

## New View

From the new Administration Building's second floor, a visitor can get an unobstructed view of the Drill Field. The entire center section of the west side is glass.

## Wide Variety of Activities Planned for High School Day

By BILL STREICH  
Battalion Managing Editor

A big day of activities is in store for Texas high school seniors when they visit A&M March 15 for the annual High School Day program. Presidents of the hometown clubs met with Pete Hardesty, business manager of Student Activities, Monday night and outlined the schedule of events for the day's celebration.

The affair, designed to give outstanding high school seniors in Texas an opportunity to see A&M, is sponsored by the Student Activities Department, Athletic Department, and hometown clubs. Activities will get underway Saturday morning, March 15, at 8:30. Registration will be held in the MSC lobby at 9 a. m., however, high school students arriving earlier may register Friday in the MSC, Hardesty said.

### Big Day in Prospect

Many activities have been planned by the sponsoring groups. Talks by students and college officials are included on the morning orientation program. Visitors will be conducted on guided tours of the campus following the morning session. These tours will be led by the Student Inter Council Committee.

High School seniors will also take tours of educational facilities of the college, depending on what type course they plan to follow in college.

Housing arrangements for the visiting students will be arranged by the home town clubs, Hardesty added. The only charge for the guests will be meals, served in Duncan and Sbsa Dining Halls at 25 cents each.

Following the noon meal, high school seniors will be guests of the T Association at the annual Sports Day program, beginning at 2:30. A baseball game, swimming

## Profs to Judge Cattle at Fair in Fort Worth

Texas A&M College professors will judge swine and dairy cattle at the Southwestern Exposition and Fat Stock Show in Fort Worth, Jan. 25-26, Feb. 3.

Dr. I. W. Ruple, head of the dairy department, will judge the Junior Dairy Show Jan. 31 and the Jersey show on Feb. 1.

Dr. Ruple received his Ph. D. from the University of Wisconsin in 1932 and came to A&M in 1945. He has never judged the Fort Worth Show before, but has judged the junior dairy cattle at Dallas and the State Jersey Show at Waco last year.

Fred Hale of the A&M department of animal husbandry will judge the breeding hogs on Jan. 30 and 31.

A. L. Darnell will serve as superintendent of the dairy show and E. I. Dahlberg as superintendent of the swine show. Dr. W. G. Kammlade will be the assistant superintendent of the sheep show.

meet and tennis match will highlight the afternoon sports program. Then, after the evening meal, prospective Aggies will be guests at the inter-squad football game on Kyle Field. The game will begin at 7:30 p. m.

## Student Hurt As Car Bursts Into Flames

Donald Richmond, freshman wildlife management major from Trammold, Minn., is being held in St. Joseph Hospital in Bryan for observation following an automobile accident last night.

Doctors at St. Joseph believe that Richmond has no serious injuries. X-rays failed to reveal any fractures.

The accident happened about 6:30 p. m. Richmond was driving his 1948 Ford down Sulphur Springs Road. About 100 yards from the junction of Sulphur Springs and Highway 6, the car suddenly burst into flames, according to a witness.

Richmond jumped to the side of the road from the still-moving car. The car ran off the road and into a fence. The College Station fire department arrived too late to save it.

Richmond, lives at B-3-W College View.

## Revelers' Quartet Widely Known for Musical Shows

Although the Revelers male quartet, appearing on the Town Hall program in Guion Hall Thursday night at 8, are internationally known for their harmonic and rhythmic effects as a well blended singing group, each member of the organization is an accomplished solo in his own right.

Thomas Edwards, tenor, was born and raised in the picturesque Welsh farming community near Gomer, Ohio. He had his first vocal training in the local Welsh singing contests, called Eisteddfods, and won his vocal spurs when he placed first in a National Eisteddfods.

### Radio Singer

He studied at Oberlin Conservatory, the Juillard School in New York, and received his master's degree at Columbia University. Also he has sung on the radio with Fred Waring, Kate Smith, and Sammy Kaye. He was leading tenor of the Philadelphia Opera Company when he was called to active duty in the Navy in 1943.

### Bass Singer

Wilfred Glenn, bass, California-born and a graduate of the University of California, began his career by singing in churches and synagogues in San Francisco. He came to New York as soloists at the Cathedral of St. John the Divine and later signed a long-term

Opening the Saturday morning High School Day program will be an address of welcome from Dr. M. T. Harrington, president of the college. He will be introduced by J. W. Dalston, president of the Senior Class, who will act as master of ceremonies for the morning session.

Following President Harrington's talk, Grady L. Smallwood, commander of the Freshman Regiment, will discuss "Student's Eye View of the Basic Division." His speech will be followed by a talk on "A Student's Eye View of Recreational Activities." Ken Wiggins, corps executive officer, will give this speech.

### A&M Athlete to Talk

A popular A&M athlete, still to be chosen, will tell visitors about the student's views on intercollegiate athletics. Dan Davis, president of the MSC Council, will speak on a student's view of the MSC.

Eric Carlson, corps commander, will tell visitors about life in the cadet corps and Lew Jobe, head yell leader, will talk on "The Aggie Spirit."

Religious life at A&M will be discussed by C. L. Roy, corps chaplain, and E. E. McQuillan, who make an announcement concerning the Opportunity Award Scholarship.

A talk on the student's military status and the present military draft law as it affects A&M students will be given by Col. Shelly P. Myers, PMS&T.

Following the morning session, (See HIGH SCHOOL, Page 4)

contract with the Victor Talking Machine Company. Glenn appeared widely in oratorio and opera and has been on the radio 18 years as a soloist. The only member of the original Revelers Quartet, he has appeared on 32 sponsored radio shows and concert tours with Revelers.

William Gifford Hogue, tenor, studied at the Cincinnati Conservatory of Music and the Lawrence Conservatory in Appleton, Wis. Besides serving a two-year hitch in the Navy, he has appeared in the Broadway musical hits "Lady in the Dark," "Brigadoon," "High Button Shoes" and "Miss Liberty."

### Air Force for 3 Years

Calvin Marsh, baritone, is Pennsylvania-born and a product of the Westminster Choir College at Princeton, N. J. He served three years in the Air Force. For the past five seasons he has been principal singer at the Papermill Playhouse, where he has sung all of the favorite operettas.

Paul Sargent, piano accompanist for the group, is from Bangor, Me., and a graduate of the Eastman School of Music at Rochester, N. Y. He was awarded a scholarship by the famous Ecole Normale de Musique in Paris. A former accompanist for many well-known artists, he is also a composer of note. He will play several selections during the quartet's intermission.

# Army Releases Duty Plan For June ROTC Graduates

## Several Units Will Change Dorms Beginning Thursday

By IDE TROTTER  
Battalion Staff Writer

For the first time in the 75 year history of A&M it has become necessary to move cadet military units at mid-term, according to Lt. Col. Taylor Wilkins, assistant commandant.

Thursday afternoon between 4 and 6, the affected units will move as directed by a memorandum issued by the office of the commandant.

This unusual situation is a result of the first summer school corps since the end of the accelerated program following World War II, Col. Wilkins added.

### No Room

Under the present housing arrangement there would not be room in the New Area for freshmen who will become sophomores and move there at the end of this semester, Colonel Wilkins said.

Preliminary plans for the move

were made by Lt. Col. M. P. Bowden while he was assistant commandant.

A meeting of the military counselors and CO's of the units to be moved was held, final arrangements were made and the time of the move agreed upon.

### ASA Moves

A ASA will be the only corps area unit which will have to change dormitories. The outfit will be moved from the second floor of Dorm 8 to the fourth floor of Dorm 9.

A, B and C Armor will be consolidated on the second and third floors of Dorm 9.

An Ordnance will occupy both the second and third floors of Dorm 8 after the change.

Squadron 13 will be moved from the first and second floors of Leggett Hall to the first floor of Dorm 17. The squadron will be moved in mass and will continue to function as before. Its name will be changed to N Squadron. Some over flow from this unit may be placed in other squadrons, Colonel Wilkins said.

### E Seniors Disbanded

C and D Seniors will be consolidated on the second floor of Dorm 7, and will be called C Seniors. E Seniors will be changed to D Seniors and E Seniors will be dropped as a unit on the campus.

The only move within the Freshman area will be that of Company 14 to the first and second floors

of Leggett Hall. This unit will move from the third and fourth floors of Milner Hall.

A new Squadron 13 will be formed on the third and fourth floors of Milner Hall. It will be made up of Freshmen who enter for the second semester and Air Force freshmen who are now in Squadron 13 and Company 12.

Army transfer students who are now in Company 14 will move to their respective branches in the new area.

### Must Be Moved By Jan. 26

Moves made by freshmen will be on an individual basis and must be completed by 2 p. m., Saturday, Jan. 26.

Three options are open to those cadets in the Eighth Regiment who have completed two semesters of basic military science or will be classified sophomores during the second semester, Colonel Wilkins added.

They may stay in the Eighth Regiment and take freshman privileges, move to the New Area, or move to a non-military area.

All members of this group who do elect to remain in the Eighth Regiment will be eligible to become corporals as is any classified sophomore in the corps area.

A second Air Force Group will also be created in the Eighth Regiment. It will include Squadrons 4, 5, and 15. Squadrons 1, 2, 3, and 13 will remain in the First Air Force Group.

Department of Army Press Release

Today the Department of the Army announced its policy on ordering into the active military service those ROTC students who will be commissioned in the United States Army Reserve during the spring and summer of 1952.

The Army stated that it was making its plans known early in order that such students will have the maximum amount of advance notice and can plan accordingly.

In furtherance of this program, the Army is working on procedure to present active duty orders at the time the individual is commissioned.

"This should eliminate confusion and uncertainty, as to exact date the individual will report to his first duty station," said Col. Shelly P. Myers, PMS&T when he released the information this morning.

The report was released in Washington D.C. this morning at about 9 a.m. (EST).

## Isle City First In Ice Melt

By The Associated Press  
Galveston claimed the title Tuesday night of the warmest winter playground in the nation.

The claim was based on 2,300 pounds of ice which melted in 12 hours, 45 minutes at the island city.

Bathing beauties and film cuties posed on a ton of ice in the widely scattered areas Tuesday morning as civic boosters prayed for warm temperatures. Some cities were helped by strong winds.

Exact rules of the contest were never clarified. Cities put out different size hunks of ice at different starting times.

Galveston claimed the title at 9:45 p.m. when Jack Hamilton, president of the Galveston Greater Beach Association, weighed the ice and found only 83 pounds. Hamilton said the rules set 100 pounds as the mark at which a winner would be declared. Notary Public Aaron Schwartz said Hamilton read the scales right.

Also, those veterans who served less than two years on active duty with the Armed Forces between Dec. 7, 1941 and Sept. 2, 1945 will be ordered into military service upon being commissioned, the Army said.

It is not currently planned to order into the active military service as individuals those veterans commissioned upon successful completion of the ROTC course who served two or more years between the above dates. Such officers may volunteer for active service.

It is the intent of the Department of the Army to give the officers an opportunity to select the month between June and September 1952 in which they desire to enter active service. Such requests will be honored provided that at least one third of the officers in each branch will be on active duty by July 31, 1952, two thirds on active duty by Aug. 31, 1952, and the remainder are in active military service by Sept. 30, 1952.

## Texas Press Association Will Co-Sponsor Journalism Clinic

The A&M journalism department and the Texas Press Association will co-sponsor the third annual Texas Newspaper Clinic scheduled here Feb. 23, said Donald D. Burckhardt, head of the department of journalism.

"This is the first time the department has had a co-sponsor for this activity," he added.

The purpose of the Texas Newspaper Clinic is to acquaint news-

papermen throughout the state with new advances in the journalistic and printing fields. It also enables them to compare ideas and get new information on the newspaper business.

This year the conference will deal with mechanical aspects of newspapers. Leroy Brewington, director of the school of printing at Kansas State College, Pittsburg, Kan., will be the moderator at the meeting.

### Registration at 8 a. m.

Representatives will register at 8 a. m. in the MSC where lectures and discussions will be held. The meeting will end about 4 p. m.

The morning program will consist of two round-table panel discussions on typesetting, press and press room problems. Included in the noon luncheon program will be a lecture on the teletypesetter, automatic typesetting device, Jack Gale, representing the United Press will give the lecture.

A demonstration of machinery maintenance and care will be given at the A&M Press in Goodwin Hall during the afternoon. Gale is nationally known for his technical columns in several trade publications.

### Panel Members

Members of the panel will be L. F. Byrus, service engineer for Mergenthaler Linotype Company; Addison Buckner co-publisher of

## Relief Is Near For Snowbound Streamliner

Colfax, Calif., Jan. 16—(AP) Snowpuffs gnawed rescue paths throughout the night in drifted Donner Pass toward 222 persons snowbound for their fourth day aboard the sleek streamliner, City of San Francisco.

Southern Pacific officials said they hoped to begin moving passengers out at daybreak to a nearby lodge if a highway plow could clean a five-mile exit path.

Downslope, an S. P. railroad plow had pushed within six miles of the locked-in westbound train by 1 a.m. (4 a.m., EST). A relief train snuggled close behind it. Snow was as much as eight feet deep.

As rescuers worked through the night the marooned passengers huddled in the 20-degree chill of the 7,200-foot Sierra Nevada winter.

They were wrapped in blankets. Fuel oil for heat ran out Monday noon.

Snow drifted high against the windows. Drifts buried the engine.

Some aboard the train were sick, victims of carbon monoxide fumes from a gas heater. However, a railroad doctor who went in via dog-sled and snow tractor said most of 60 stricken had recovered.

## B. Turner Voted President of FFA

Billie B. Turner was elected president of the A&M Collegiate FFA Chapter Monday night in the MSC. Turner is a senior agricultural education major from Whitesboro.

Other officers elected were Jerry Saunders, vice president; R. R. Strain, secretary; James Taylor, treasurer; Judge Sandusky, reporter; Cleave Walkup, advisor; Ralph Burgess, sentinel; Jack Davis, parliamentarian; Herman Brown, second vice president; and Bill McGrady, third vice president.

Horace Van Cleave was elected as the group's representative to the Agriculture Council. Dr. Morris Abrams was elected sponsor of the Chapter.

## Harrington Speaks At Engineers' Meet

President M. T. Harrington, will give the welcome address at the Fifth Annual Management Engineering Conference to be held here Feb. 27-28.

R. F. Bruckhart of the industrial engineering department is conference director.

## Kiwanis Have Birthday Party

The College Station Kiwanis Club celebrated its seventh anniversary Tuesday with a birthday party complete with "Happy Birthday to Us," sung by the members.

Ralph Rogers, "club projectionist," was master of ceremonies and showed pictures said to be scenes from the lives of past presidents of Kiwanis. From these pictures and biographical information furnished by Rogers, the club was asked to identify each past president.

Upon being identified, the past president blew out a candle and responded as he thought appropriate. The past presidents honored were James Breland, George Wilcox, Joe Sorrels, Sid Loveless, Ralph Steen, Joe Motheral, and A. C. Magee.

Among the guests present were E. H. Hereford, president of Arlington State College; and E. J. Howell, president of Tarleton State College. Other guests were Mrs. Ralph Rogers, Col. Joe Davis, and Dr. Marion W. Deason, all of College Station, and E. K. Spahr of Houston.

Judge A. S. Ware will talk to the club on "The Brazos County Government" at the meeting next week.

## Draft Boards Must Know Deferments

All military science students who signed the draft deferment agreement, are required to notify their draft board that they have signed the agreement, according to the office of the commandant.

The last sentence of the deferment agreement reads "I recognize it is my obligation to notify my Local Board of this agreement and the termination thereof."

Unless this is done, there is a possibility of the student receiving a draft notice, the commandant's office said.

## Extension Service To Discuss Jobs

The Extension Service has joined with School of Agriculture Dean C. N. Shephardson in arranging a meeting to be held in the YMCA Chapel at 7 p. m. tonight.

Dean Shephardson will discuss employment possibilities with them. When he has finished, each student will have an opportunity to discuss employment possibilities with the Extension Service.

Among those present will be about fifteen agricultural education graduates and several District Agents.

## Range Club Selects Moore President

Jim Moore was elected president of the Range and Forestry Club at a recent meeting.

Other officers elected were Sam Murray, vice president; R. K. Bell, secretary treasurer; Douglas Shankles, reporter; Floyd Pond, parliamentarian; John Welsh, social chairman and Harry Gaches, assistant social chairman.

## Local Girls Appear In Tessie Concert

Misses Carla Mae and Barbara Lynn McMullan, College Station, will participate in a concert presented by TSCW Symphony Orchestra Thursday.

They are the daughters of Mr. and Mrs. Charles G. McMullan. Both graduated from Consolidated High School.
