CHS Tigers Heavily Favored

By GUS BECKER
Battalion Sports Tigers

The front running A&M Consolidated Tigers meet the up-set minded Somerville eleven Friday night on Tiger Field in College Station.

Boasting the two leading scorers in the district in Jerry "Lightnin'" Leighton and William Arnold, the Tigers should turn the game into a track meet.

With the advantage of being on their own home field, Consolidated should have little trouble in winning, the only problem being in trying to hold down the score.

The Maroon and White team has played one more district game than has Somerville. The Somerville squad has won only one district contest while dropping two.

An upset is highly improbable since the Somerville team has allowed their district opponents 71 points while scoring only 27.

The A&M Consolidated eleven, which was not considered too much of a threat at the start of the season have seemingly played over their heads to get to the top of the district standings.

It would have to be a very great let down and a Somerville team that was really "high" to turn the tilt into anything that resembles a football contest.

McMinn of Somerville will be the only threat that the Tigers will have to stop. The Somerville

back has scored 20 points this season in district play.

The high powered Consolidated backfield should shine Friday night. Leighton and Arnold are threats everytime they have the ball. If Somerville can stop these two speedsters they will have accomplished something no other team has been able to do this season.
