## Princess Elizabeth Starts Second Commonwealth Tour

London, Jan. 31—(AP)—Princess Elizabeth and the Duke of Edinburgh set out today on another long tour, to give new millions in the British Commonwealth their first glimpse of royalty.

The slim, 25-year-old princess, who someday will ascend the British throne, goes with her husband this time to three continents—Africa, Kenya, Ceylon, off Asia's southern tip, and "down under" to Australia and New Zealand. Ahead of them are five months and 30,000 miles of visits designed to help hold Britain's shrunken empire together.

A true royal sendoff was set for the couple's departure by plane from London airport (at 7 a.m. EST). King George and Queen Elizabeth arranged to take three-year-old Prince Charles and 17-month-old Princess Anne to the airport to wave goodbye to their travelling parents.

Also due at the airport was Prime Minister Winston Churchill, who knows as well as the next man the value of royal tours in holding the commonwealth together.

Most of the travel in Australia will be by plane.

The tour of New Zealand opens at Wellington May 7 and will include a holiday on a Canterbury sheep station and a reception by the Maoris, the Antipodes' original settlers, at Rotorua.

Lady Pamela Mountbatten, 24-year-old daughter of Vice-Admiral Earl Mountbatten and Philip's cousin, is accompanying Elizabeth as her lady-in-waiting. The Princess' private secretary, Equerri and five other members of the royal staff also are going along.

Today's departure for Elizabeth and Philip comes just six weeks after they returned from a 75-day triumphant tour across Canada and back, with a short side visit to President Truman in Washington.

On this new trip, they are substituting for the King and Queen. The parents' long-planned tour of the Antipodes was cancelled months ago because of the monarch's ill health. The young folks will try to make up for it with a far more extensive tour than was planned for George and Elizabeth.

### Newspaper Clinic Set Here Feb. 23

A Texas Newspaper Clinic will be held Feb. 23. Meetings will be held in the MSC.

The Department of Journalism and the Texas Press Association will sponsor the event with D. D. Burchard, head of the Journalism department as chairman. One hundred are expected to attend.

After U. S. Tour

Elizabeth and Philip fly first to El Adem, in Libya, then across Africa to Nairobi, Kenya, which was not on the king's itinerary. They will stay in Kenya a week, part of the time making their first visit to the hunting lodge which the colony gave them as a wedding present.

At Mombasa they will board the liner Gothic and sail to Ceylon. There they will visit Kandy, last capital of the Kandyan kings, and the famous Buddhist shrine, the temple of the tooth.

### Archives Get Photo Of First Ag Cagers

A picture of the first basketball team at A&M in 1912 has been donated to the college archives by Frank D. Steger, first basketball coach and secretary of the YMCA from 1910-17. Dr. D. B. Cofer, college archivist, has announced.

Other donations included five pictures of athletic and Y groups, snapshots of the Brazos Hikes held in 1910-13, and newspaper clippings concerning the Glee Club and Drama Club.

The 1915 Longhorn was dedicated to the 70-year-old Steger, who now lives in Columbus, Ohio.

### Bank Proves Customers Honest with Change Bowl

Yonkers, N.Y., Jan. 31—(AP)—Customers of the Central National Bank of Yonkers now make their own small change—right in the lobby from bowls of pennies, nickels, dimes, quarters and half-dollars.

The bank started the innovation yesterday, with the bowls each containing \$5 in coins.

Bank President Gerald S. Couzens said not one penny was missing at the end of the day.

"We believe people are honest," he added, "and it reduces the work at the tellers' windows."

### Campus Interviews on Cigarette Tests

No. 33...THE SHEEP

"They can't pull the wool over my eyes!"

They tried to fool him with the "quick-trick" cigarette mildness tests—but he wouldn't go astray! We know as well as he there's only one fair way to test cigarette mildness. And millions of smokers agree!

It's the sensible test...the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke, on a day-after-day, pack-after-pack basis. No snap judgments. Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

## Even Nickel Tickets Are Valuable

... now in our game of DAILY LUCKY-CUSTOMER. \$2.50 value has been added to the face-value of the winning ticket for each day that the winning ticket is not claimed. For instance, a Monday winner may be claimed on any following day for a week. If however, it is not claimed, then when the next Monday winner is drawn, \$2.50 value is added to the "pot". Each day of the week will be considered a separate "pot", and if winners of, say, Monday pots are not claimed for several consecutive weeks, then each Monday the value will increase \$2.50 until such time as a winner claims the "pot."

We had four winners during the first five days of the game, but because so many people are out of town this week or because small tickets are thrown away, we now have had only one winner of the past five days. This change is designed to give value to small tickets, too, without discouraging the registering of large purchases on single tickets.

Ask your neighbor or one of our clerks about our game if you are not already familiar with it. Some lucky customer EVERY DAY gets DOUBLE-Value for groceries purchased here. You may be the one. Details are shown in the store.

Frequently we are asked "When will you notify us if we win?"

Please bear in mind that we deal exclusively in NUMBERS, not names, and we never know who possesses the winning number. Only by making comparisons with posted numbers in the store can you be a winner. SAVE EVERY CASH REGISTER TICKET, HOWEVER SMALL.
