**YOUNG PHILOSOPHER**

You can have your Plato and your Socrates. I have my own philosophy, and I think it's pretty good.

The way I see life . . . you have to grow. You have to be a little bit bigger tomorrow than you are today. Otherwise, you'll never become the man your father wants you to be.

The trouble with a lot of people is that they stopped growing a long time ago. They figured when their bodies stopped growing, their souls might as well stop too.

Now that's a shame. 'Cause when the body is full grown, the soul is only partly grown. In fact it's still so undeveloped that if a man doesn't let his soul keep on growing, he'll soon begin to wonder whether he has a soul at all.

There's a Church down the street where I go to keep my soul growing. Why don't you come with me . . . every Sunday. Remember what I said—you have to grow or you'll never become the man your FATHER wants you to be.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
