

Bee Raisers Near Two Billion Gross

"We are approaching the two billion dollar mark gross income from honey in Texas," John F. Nelson of Corsicana, said at the American Bee Breeders Association meeting on the campus Tuesday. Nelson, a honey producer, said that there are approximately 300,000 colonies of bees in Texas, representing 800 beekeepers. "Texas been men export approximately \$100,000 worth of queen bees and a like amount of package bees from northern states yearly," he said. Pointing out that Minnesota is one of the biggest users of Texas bees, Nelson also said, "The farmers are benefited many more millions by this industry by pollination of the various crops."

Craft Shop

and Al Summy is secretary and treasurer. Bob Debenport and Ray Quast are assistants of the shop. The shop has 98 members of which 40 percent are student wives. The cost of membership is only \$1 each semester. "The shop is here for the students to make things, and we would like any of those interested to come look around and take advantage of the opportunities that are here," is the open invitation extended by Mrs. Moeller.

Foods Group Meeting Postponed to Dec 14

The Foods Group of the A&M Social Club has postponed the meeting scheduled for tomorrow afternoon until 1:15 p. m. Friday, Dec. 14. Mrs. C. W. Burchard, reporter for the Foods Group, advises that the meeting place, the A & M Christian Church, will be the same as previously scheduled.

Study Club Holds Tea In YMCA

Campus Study Club decorated the YMCA Lobby, assembly room, and the south solarium for their annual Christmas tea Tuesday afternoon. The receiving line was composed of Mesdames Melvin Rotsch, John Ashton, Raymond Rusier, Lewis Horn, Otis Miller, M. C. Hughes, and Henry Miller. Mrs. Ashton was the entertainment chairman for the affair. Three members of the United Nations club gave Yuletide Reflections. The panel discussion of various Christmas customs was given by Charles Beagle of Corpus Christi, Pierre Mommessin of France, and Gopinach Das of Pakistan. The Junior Choir of the A&M Presbyterian Church, under the direction of Caroline Mitchell, sang Christmas songs of other lands. Following the program, refreshments were served in the south solarium. Mrs. I. B. Boughton poured tea, and was assisted in hostess duties by Mesdames H. T. Kennedy, Sam Hoyle, John Denison, and Robert Camp. The serving table was covered with a lace cloth over green, and featured decorations of Christmas ornaments and cedar boughs.

Singing Cadet's Quartet

Members of the A&M Singing Cadets, this quartet will be featured during concerts of the groups current tour which takes them all the way to Monterrey, Mexico. Left to right, Harold Hughes, Ken Wiggins, Dale Walston, and Tommy Savage.

Allies Agree to Red's Peace Inspection Plan

Munsan, Korea, Dec. 6—(AP)—The Allies today agreed to go along with a Communist demand that only specified points be subject to inspection during a Korean armistice. The Communists want all inspections made by representatives of neutral nations. The U. N. command has not formally rejected this idea. Levie said the Communist delegates repeated their old argument that the use of joint inspection teams would interfere with the internal affairs of the North Korean people. They agreed for the first time to take up point by point the programs each side has presented for supervising an armistice. Previously, they had insisted on discussing each plan as a whole. The U.N. command communique said "the discussions which followed resulted in the reaching of understandings on only a few points." The eight-point Allied plan provides that: ● All hostilities cease within 24 hours after the armistice becomes effective. ● Both sides withdraw troops from the 2 1/2 mile wide buffer zone within 72 hours, leaving only police units. ● A military armistice commission named by military commanders be responsible for supervision of the armistice. ● The commission have authority to check at ground, sea and air ports of entry and communication centers throughout Korea. Members of the commission have freedom of movement over all principal lines of communication. The commission also be responsible for aerial observation and photo reconnaissance. ● Neither side increase the strength of its forces, equipment, military facilities or materiel. ● Within 72 hours after the armistice goes into effect each side withdraw ground, sea and air forces from territory controlled by the other side. ● Each side be responsible for administering half of the buffer zone on its side of the demarcation line. ● The armistice not become effective until the military commission is organized, staffed and ready to begin operations. The Communists previously have objected strongly to provisions of points three, four and five.

Home Gardeners Forum Being Held on Campus

The second Forum for Home Gardeners sponsored by the Department of Floriculture and Landscape Architecture got under way on the campus yesterday. Continuing through tomorrow, the forums are being conducted in the interest of better gardening throughout the state and are developed around the propagation, culture, and use of flowers and ornamental plants in the garden and home. Opening the three-day session yesterday, the morning session was devoted to "The Care of Christmas

Plants and Flowers" and "Design Techniques for Holiday Arrangements." "Prepared Materials for Flower Arrangements and Arrangements for Christmas Tables" was the subject for the afternoon discussion by the group. This morning's session was devoted to a discussion of "Forcing Bulbs in the Home" and "Holiday Gift Arrangements." For this afternoon's meeting, "New Tools, Materials and Gadgets for the Home Gardener" and "Wreaths and Door Plaques" will be discussed.

Turf Conference Scheduled Here

The Texas Turf Conference will hold a short course in the MSC, Dec. 12-14. Dr. J. R. Watson of the Agronomy Department has been named chairman of the three-day conference which is sponsored jointly by the Texas Turf Association and A&M College. Approximately 150 members are expected to register all day on Dec. 12 in the lobby of the MSC. A registration fee of \$5 per person will be required, according to Dr. Watson.

Rush Gives Prizes, Sign Quality Upped

"The football game signs this year were a little better than last year's. The freshmen's in particular, showed a big improvement," said C. L. Ray, corps chaplain and head of the sign-judging committee. The committee, composed of Ray and executive officers of the eight regiments, judged the signs on a basis of originality, spirit, pertinence to that week's game, wording, art work, and amount of time spent. Each week a prize of \$5 for first place and \$2.50 for second place was donated by Eugene Rush, general agent for the American National Insurance Company. Winners for each game were as follows: Texas Tech, ASA, 1st, Co. 6, 2nd, OU, Co. 6 1st, A Sig, 2nd; Trinity, B Inf, 1st, A Eng, 2nd; TCU, L Sqd, 1st, Co. 6, 2nd; Baylor, Co. 6, 1st, B Inf, 2nd; Arkansas, L Sqd, 1st, B Sqd, 2nd; SMU, D Vets, 1st, CFA, 2nd; Rice, A Sig, 1st, D Sqd, 2nd; Texas, C Sqd, 1st, D Inf, 2nd. According to Ray, a few of each week's signs in the new area had to be taken down due to vulgarity, but the number decreased toward the end of the season. Only one freshman sign had to be taken down all season, he said.

Doak to Speak At Saturday Science Meet

Dr. C. C. Doak, head of the biology department, will speak at the Texas Academy of Science meeting in Austin Dec. 6-8. Dr. Doak is scheduled to talk Saturday evening at 8 p. m. in the Driskill Hotel Ballroom. His speech is "Harvesting the Fruits of Science in Texas." Doak is president of the club. The meeting includes the presentation of papers by A&M students Bruce E. Hagee and Richard H. Bittner. Hagee's paper is on "Possible Solutions to the White Tailed Deer in the Edwards Plateau." Bittner will present a paper on "Food Habits of the Alligator Gar." Senior members of the club from A&M who are officers of the various collegiate divisions are Roy Donahue who is in charge of the social science program, Horace Blank is in charge of the earth science program, Vernon Young is in charge of the conservation program, and Armstrong Price is in charge of the oceanography program. Dr. Charles LaMotte is the overall counselor for all the clubs.

Allies Down

Continued from Page 1

lots said they were "not very aggressive." Far to the south of the quiet front lines, Red guerrillas caught South Korean troops in a sneak attack. The Republic of Korea (ROK) troops were closing in on an estimated 2,000 guerrillas in the Mount Chiri area when 300 men, 200 of them armed, hit the ROKs from the rear. A government spokesman said the action occurred about noon Wednesday and continued Thursday. Since the South Korean drive on the guerrilla bands started Dec. 1, the ROKs have reported 168 Reds killed and 639 captured. A spokesman said another 220 surrendered. Considerable equipment has also been captured.

Campus Interviews on Cigarette Tests

No. 28...
THE OVENBIRD

Past Grand Master of the Royal Order of Gourmets and Raconteurs—our outspoken friend knows how to find the proof of the pudding. Especially such a thing as cigarette mildness! A "quick puff" and a "single sniff" left him hungry for facts. Smokers everywhere have tried the same tests and discovered the one true test of cigarette mildness!

It's the sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke, on a day-after-day, pack-after-pack basis. No snap judgments. Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...
Camel leads all other brands by billions
