GIRDERS You must have girders to build a skyscraper. Only a mesh-work of steel can endure the weight, strain and atmospheric variations to which such a structure is subject. And you must have girders to build a man ... girders of faith and moral courage that will enable him to stand erect against the pressures and onslaughts of human experience. The Church builds the girders into a man's life: In childhood it sets in place the mighty "uprights" that will mold his stature later. In youth it reinforces these with "cross-beams" that solidify his moral character. Day by day, all through adulthood, the Church "rivets" into their proper place the truths and ideals and aims that enable him to reach his full stature. Faithfully, generously give strength to the Church. Faithfully and generously it is building strength into our lives. THE CHURCH FOR ALL ... ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily. Book Chapter Verses Sunday... Psalms 84 1-12 Monday... Amos 5 14-24 Tuesday... Micah 4 1-5 Wednesday... Matthew 9 10-17 Thursday...
