

A&M's meat judging team placed fourth in the contest at the American Royal Livestock Show in Kansas City, Oct. 16. Members of the team are (left to right) Morris Nanny of Rochester, alternate; Max Word of Ozona, who was sixth high individual in the contest; James Teutsch,

Bay City; Tom Harris of San Angelo, who holds the plaque he won as high man in lamb judging and Instructor John Moffitt, who is the team coach. The team which also tied for second in beef judging, will participate next in judging at the Chicago International Livestock Show.

The winning team in judging hogs at the American Royal in Kansas City was this team from A&M. They scored 1191 points out of a possible 1250. Members of the team are (left to right)

Dale Handlin, coach; John Fuller, Tom Harris, Kelly Anderson, Louis Amstler, Harold Brag, and Morris Nanny. Harris tied for first place in judging hogs.

Nohavitz

(Continued from Page 3)

High honor for his fine line-and-down-the-field play was bestowed to him in the form of an All-America Honorable Mention by the United Press.

As the season continues, Nohavitz may develop to the excellence of the 1950 "watch charm" guards—Max Greiner and Carl Molberg. A&M's other starting guard is Marshall Rush.

Elo is 21, weighs 192 pounds, and is 5' 10". This two-year letterman is a senior and played high school football in El Campo with Ag teammates, Jaro Netardus and Glenn Lippman.

Despite his stature, he is one of the most aggressive linemen on the team.

Not only a stalwart member of the line, Elo is also an outstanding student.

Judging Teams Place In National Meets

The A&M meats judging team placed fourth in the 1951 national contest at Kansas City, Mo. last week. The Aggies were competing against teams from ten major colleges and universities in the United States.

Members of the Aggie team were Tom Harris, Max Word, and James Teutsch. Morris Nanny was alternate member. The team was sponsored by J. G. Moffat, professor of Animal Husbandry.

Harris tied for first place in lamb grading. Word was rated sixth among the 33 individuals competing and was the high point man on the Aggie team.

The Aggies tied for second place in beef judging. They also finished

fourth in beef grading.

After the contest the Aggies were entertained by the Kansas City Aggie-ex club.

The senior dairy products judging team made up of Sidney Allen, Ford Madison, Thurman Huston and Howard Kruse, participated in a warm-up contest with teams from the other schools last week.

Meeting at the University of Kentucky Friday, the students were enroute to the International Collegiate Dairy Products judging contest to be held in Detroit, Mich., yesterday. Twenty-six teams from the US and Canada meet in competition at the meeting.

High individuals in the International contest are awarded all-expense fellowships for graduate work at schools of their choice. The Aggie team was coached by J. B. Nairy who recently resigned from the college to accept a position with the Borden Company at Dallas.

Frank Potter of the Dairy Manufacturing staff accompanied the team. They will return to the campus Oct. 27.

Physicians Aid Helpful to Babies

Cincinnati, Sept. 11—(AP)—Physicians here are trying out a new machine intended to relieve babies born with their air passages blocked by fluids and secretions. It has proved especially helpful in the cases of prematurely born babies, said the physician who explained it. He declined use of his name.

The lock is kept at Good Samaritan Hospital.

The physician explained its functions as follows: The lock obviates the use of instrumentation (insertion of a tube in the trachea) to clear the air passages which have become blocked by secretions of fluids arriving from within the body of the infant or from the mother.

The baby is placed in the new air pressure lock under an atmosphere of 60 per cent oxygen and air and under a pressure of one to three pounds.

At the beginning the air is cycled from one to three pounds and this fluctuation in pressure forces the blocking fluids or secretions from the nose and mouth.

The air pressure lock, says the doctor, has the decided advantage over the instrumental method in that it provides increased absorption of oxygen through the skin, which prevents marked anoxia (lack of oxygen).

TCU's Breaks

(Continued from Page 3)

would have been a touchdown in the first quarter.

Smith led the A&M pass receivers, snagging three passes for a total of 86 yards. Tidwell who was second in the pass-catching department to Smith caught two passes for 22 yards and one touchdown.

TCU was very quick to take advantage of the breaks of the game which proved to be the margin of victory.

Scoring three touchdowns and two extra points in the final nine minutes of play showed that the Horned Frogs are always dangerous.

Senate Arranges Seating

through ramp P and will sit in a section 14 rows deep, from the main aisle up to the beginning of the non-corps senior section.

A section 10 rows deep from the top of the stadium has been assessed to the non-corps students other than seniors. It will extend from the goal line to the middle of the end-zone.

All juniors will enter through ramp O. The corps juniors will sit in a section 11 rows from the top and extending down to eight rows below the main aisle and over to the 40-yard line or next to the band.

Freshmen and sophomores will enter through the remaining ramps and sit in a section from the middle of the end-zone to the 40-yard line. They will also be admitted to a section 9 rows down from the main aisle to the cinder track from the end zone to the 40-yard line.

A detailed diagram will appear in The Battalion on Friday which will clearly outline the appropriate class sections.

"The committee and I arrived at

the seating allocations by getting the registration figures by classes and multiplying this number by 1.5 to allow for dates and guests," said Dunn. "We feel that if the students will offer full cooperation with the ushers and RDO's, better seats will be available."

Action was also taken on nine other resolutions.

The announcement that Post Graduate Hall will be opened to house non-corps students brought about an amendment to the senate constitution which would insure adequate representation in the Student Senate.

The amendment reads to the effect that if a housing area is added after the regular senate election, a special election in that area will be had to elect a representative to the senate.

At the suggestion of Ted Stephens, a committee, headed by Margerie, will investigate the funds which were appropriated last year for purchasing a school mascot. This committee will also make arrangements to purchase a German Sheppard, the mascot voted last year.

Students Invited

A motion was passed unanimously to invite to the next meeting the three students, attending A&M through action of the senate. Don Young, senate vice-president, suggested that members of the senate pay extra attention to these students and to help them out whenever possible.

Princess Cynthia Arrives at England's

England's tiny 5lb. 15 oz. Princess Cynthia arrived at 7:45 p. m. in Brownwood, Oct. 10.

The little blue-eyed miss will make her home with Roy, Joyce, and Mike England of College Station. This timely "news story" announced the birth of a daughter to the Roy England family, of A-1-D College View.

Roy is a junior animal husbandry major from Santa Anna.

Official Notice
CANDIDATES FOR DEGREES
Any student who normally expects to complete all the requirements for a degree by the end of the current semester should call by the Registrar's Office NOW, and make formal application for a degree.
November 1st is the deadline for filing an application for a degree to be conferred at the end of the current semester. This deadline applies to both graduate and undergraduate students. Those who have not already done so, should make formal application in the Registrar's Office immediately.
A student who is a candidate for a degree must be registered for the courses necessary to complete the requirements of his curriculum, and must not lack a grade point ratio in excess of 1.50 in his major field, and overall for his work on that semester. In order to meet the grade point requirements for graduation.
H. L. HEATON, Registrar.

3000 Student Date tickets to the Baylor game are now available. They will remain on sale until 5 p.m. Friday, or until supply is exhausted, in the Athletic Office. Students will be required to present ID cards at all football games.
Howard Nelson, Ticket Manager
More than one third of U. S. Army enlisted men hold high school diplomas, Army records show.
