

'We Were Evicted'

This dog of a questionable breed gave birth to her two pups in a third floor corridor of Bizzell Hall on New Year's Day. All three were evicted early this week when college authorities said there was no room for the dogs in Bizzell. They were taken to the Veterinary Medicine Hospital yesterday afternoon. The Last Word

Introducing Peggy Maddox: New Batt Women's Editor

By Pat Morley

Today I'm signing "30" to the last column I'll be writing as The Battalion Women's Editor.

No nostalgic tears fall upon the typewriter, however, as I'm not going anywhere! Never to be kept quiet for long, I'll probably keep a stream of College View news headed for The Battalion office, during the next two years until "we" graduate.

The past six months of reporting the women's news has been richly rewarding to me in the pleasure of writing, and even more in friendships made.

My reasons for resigning as editor are aged two and three, named Philip and David, respectively. Until some scientist successfully adds eight more hours to each day, I must leave full-time jobs to someone else, and content myself with my own full-time job at A-9-B College View.

I find it much easier to leave a job I have learned to consider my very own property, The Last Word, when it is going into the capable hands of someone else with printer's ink in her veins.

Just such a journalist is Peggy Maddox, whose name has replaced mine on the masthead. This petite Aggie wife centered her high school life around a printing press. Co-editor of the Mercedes Tiger, high school paper, in her junior year, Peggy also found time to work for the city paper, the Mercedes Enterprise.

Peggy was editor of The Bengal, her high school annual, in her senior year. She was the school delegate to the Interscholastic League Press Conference at Austin, and a member of Quill and Scroll, honorary journalism society.

The following September found Bill at A&M doing pre-med work. He was awarded a biology scholarship this year. His name appeared on the distinguished student list last spring.

Linda Gay, with dark hair and blue eyes, was welcomed into the Maddox household Aug. 29, 1951.

Peggy and Bill are at home at 20-B Vet Village. Peggy loves to cook and to care for her two daughters. Her new role as women's editor is Peggy's contribution to help Bill in his ambition to become a doctor.

Peggy served in three capacities for the band—drum major, twirler, and alto sax player.

Peggy added to this long list of achievements membership in the Future Homemakers' Club, presidency of the Y-Teens, and membership in Zeta Eta Sigma, honor society.

Immediately following her graduation, Peggy married Bill R. Maddox, who played football two years for the high school, lettering his second year.

"He still lacked a year of school, which he finished by working during the day, and going to night school in Brownsville," says Peggy. "Norma Kay, the Maddox's golden-haired daughter, was born May 1, 1950, the month preceding Bill's graduation.

"We each have a baby to care for, now," laughs Peggy. "Bill helps me with the children, grades papers at night, and still manages to be a distinguished student."

"We'll get through O. K.," adds Peggy.

The feminine member of this energetic Maddox team will take the reins as women's editor, and this writer signs "30" with the hope that everyone in College Station will be as cooperative with Peggy as she has been with your retiring editor.

Campus Interviews on Cigarette Tests

No. 31...THE MOUNTAIN GOAT

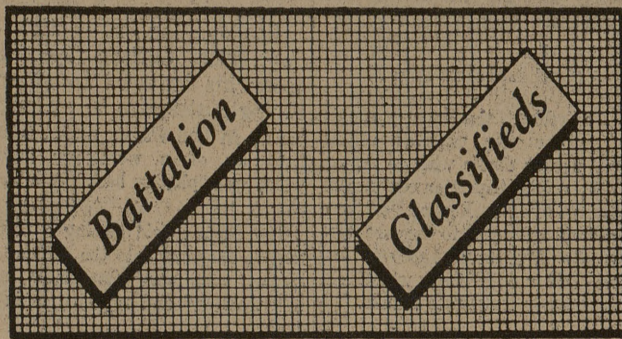

He thought they were trying to make him the butt-end of a joke when he was asked to judge cigarette mildness with a mere puff of one brand and a quick sniff of another. The fancy foot-work didn't dazzle him! He knew that the pinnacle of pleasure comes from steady smoking . . . and that there is only one test that gives you enough time to permit conclusive proof. Smokers throughout America have made the same decision!

It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels on a day-after-day, pack-after-pack basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why . . .

After all the Mildness Tests...

Camel leads all other brands by billions
