

## Family Life Meet Planned for March

The Family Life Institute, sponsored by the Brazos County Council of Social Agencies in conjunction with other civic organizations of the area, was explained by Mrs. D. L. Belcher, chairman, when she met with the planning committee at the Chamber of Commerce in Bryan last week.

The two day program, designed to evaluate the service of the community to the family and to arouse interest in the study of family life in order to strengthen our democracy, will be presented March 14 and 15.

Dr. Mildred I. Morgan, professor of home and life at Florida State University, Tallahassee, will be the principal speaker for the Institute. She will speak at the Stephen F.

Austin High School in Bryan the evening of March 14 and 15.

Mrs. Ellen Dell Bieler, Chicago, field consultant for the National Congress of Parents and Teachers and a co-worker of Dr. Morgan, met with the committee, giving them suggestions.

### Luncheon Meeting

The Institute will open with a luncheon meeting at the Maggie Parker Dining hall with Dr. Morgan striking the keynote. Anyone interested in attendance should contact Mrs. Virgil V. Parr at the Bryan Health Unit for reservations said Mrs. Belcher.

Rounding out the two days program will be a workshop session on Friday afternoon and Saturday morning and afternoon.

Since the committee in charge of this phase of the Institute has not decided the most acute problems of the community, no specific topics have yet been outlined for the workshop session.

Individuals and organizations having questions that they would like discussed during the session should send them to Mrs. Jim B. Beard, chairman of the program committee, Mrs. Belcher advised.

Other members of the committee are Mesdames C. N. Hilscher, W. H. Ritche, W. F. Hughes, Frances Nedbalek and Melvin S. Brooks. Also working with this group as consultants are the local school superintendents and principals.

## Dr. Price to Speak At JVMA Meeting

Dr. Donald A. Price, veterinarian with the Texas Agricultural Experiment Station, will be the guest speaker at the meeting of the College Station chapter of the Junior American Veterinary Medicine Association at 7:30 p. m. tonight.

A graduate of the Ohio State Veterinary College, Dr. Price is now assistant veterinarian at Substation 14.

## Develop Adding Machine Skill

Taking an examination in the special adding machine course offered by Monroe Calculating Machine Company are business administration students and assistant professor R. P. Woods. The "Rythm-Add" class was conducted by the company free of charge for these students who volunteered to take it. The course was designed to improve the students' skill with adding machines through a special method the company has devised. Wood said the company would return to the campus later this semester to teach students who wish to learn the Rythm-Add method.

## MSC Round-up

(Continued from Page 1)

the campus get on the air regularly through the Student Center Amateur Radio Club. Besides its broadcasting activities, the Radio Club sponsors code and other broadcasting instruction for "hams."

To be sure that all these groups get sufficient publicity on their various activities the MSC Public Relations Committee operates a five-minute WTAW broadcast twice each week, and helps with newspaper and poster publicity.

Both student and student wives are eligible for membership and participation in any of the MSC sponsored organizations. President Davis has issued a special invitation to all interested students and student wives to attend the Round-Up.

Those interested in a brief outline of how Student Center activities are administered, in knowing what student heads a particular group, may find this information in the series of posters now on display inside the MSC East Entrance.

## Top Technical Jobs Open in Air Force

Assignments are available in the Air Force for 700 highly qualified technical specialists who will accept direct Reserve commissions and immediate active duty, the Department of Defense has announced.

In a statement issued to Col. E. W. Napier, PAS&T, the Defense Department said approximately 250 second lieutenants, 325 captains, 125 majors and eight Lt. colonels may be commissioned under this quota. A bachelor's degree or higher is generally required.

The major need is for 400 college graduates in fields of Communications, Psychological Warfare, Procurement, Weather, and Auditing, the announcement said. Further requirement call for psychological assistance, comptroller, air police, intelligence specialist, cryptanalysts, map production personnel, and laundry officers.

The Defense Department said vacancies exist for approximately

200 commissions in specialties calling for a master's degree or higher. Particular need in this category are aero, mechanical, civil and industrial engineers, meteorologists and electronic specialists.

Other fields include physics, armament, advanced management, psychology, and business administration.

Detailed information on requirements may be obtained from the following numbered Air Forces: Hq. First Air Force, Mitchel AFB, N. Y.; Hq. Tenth Air Force, Selfridge AFB, Mich.; Hq. Fourteenth Air Force, Robins AFB, Ga.; Hq. Fourth Air Force, Hamilton AFB, Hamilton, Calif.

## Plans for Cotton Pageant Underway

The Agronomy Society has started getting together plans for the 18th Annual Cotton Pageant and Ball, to be held April 25.

Bobby Henderson, reporter for the Society, said committees have been appointed, and are now making plans for the annual production.

### Pageant Staff

On the Pageant and Style Show Staff are H. E. Hampton, faculty sponsor; Mrs. Bill Turner, director, and Bill Lewis, coordinator.

## Married Couple Forums Slated For RE Week

Dr. W. E. Denham, Jr. will conduct a forum for married students and wives in the YMCA Chapel on Monday and Wednesday Feb. 18 and 20 from 7:30 to 8:30 p. m. in connection with Religious Emphasis Week.

Interest locater sheets were distributed in College View, Vet Village, and the Project Houses Saturday by a student wives committee which is working with Gordon Gay of the YMCA. The committee includes Mesdames Marge Dolan, Catherine Jenkins, Peggy Maddox, Peggy Maness, Rachel Moore, and Jean Thomas. The sheets will be picked up Monday and the most popular topics decided.

"We are trying something different this year and hope it can be done in the year to come," said Gay.

Arrangements for a nursery for the children are being made.

## Aggie Players Meet Wednesday

A one act play will be read at 7:30 Wednesday night in room 3-D of the MSC as the Aggie Players hold a regularly scheduled meeting.

The skit, "If Men Play Cards As Women Do," by George S. Kaufman, will feature Bill Witty, Carl Stephens, Carrol Phillips and Roger Coslett.

## Mrs. Belcher Will Speak To Students

Mrs. D. L. Belcher of College Station, worker with handicapped children, will be the fifth speaker in the Travis School PTA Study Group series.

She will speak Tuesday night at 7:30 in the Travis School auditorium on "The Exceptional or Handicapped Child." The lecture is open to the public.

Mrs. Belcher is vice-president of the Brazos County Council of Social Agencies and chairman of the family life institute of that group.

## Architects

(Continued from Page 1)

The thing that impressed the students the most, the faculty members said, was the strictly western atmosphere in which the boys actually lived and worked.

Thursday night the board of directors of the ranch gave the visiting architects a banquet in Amarillo.

### Good Workers

When asked how the boys were as workers, one of the instructors said: "The boys are good workmen. In fact one of the boys was hired right off the ranch to work with a stone mason after completing the job on the ranch."

Fourth year students will make a tour of Borger during the latter part of the week, Rowlett said, to get information on redesigning the main street of the city. The city council is sending a bus to A&M to pick up the students.

The Borger City Council has invited the A&M architects to draw up some plans for a proposed city planning. G. K. Vetter is in charge of the program.

"A real problem is much better for the men to work on," an instructor said, "than just a theoretical plan. A real problem stimulates their interest."
