upon bad times. Ohio State, No. 9, found a stone wall in Wisconsin's line and was held to a 6-6 tie.

Top-ranking Michigan State had a severe fright at East Lansing where an aroused Marquette team took a 14-6 lead into the final minutes. The Spartans rallied for two touchdowns in the final seven minutes.

The California Bears continued their mighty offensive to beat Washington State, 42-35. Pappy Waldorf's Athletics, unbeaten in regular play in the last four years, have rolled up at least 34 points a game against Santa Clara, Pennsylvania, Minnesota and now Washington.

Tennessee toyed with Chattanooga, 42-13; Texas A&M, No. 4, downed Trinity, 58-14; Illinois, No. 7, crushed Syracuse, 41-20; Georgia Tech, No. 8, easily trimmed Louisiana State, 25-7, and Maryland, No. 10, toppled hitherto unbeaten Georgia, 43-7.

NCAA

(Continued from Page 1)

and basketball, either through curtailment of the season or definite game limitations.

● Re-examine post-season games in the light of the pressures they create.

● Urge reconsideration of the free substitution rule to eliminate pressure implications of the platoon system, but preserve the protective health features of reasonable substitutions.

● Insist upon normal academic progress toward a degree for purposes of eligibility.

● Deny athletic eligibility to any student who has not been admitted in accordance with regular published entrance requirements.

● Limit the number and amount of financial grants to athletes.

● Enlist the support of all true lovers of wholesome college athletics, particularly in alumni areas, to reduce undesirable recruiting activity. This effort should be stimulated by top-level institutional administration.

● Demand strict adherence to the letter and spirit of rules, once they have been established either by institutions or by regional or national groups.

● Inflict the penalty of ineligibility on the athlete who knowingly or willfully enters into collusion for the purpose of receiving gifts or subsidy beyond that regularly permitted by the institution or conference of his choice.

● Eliminate excessive entertainment of prospective athletes.

● Give close attention to the curriculum of the athlete to assure that he is not diverted from his educational objective.

Blast

(Continued from Page 1)

Smith was nursing a "charley horse." Tidwell was favoring a gashed foot, and Cary Anderson had an injured knee.

With the replacements dominating the game for the Aggies, they racked up the highest score A&M has recorded against a team since 1945 when a Cadet eleven overran Ellington Air Force Base, 54-0.

The Aggies picked up 305 yards rushing and 185 through the air to score victory number 15 over the Tigers. These two teams have tied twice in their 18 meetings and the Gulf Coast Conference member has one win to its credit.

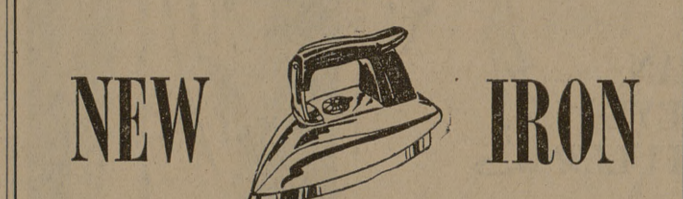

One San Antonio scribe said about the game "If Coach George had of been the bloodthirsty type, the score would have been twice as high."

Game at a Glance

A&M	Trinity
332 Gross yds. gained rushing	183
12 Yards lost rushing	51

Texas A&M College Commemorative Plates

These beautiful Wedgwood Dinner Plates are 10 1/4 inches in diameter and made of ivory Queensware. Now available through the efforts of P. L. "Pinkie" Downs, Jr., '06, President of the A&M College Commemorative Plate Association.

This is your opportunity of a lifetime to own an outstanding Set of 12 Wedgwood Plates, each bearing a picture of a different College Building familiar to A&M men and to all who visit the Campus. These plates are offered to Students, Former Students and Friends of the A&M College of Texas.

Made in the incomparable potteries of Josiah Wedgwood and Sons, Ltd., of Etruria, England, the A&M Commemorative Plates are the final word in true artistic achievement. Wedgwood has maintained since 1760 the high standard of quality, the unequalled brilliance and technical progress set by the founder of the potteries, Josiah Wedgwood, described by outstanding ceramic authorities as "the greatest potter the world has ever known."

A set of these thrilling A&M Commemorative Plates will preserve forever for you in the most worthy setting the scenes of the College which are a part of all A&M men. There are scenes of old Gathright Hall, the Academic Building, Kyle Field Stadium, the Chemistry Building, the Administration Building, Sbis Mess Hall, Guion Hall, the Agricultural Building, Cushing Memorial Library, T. O. Walton Hall, the Veterinary Hospital, and the Civil Engineering Building.

These sets of Plates are offered at the unbelievably reasonable price of \$42 per dozen of the Regular Edition! Be among the 300 to order your set as soon as possible and own for your lifetime a cherished possession that is not only exquisite but of constant use to you and your family. The sets are being offered in units of twelve plates only. They make outstanding Gifts for Birthdays, Anniversaries, Weddings, Graduation, Christmas presents and all other occasions.

Since it is necessary for your order to be filled in the Wedgwood Plant in Etruria, England, and shipped to this country, several months will be required before delivery is completed.
