

Gillespie Crosses First

By JOE BLANCHETTE
Battalion Intramural Writer

Bill Gillespie trotted across the finish line in 8:09.7 minutes to win the 1951 Intramural Cross-

Country race. Gillespie, running for K AF, was 25 yards ahead of his nearest competitor, Bill Roland representing A QMC. A Infantry claimed the team championship when three of its runners finished in the top ten and the remaining two team members finished

thirty-sixth and fifty-ninth, respectively. The starting field numbered 200 and were closely bunched until they hit the first turn of the 1.7 mile course. After the first turn the field became increasingly scattered until the distance between the leading man and the last place man in the back stretch was at least 200 yards.

Early Lead

Gillespie assumed the lead early in the race and held it constantly until the finish. He was nine seconds off the record for the course which is 8:00.2 minutes.

Gillespie and Roland finished first and second, Harvey Duennenberg of A Infantry, third; and Milton McFeren also of A Infantry finished fourth.

The winning team from A Infantry was composed of Duennenberg, third place; McFeren, fourth place; Spencer Buchanan, ninth; W. C. Torbett, thirty-sixth; and George Skaldal, fifty-ninth.

A Ordnance and K AF tied for second place in the team group with 136 being the total of the place score. B Athletics won the third place position with 324. H AF was the fourth place team with 325.

Gained 30 Points

A Infantry added 30 points to their Intramural season standings with the win, A Ordnance and K AF added 17½ points, B Athletics, 10 points; and H AF five points.

The cross-country race only tightened the race for the Intramural flag this year between A Infantry and B Athletics as the standing now looks.

B Athletics won the Intramural Cage crown by topping the infantry company garnering back lost points by finishing first and the athletic company finishing third.

Old Camera Is Exhibited

London—(AP)—A camera bought in 1887 for 25 shillings, is one of the exhibits at the jubilee exhibition of the Institute of British Photographers. A British all-metal camera, it has plates 1¼ inches square and a simple drop-shutter.

On Lion's Mat Card

Fritz Schnable

Rudy Valentino

Big and Little Mat Men Promise Varied Show

(Continued from Page 1) greet him the way other wrestling fans have, Rudy might have found a new home.

Fritz (Hisss) Schnable

Last but certainly not least on the evenings menu will be Fritz Schnable. (Pronounced Shnable). Said to be one of the meanest and toughest mat slammers in the business, Schnable is one of the most cursed at wrestlers in the ring today.

He is a past master at the art of eye-gouging, skull cracking, bone breaking, and mayhem. He has been booed, hissed, and hated from one side of the country to the other, but one thing is certain . . . he is as tough as they come.

If weight has anything to do with it, his 470 pounds should win any match, and if the rough tactics enter in, he should have a cinch.

Some critics say Schnable has reformed, but others say he has come to Texas with revenge in his eyes. He says he wasn't treated with the best of greeting and ovations on his last trip, and he is here with the purpose of working his way to nothing short of the top.

With such a wide variety of personalities and methods, the Lion's Club program next Friday should prove to be very different from the usual run of wrestling, and should present a very interesting evening's entertainment.

Coach John Floyd's Quintet To Meet U of H Cougars

Coach Floyd's Aggie Basketball team will meet the University of Houston Cougars tomorrow night in Houston in the Cadet's second game of the 1951-52 season.

A&M's Maroon and White lost its first tilt of the year to North Texas State College in an overtime game 43-46, last Monday night, and will be out to get even.

This will be the season opener for the Cougars, and will be the first of a three game series between the two squads.

Last year the Aggies split a two-game series with the Uni-

versity of Houston, losing the first one, 45-52, and taking the second contest 55-46.

Out of the 26 men on Coach Pasche's Cougar squad, 21 stand over 6 ft. tall. And to add to the height average of the Cougars, only one of the short boys is under 5 ft. 11 in.

Leading the Red and White greeters from Houston will be Royce Ray, one of the four returning lettermen from last year's team.

Ray was picked for honorable mention last year in the Missouri Valley Conference for his 13-point-a-game average.

Sparking the game for the Aggies will be Jewell McDowell, All-SWC guard, and Buddy Davis, All-SWC center.

It will be height for the Cougars against experience for the Cadets as the two near-by schools vie for first blood of the three-game series.

Coach Floyd

Jewell McDowell

Aggie Lippman Makes West Team

Glenn Lippman, leading ground gainer of the SWC, has been added to the West football team which will play in the East-West Game Dec. 29, in San Francisco.

Lippman was chosen for his ground gaining ability and record which credits him with 801 yards on 118 carries.

He ran halfback most of the season, but showed he could also handle fullback scores when, in the University of Texas game, he took over fullback Bob Smith's spot, and played one of the best games of his college career.

Lippman saw a great deal of fullback play during the past season since Smith was often hindered by injuries.

Also added to the West team roster were Johnny Bright, negro halfback from Drake University; Jack Jorgenson, tackle from Colorado University; Gerald Price, Texas Tech tackle; and Frank Simon, end from University of Nebraska.

WHAT'S SO DIFFERENT ABOUT ENGLEWOOD, N. J.?

In Englewood, the local telephone exchange looks pretty much like the telephone building in any other town.

And Englewood's telephones seem just the same as the twenty-seven million other dial telephones in the country.

But there's a difference . . .

You can pick up a telephone in Englewood and dial San Francisco telephone numbers direct!

In fact, you can dial any one of eleven million telephone numbers in thirteen widely scattered areas from coast to coast.

That's what makes Englewood different — the new kind of Long Distance telephone service on trial there by the Bell System.

Long Distance dialing is another example of the Bell System's constant search for ways to provide you with ever-better telephone service.
