

Kiwanis Park Near College Station--For Boys and Girls

A group of Girl Scouts and Brownies study a Spanish Mulberry plant located just off the main trail in Kiwanis Park. Nature studies are one of the attractions which the park has for youngsters

In the usual order, Carolyn Wilson, Sue Cain, Mary Whiteside, Katherine Griffin, Ann Cain, and Mrs. Erwin Brigham observe the plant.

Warner Dahlberg, a patrol leader for Troop 411, comes to attention and salutes the United States flag during a flag raising ceremony at Kiwanis Park. His troop spent the night at the park, erecting tents and cooking their meals. Jack Burns, First Class Scout, raises the flag.

Lining up for a drink of water after a hike through Kiwanis Park are six members of Den 6. Jackie Mackin, kneeling, seems amused at making the others wait. Dee Smith, Tommy Wing,

Denny Thompson, Gordon Darrow, and Charles Koke are standing in line. Seen in back of the water faucet is a shelter used by groups for their headquarters and as protection from the weather.

Kiwanis Club Park Dedicated To Serve CS Area Youth

"Site presented for the youth of this area" is part of the inscription on the sign marking the entrance to Kiwanis Park.

Located at the end of Munson Drive in College Hills, the park was founded three years ago when J. C. Culepper Jr. deeded a four and a half acre tract to the College Station Kiwanis Club.

The club with the aid of the College Station Community Chest has developed the park through the years until today it stands ready to serve the youth of the area.

Few places could be better located to give youngsters a wooded retreat where, guided by experienced

leaders, they can enjoy fellowship in the outdoors.

The park is equipped with running water, a parking area, and a shelter. Yet, the area for the most part has been left untouched by human hands.

Walking down the trail leading from the entrance to the shelter, trees and plants of many varieties can be observed. Further back in the park, are located ideal spots for Sunday afternoon picnics and camp fires.

A troop of Brownies spent five days at the park during the summer, studying birdlore, conducting nature studies, and practicing campcraft. The Brownies are be-

lieved to be responsible for a fire-place which can be found on the premises.

Improvements such as the fire-place are greatly welcomed by such men as R. G. Cherry, chairman of the Kiwanis Park Committee.

Citizens of the community have contributed through the community chest over \$1500 toward the development of the park during the past three years.

The Avelita Chapter of the Daughters of the American Revolution erected a 50-foot flag pole near the shelter at the park. Flag raising ceremonies have aided in impressing upon youth their responsibility to country.

Students wishing to serve as tutors should contact James Y. Alexander in the Registrar's Office immediately. The procedure for a student to be listed by the Registrar's Office as a qualified tutor is as follows: (1) The student should contact James Y. Alexander in the Registrar's Office. (2) There the student will be given necessary forms to fill out and have approved by the department head in which field he wishes to tutor students. (3) The student is then placed on the qualified list of tutors by the Registrar. This list is made available to students needing tutors. There is currently a shortage of student tutors. Pay for tutoring varies, but generally averages about 75 cents an hour, and in some cases the hourly wage paid probably will be higher.

CANDIDATES FOR DEGREES

Any student who normally expects to complete all the requirements for a degree by the end of the current semester should call by the Registrar's Office NOW, and make formal application for a degree. November 1st is the deadline for filling an application for a degree to be conferred at the end of the current semester. This deadline applies to both graduate and undergraduate students. Those who have not already done so, should make formal application in the Registrar's Office immediately. A student who is a candidate for a degree must be registered for the courses necessary to complete the requirements of his curriculum, and must not lack a grade point ratio in excess of 1.50 in his major field, and overall for his work on that semester, in order to meet the grade point requirements for graduation. H. L. HEATON, Registrar.

The National Geographic Society estimates that more than 230,000,000 persons see movies in the world each week.
