

Avoid Duty

Smith, artillery OCS said "losses of officers from overseas surely the Far East combat heavy which say that the OCS system as a means for United States."

The University of Florida basketball team is composed of five juniors, 10 sophoms and three freshmen. There are no seniors on the squad.

Sports Day Scheduled March 15

March 15 has been picked for All Sports Day at A&M College. Barlow "Bones" Irvin, athletic director, announced Thursday.

Six athletic events have been scheduled, with outside opponents to meet the Aggies in baseball, track, golf and tennis. The swimming teams will stage an intrasquad meet on the big Saturday, and the football team will scrimmage Saturday night.

A&M students use this weekend to invite high school boys from all over Texas to visit A&M. Here's the athletic schedule for that day:

Sport	Opponent
Baseball	Brooke Field Medics
Track	Rice and Texas
Golf	University of Houston
Tennis	University of Houston
Swimming	Fish vs Varsity
Football	Maroons vs Whites

Aggies Go To Houston; Minus McDowell's Aid

The Aggies will travel to Houston tomorrow to clash with the University of Houston Cougars. It will be the Cadets first game since Jewell McDowell ended his career last Friday night against Baylor.

It is expected that all of the Aggies' foes will be watching the game closely to find how well the Aggieland boys can do without the services of their All-SWC guard.

Many are wondering what they'll be able to accomplish without the little man considered to the conference's outstanding guard, who has now graduated.

Have Met Before
A&M's second meeting of the year against the Cougars here might offer a fair answer to the question, Houston dumped the Cadets, 38-29 in a seasons opener at College Station.

There's no doubt that the Aggies have come a long way since then,

but they lost more when they said goodbye to McDowell.

Now more of the scoring burden will fall on giant Aggie center Buddy Davis and his tall shoulders. Davis is the SWC's third best scorer with 203 points in 14 games for an average of almost 15 a game.

Biggest Win Over Aggies
Strangely enough, Alden Pasche's unpredictable Cougars built up their largest victory margin in that 38-29 win over the Aggies.

Since then they have lost heart-breakers to OCU and Murray State, split with Detroit, lost an overtime game to St. Louis, pulled a one-pointer out of the first against Tulsa and were soundly thrashed by Oklahoma A&M.

Then last Saturday night even crippled Sam Houston State gave them a scare before losing by 3 points.

Cougars Doing Good
Despite their 4-6 season record, the Cougars are doing better than expected with two Missouri Valley Conference victories already, as many as they won all last season.

Houston is well-indoctrinated in the Henry Iba slow break style employed by the Aggies. As a matter of fact, the Cougars, slower and more defensive minded than last year, have of necessity absorbed some of the Iba style themselves.

Up until their last game the Cougars had the highest shot-making percentage in the nation, 41 per cent, according to NCAA statistics.

Campus Interviews on Cigarette Tests
No. 33...THE SHEEP

They tried to fool him with the "quick-trick" cigarette mildness tests—but he wouldn't go astray! We know as well as he there's only one fair way to test cigarette mildness. And millions of smokers agree!

It's the sensible test...the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke, on a day-after-day, pack-after-pack basis. No snap judgments. Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests...
Camel leads all other brands by billions
