

## Problems Voiced At Junior Officer Meeting in MSC

By JOEL AUSTIN  
BATTALION MANAGING EDITOR

"Now that the board is gone, what do we use?" That was the question many first sergeants were asking last night in a firey meeting held in the MSC Ballroom.

Col. Joe Davis, commandant, tried to answer that question and many more in the first meeting of regimental sergeant-majors, first sergeants, and corps staff juniors which was held for the purpose of airing complaints and problems of unit leaders.

With colonel of the corps Eric

Carlson presiding, the juniors got the meeting in a frenzy hurriedly by asking for some definite punishment which can be used quickly and effectively for subordinates.

The juniors claimed the "bull ring" is now being used for men who have committed small punishable offenses, although the time for bull ring punishment sometimes comes weeks after the offense has been committed.

After three hours, however, no solution to the problems could be offered by Col. Davis or by the juniors. They agreed something tangible must be substituted for the board, which has been ruled out of military units on the A&M campus.

Col. Davis explained that anything as far-reaching as a solution to their problems could not be decided overnight. For that reason a group of seniors have been appointed to study this situation and devise suitable punishment for offenders, he said.

## Aggie Debators Compete at UH Tournament

The A&M Debate team will leave Thursday night for Houston where they will participate in the University of Houston National Debate Tournament.

Members of the team are Dan Davis, James Farmer, Joe Riddle, and Bert Weller.

The meet is of the extemporaneous type in that competing teams receive their subjects only one hour before debating them. A list of subjects is chosen by vote of the competing teams at the beginning of the tournament.

An Aggie team composed of Farmer and Paul Jones took first place in this meet last year.

Riddle of the Aggies will also enter the impromptu speaking portion of the meet. Riddle took second in this event at the TU Round-up meet last year.

The special events are scheduled for Friday morning with the first round of debates beginning on that afternoon. Saturday morning and afternoon will be devoted to debates.

Winners will be announced that evening. A banquet is planned for all competing teams on Friday night.

## Reds Offering No Reasonable Solution, Say Negotiators

Munsan, Korea, Oct. 30—(AP)—A United Nations truce negotiator said today "we're busting our guts trying to get this war settled" but the Reds are making "no attempt to get a reasonable solution."

The statement came from Maj. Gen. Henry I. Hodes, chairman of the U. N. truce subcommittee, during a recess in the sixth joint subcommittee session at Panmunjom.

The negotiators met three hours but failed to make headway toward creating a Korean cease-fire line. Another meeting is scheduled for 11 a.m. Wednesday (9 p.m. Tuesday EST).

**No Progress Made**

Brig. Gen. William P. Nuckolls, U. N. spokesman, said:

"The Communists continued to press for their proposal which would trade indefensible territory in west Korea in the Ongjin area for important military positions along the battlefield. No progress toward a solution was made."

At Panmunjom, within sight of bursting Allied shells, Hodes said the Communists "have made no trade, no offer, no attempt to get a reasonable solution."

"They say they will withdraw from the Ongjin and Yonan peninsulas. This is absolutely meaningless. It makes no difference to

us and it makes no difference to them. There isn't any argument for it."

The two peninsulas are west of the battlefield. They protrude below the 38th Parallel, old political boundary line between North and South Korea. Ongjin is cut off by water from the rest of South Korea.

**Reds Have Counterproposal**

The Allies want U. N. troops left in a defensible position along whatever cease-fire line is created for the armistice. Their latest proposal is for a 2½-mile wide buffer zone along present battle lines. Under the Reds' counterproposal U. N. troops would have to retreat five to 15 miles southward from their present ridges.

A spokesman commented to Hodes that the Red plan would mean Allied withdrawal from newly won Heartbreak Ridge on the Eastern front. The general chief of staff of the U. S. 8th Army replied:

"There are a hell of a lot of heartbreak ridges as far as I'm concerned—a couple of hundred of them."

Hodes said the Communist negotiators objected to giving up Kaesong, former site of truce conferences, as asked in the U. N. proposal.

## Lions Entertain Ladies With MSC Dinner-Dance

"Zany" was the word for the College Station Lions Club Ladies' Night program Monday night, according to Dr. Al Price, president.

The quarterly affair, a dinner-dance with entertainment, was held in the Assembly Room of the MSC, starting at 6:30. About 50 members and wives were present.

Festivities were started by a community sing-song led by Tom Stephens. Invocation was given by A. B. Medlin, then guests settled down to a turkey dinner.

Eating was interrupted when the lights went out and a scream echoed through the room, introducing a skit about the pitfalls of married

life featuring W. H. LeRoy and Dr. John H. Milliff.

Roddy Peoples played several accordion selections. Next was a barber shop quartet composed of Homer Blackhurst, Dr. W. A. Boney, Lucian Morgan and Herb Thompson. Mrs. A. B. Medlin accompanied them on the piano.

The club's official tail-twisters, Bob Cain and Lt. Col. Alex Currie, re-fought the War between the states to end the program.

After the entertainment, members and their wives danced to music by the MSC juke box. Bridge and canasta games were available for those who did not care to dance.

## Smith Goes Down

That's all she wrote for Aggie fullback Bob Smith (36) as Baylor's O. C. Brocato (54) pulls him down during the game on Kyle Field Saturday. And just to erase any doubt, Gale Gallo-way (50) and Kenneth Casner (79) were right behind to give Brocato a hand.

## Ags 18th, Baylor 8th, Texas 12th

## Vols Again Lead Football Poll

New York, Oct. 30—(AP)—Tennessee and Michigan State clung to the No. 1 and No. 2 positions in the Associated Press football poll today but the rest of the top ten underwent a minor shakeup.

Wisconsin, which spoiled Northwestern's perfect season 41-0, showed the greatest gain, leaping from the 14th notch to No. 10. The Badgers replaced Texas, which tumbled to 12th despite a 14-6 victory over Rice.

Illinois, Maryland, and Princeton moved up on the strength of impressive triumphs last Saturday. Georgia Tech, Southern California and Baylor lost a little ground but stayed in the top rankings. California held firm to the No. 9 spot.

**Illini Makes Third**

The Illini, whipped up with Rose Bowl fever, moved into third after humbling Indiana, 21-0, and sent unbeaten Georgia Tech, 8-7 victory

over Vanberbilt, skidding to fifth. Maryland also moved up a single rung to the No. 4 on the strength of its 27-0 rout of LSU.

The pride of Eastern football, Princeton, climbed from eighth to sixth after its 53-15 shellacking of Cornell.

Southern California, which had a tight squeeze to get past Texas Christian 28-26 fell from sixth to seventh while Baylor, tied 21-21 by Texas A&M, dropped from seventh to eighth.

Tennessee has one of its toughest games next Saturday against North Carolina while Michigan

some favor despite its 68-0 rout of Tennessee Tech.

Their point total was 1,213, only a slight margin over Michigan State, which accumulated 1,131 points and 25 first place votes. Michigan State again had to come from behind last Saturday to whip Pittsburgh, 53-26.

Notre Dame, Kentucky and Oklahoma made the biggest gains outside the top ten.

Tennessee has one of its toughest games next Saturday against North Carolina while Michigan

## Infantrymen Beat Off Red Drive; Move Ahead

U. S. 8th Army Headquarters, Korea, Oct. 30—(AP)—Allied infantrymen in Eastern Korea beat back an attack near Heartbreak Ridge by 1,000 Chinese in pre-dawn darkness today, then drove ahead 1,000 yards in daylight.

On the Western front United Nations forces gained more than half a mile northwest of Yonchon with little trouble.

Reinforced Chinese who had hurled day-long attacks at the Allies southeast of Kumsong in the center of the line Monday made only two small probing attacks Tuesday. Both were turned back.

**Sharp Mountain Fighting**

Sharpest fighting Tuesday was in the mountains between Kumsong and Heartbreak Ridge. A battalion of screaming Chinese stormed against Allied infantrymen in the early morning blackness.

U. N. troops, dug in on a ridge

recently won from the Communists west of Heartbreak, stuck to their foxholes and trenches and cut down the shouting Reds.

With daylight, other U. N. infantrymen in the same area jumped off in an attack. By noon they had pushed forward 1,000 yards against light opposition.

The Reds mounted only four other "light probing attacks" along the entire front, the Eighth Army reported. Two were by platoon-sized forces near Kumsong, where the Chinese recently shoved in a fresh division to curb U. N. advances.

One small attack was knocked down north of Yanggu, not far from Heartbreak Ridge. The fourth was northwest of Kamsong on the East coast.

Monday 110 fighter-bombers, most of them operating over the Eastern ridges, bombed, burned and strafed the Reds in frontline action.

Altogether the Fifth Air Force mounted 916 sorties by Korea-based planes. This is only the second time that more than 900 sorties have been flown from Korea. More than 100 other flights were made by planes from Japan and Okinawa, including B-29 strikes through heavy flak at newly built airfields in northwest Korea.

Red anti-aircraft batteries shot down three Allied fighters — a Shooting Star Jet, an F-51 Mustang and a marine F-4U. Fighter pilots reported they inflicted 320 casualties Monday.

**Casualties Talled**

The Eighth Army said ground forces inflicted 11,075 casualties on the Reds last week. These included 7,000 Reds killed, 3,500 wounded and 575 captured.

The U. S. Cruiser Toledo and Destroyer Mackenzie supplied seaborne artillery in support of South Koreans along the East coast. They hit Red entrenchments and ammunition dumps with 580 pounds from their eight and five-inch guns Monday.

At the opposite end of the line Red frontline positions were shelled by the Canadian Destroyer Cayuga and the British Frigate Amethyst.

The Amethyst is operating from the Han River, south of Panmunjom where Allied truce negotiators

said the Reds were making "no attempt to get a reasonable solution" for a cease-fire line in Korea. The statement came from Maj. Gen. Henry I. Hodes, chairman of the U. N. truce subcommittee during Tuesday's sessions to break the long armistice deadlock.

## Johnson Backs UMT Plans In Congress

Washington, Oct. 30—(AP) Senator Lyndon Johnson (D-Tex.) said today he would urge that universal military training legislation be given top priority when Congress returns next year.

The new National Security Training Commission urged Sunday that UMT be started as soon as possible. The commission was established by Congress when it passed, at the session just ended, legislation approving the general idea of UMT. The commission was set up to plan UMT.

Under the law, the Senate and House Armed Services committees must go right to work on the commission's UMT plan after the new session begins. UMT cannot go into effect until Congress approves a detailed plan. Several lawmakers have predicted a hot fight over the enabling legislation.

Yesterday, members of the training commission said at a news conference that Congress could be ready to take in the first 18-year-old trainees by June or July.

Johnson, chairman of the Military Preparedness subcommittee and an assistant Democratic leader, said in a statement from his office that "a victory is now in sight in the struggle for a realistic military manpower policy for the United States."

"In these troubled times," he said, "I believe that legislation to establish a permanent military manpower policy should have the very highest priority."

## Community Chest Drive Gets Started In College Station With \$10,000 Goal

By BRYAN SPENCER  
BATTALION STAFF WRITER

Stop a minute, look around you; this is a nice community, a good place to live and have your children grow up. The College Station Community Chest is one of the organizations that make this possible.

The Community Chest Drive for 1951 got underway yesterday and will continue through Nov. 10.

Only organizations that contribute to the well being and happiness of the community were approved for participation in the 1951 Community Chest.

**Twelve Groups Get Funds**

Twelve such organizations will be appropriated funds under this year's Community Chest, which will be seeking a combined goal of \$10,000.

"The cooperation and support of everyone in the community is needed to assure the success of this single united fund-raising program to meet the \$10,000 goal," said Bennie A. Zinn, chest publicity director.

At a public budget hearing held Oct. 9, the chest committee received requests totaling \$12,300. Adjustments to the requests of various organizations were made by the committee to bring the 1951-52 budget within reach of the anticipated income, Zinn reported.

Moneys from the 1951 campaign will be distributed accordingly:

Brazos County TB Association	\$1,000
College Station YMCA	400
Boy Scouts of America	2,250
Girl Scouts of America	2,000
Salvation Army	500
Brazos Crippled Children's Association	250
Brazos County Hospitalization Fund	400
Bryan YMCA	400
Needy Children's Fund (Sponsored by CS Mother's an Dad's Club)	400
American Cancer Society	300
CS Recreational Council	900
CS Chest Charity Fund	1,000
Postal, Supplies, Clerical	100
Total	\$10,000

The above budget is based on the current gross monthly payroll of College Station. If everyone in the city gives one day's pay, the quota can easily be met, Zinn informed.

The American Red Cross, National Foundation for Infantile Paralysis, and United Services Organizations were invited to participate in the Community Chest, but did not submit requests, so were therefore not included in the budget Zinn said.

**41 Percent for Charity**

Forty-one percent of the \$10,000 budget is for charitable organizations. These organizations help feed and clothe needy school children, allow for funds when disaster strikes, and provides help when accidents occur.

If a family is unable to meet hospital bills, a program has been worked out whereby the doctor will donate his services freely and the hospital will minimize its bill. Needy cases are never turned away because funds are lacking by the individual.

Members of the local chest com-

mittee are as follows: J. G. McGuire, chairman; J. B. Longley, secretary-treasurer; V. E. Schember; Dr. H. E. Hampton; Dr. P. W. Burns; L. J. Horn; E. E. Vezey; G. W. Black; Don Young; R. E. Callender; B. A. Zinn; Lt. Col. M. P. Bowden; Lloyd Smith; and Tom Taylor.

**Contacted at Businesses**

This year's campaign will not be a door-to-door drive, but the above men will contact the community through their business establishments or the places where they are employed.

Ten of the above named men, who are employed by the college, have the campus divided into sections with each member responsible for the people in his section. Bennie Zinn, for example, is responsible for the MSC and Goodwin Hall. Zinn will contact the heads of departments in the MSC and Goodwin Hall and they in turn explain in turn to their department members.

The other committee members will contact business establishments in the College Station area.

## Prize Stockpile Growing For Batt Pipe Smoking Contest

A stockpile of prizes is accumulating daily for The Battalion-UMT sponsored Pipe Smoking Contest which occurs Nov. 5 in the Ballroom of the MSC. Latest addition to the prizes, which will be awarded to the winners in the contest, are from the Phillip Morris Company.

Included in the Phillip Morris gifts are 12 pocket-size cans each of Bond Street, Revelation, and Country Doctor pipe tobaccos. Also donated were three one-pound cans of each of the above tobaccos and three half-pound cans.

**Mrs. Arhopulos to Judge**

Mrs. John Arhopulos, better known to Aggies as "Aunt Katy", was added to the judging staff today. "Aunt Katy" is the proprietor of the 12th Man Inn. Other judges

on the staff are C. G. "Spike" White; Major C. L. Thomas, air science instructor; Barney Welch, Director of Intramural Athletics; W. H. Rothrock, modern languages professor; and C. K. Esten, English department professor.

Rules for the contest are few and simple. It is open to all, with a special division for professors and instructors only. Entry blanks will soon appear in The Battalion and in the lobby of the MSC.

Object of the pipe and cigar contests will be to keep the tobacco burning for a longer period of time than the opponents. Prizes will be exhibited in the MSC prior to the contest.

**Pipe Collections Monday**

Those entering pipe collections in the contest must have them in the MSC Ballroom by four p. m. Monday. This is to allow time in which to arrange the displays so it will not interfere with the operation of the contest and will afford the judge ample time to examine the collections.

You may enter as many divisions as you wish. Pipe-smoking will include large, medium, small, miniature, and metal bowl competition

with special sections set for Calabash Corn-Cob and Churchwarden puffers.

A special staff of moderators has been named for the contest, to keep a steady flow of tobacco on the firing line and to distribute samples of tobacco to the spectators. Chairman of the staff is Allen K. Pengelly. Assisting Pengelly will be Christy Orth, Truett Fields, and Bob Jones.

**Roll-Your-Own Contest**

Two divisions will be open to "roll-your-own" addicts. One division will be for the "professionals," those who use the rough cuts of tobacco, and the other will be "amateur division," which will feature a smoother cut tobacco.

Smoke ring blowers will have a chance to demonstrate their skill. Prizes will be awarded for the largest smoke rings and for the most consecutive rings from one puff.

F. W. Powell, instructor in the English Department, is the record holder in the prof's division of the contest. Two years ago he kept his briar going for two hours without missing a puff, and when last seen was still puffing away.

## Old Attendance Mark Broken at Food Meet

A record number of delegates attended the annual Texas Nutrition conference held Friday and Saturday in the MSC.

"Attendance at the first session exceeded 200," said Dr. J. R. Couch, professor of the Poultry Husbandry department. "This is the largest group ever to attend the conference."

Dr. C. M. Lyman, head of Biochemistry and Nutrition department, presided over the first session. President M. T. Harrington welcomed the group to the campus and also briefly told the group how A&M came to be one of the nation's land grant colleges.

Floyd Deacon, president Texas Feed Manufacturers association, told the group that research was

responsible for the great progress that has been made in the feed industry during recent years and urged that the fine cooperation between the industry and the A & M System not only be continued but even improved.

Jack Dean, executive vice-president of Mid-West Feed Manufacturers Association, Kansas City, Mo., discussed the value of teamwork in getting the job done. Other speakers included Tom Bringer, director of research, Feed Age Magazine; Dr. I. W. Rupel, Head of Dairy Husbandry department; R. E. Leighton, Dairy Husbandry department; O. Burr Ross, manager and research director for Goch Feed Mills, Salina, Kan., and J. K. Riggs, Animal Husbandry department.
