

Housing Project Begins

Another step toward the development of the million dollar Oak Terrace Addition was taken today when Parker-Andrews Construction Company of Bryan began work on water and sewerage lines in the area.

Total cost for laying water and sewerage lines over the entire subdivision in College Station to City water and sewerage line will be \$214,608.55, said J. C. Culpepper, developer.

According to a verbal agreement between Culpepper and the city council, the developer will go ahead with plans to extend utilities, with exception of electricity, to the area, said Raymond Rogers, city manager. The City will reimburse Culpepper at a later date, Rogers added.

A hundred and forty-one housing units for Bryan Air Field personnel are scheduled to be built in the College Station portion of Oak Terrace by July 1. The housing consists of 25 single family houses and 58 duplexes.

Oak Terrace covers 109 acres-half in Bryan and half in North College Station.

Oil Companies To Give Three Scholarships

Three scholarships in petroleum engineering will be given this month, according to Harold Vance, head of the petroleum engineering department.

The Magnolia Petroleum Company will give a \$750 scholarship and the Standard Oil Company of Texas plans to present two scholarships worth \$500 each.

These three scholarships are outright cash awards and will represent no obligations on the part of the students who are selected to receive them, Vance said.

Purpose of the scholarships is to encourage, assist and recognize an A&M petroleum student. The staff of the department and the donating companies will select the winning students, Vance added.

In selecting the winning students consideration will be given to each candidate's scholastic record, evidence of leadership, character and sincerity of purpose. The recipients must be a senior petroleum engineer who has completed the first semester of the regular senior petroleum engineering courses, Vance said.

Girls, Music, Banquet Make Junior Prom Big Night

Members of the Junior Class and their dates converged on Sbis Hall Saturday night for an evening of fun and delightful dancing which made the annual Junior Prom an event long to be remembered.

Highlight of the evening was the presentation of the six candidates for sweetheart of the dance.

Texas University junior, Miss Connie Nelson, was chosen by the judges as class sweetheart. She was escorted by Joe Wallace.

Other sweetheart finalists were

Natorium Open Three Times Week

P. L. Downs Natatorium will be open 8 to 10 p. m. on Monday, Wednesday, and Thursday nights, starting Feb. 18, Carl Tishler, head of the Physical Education Department, announced.

The pool will be open to students, their wives and children, faculty and their families, and residents of College Station.

Students will be admitted free upon presentation of ID and Student Activities card. Admission for non-students is: children, 12 years of age and under, 9 cents; adults, 13 years of age and over, 14 cents.

Bathing suits and caps will be required. Caps may be purchased at the pool.

Principal Speaker

Dr. W. E. Denham, Jr.

Outstanding Counselors

Religious Leaders to Discuss Topics

The 1952 Religious Emphasis Week activities were launched Sunday afternoon with a reception in the home of President and Mrs. M. T. Harrington. The reception was in honor of Dr. W. E. Denham, Jr., principal speaker for the week's program and the 12 religious leaders from all over the United States who will serve as dormitory guidance counselors.

During their week's stay at A&M the religious leaders will be housed in college dormitories and lead group discussions in topics chosen by students in a poll taken earlier in the school year.

Rabbi Jacobson

Serving as counselor for Dorms 5 and 7 will be Rabbi David Jacobson of Temple Beth-El, San Antonio. Rabbi Jacobson will live in Dorm 5.

The San Antonio religious leader will be available for counseling at any time during his stay on the campus. Rabbi Jacobson is a graduate of the University of Cincinnati, and received his AB degree in 1931. He was awarded his PhD from St. Catherine's College of England, 1936. In 1934 he was ordained as rabbi by the Hebrew Union College.

A widely known young people's counselor will serve as discussion leader for Dorms 6 and 8 during the week's activities, Dean H. E. Speck has been active in youth work in churches in Dallas, Houston, Fort Worth, Lubbock, San Antonio, Memphis and Nashville. He is dean of men at Southwest Texas State Teachers College, San Marcos.

The Rev. Herbert L. Polinard, pastor of the Main Street Christian Church, Waxahachie, will be in charge of discussions in Leggett and Milner halls. He was assistant to the Chaplain during the occupation of France and Germany in the second World War.

The Rev. Polinard is a member of the Masonic fraternity and the Rotary International. In 1942 and 1943 he was listed in "Who's Who in American Colleges and Universities." He will live in Leggett Hall during the week long program.

Dr. George W. Forell, educational secretary of the National Lutheran Council of Chicago, will lead discussions in Dorms 9 and 11. He was born in Breslau, Germany and studied there and at the University of Vienna, Austria.

When the Germans took over Austria in 1938, Dr. Forell's father

'Satisfy Wants to be Happy', Dr. Denham Tells Audience

'All Should Take Advantage Of RE Week'--Harrington

We come again to our Religious Emphasis Week, one of the most meaningful weeks of the school year. We all need to revitalize our religious thinking, and we are most fortunate in having a group of outstanding ministers and lay-leaders on our campus for several days to help us focus our thinking on spiritual matters.

We need to give time from our busy lives to think of God, to read and listen to His word and to realize that without His power in our lives we are worthless. We so greatly need Him--every hour of every day.

I hope each student, faculty and staff member will take advantage of the services and discussion groups which have been planned for this week.

M. J. Harrington

By IDE TROTTER
Battalion Staff Writer

"To attain happiness man must properly satisfy his four fundamental drives," explained Dr. William E. Denham Jr., pastor of the River Oaks Baptist Church of Houston in the first RE Week morning service today.

"Better is the little the righteous hath than the abundance of many wicked," quoted Dr. Denham from the Psalms to further illustrate the secondary position of money in the overall happiness of the well adjusted Christian.

"The man who handles these four drives for life, adventure companionship, and God correctly is the happy man," continued Dr. Denham.

Dr. Denham illustrated the right and wrong satisfaction of the desire to stay alive by saying, "Unless a person has the right purpose for living, the desire is wrong, Life can produce heroism or cowardice."

"Failure to handle these drives properly will lead to sin while righteousness is the result of their correct attainment," Dr. Denham emphasized.

Dr. Denham will hold services in Guion Hall each morning for the rest of the week.

Tomorrow from 10 to 11 a. m. his topic will be "Is Christianity Reasonable?" The hour for the morning services will change to 11-12 a. m. on Wednesday and Thursday. "What Girl Will You Marry?" and "Is There a Christian Answer to Communism?" will be Dr. Denham's subjects on these days.

The final service of the 1952 Religious Emphasis Week, will be at 9 a. m. Friday. Dr. Denham will conclude the week's activities by posing the question "Is Your Faith Adequate for Life Today?"

Election April 1 Council Topic Tuesday Night

A College Station ordinance authorizing a city-wide election April 1 will be passed at a city council meeting Tuesday night at 7, Ernest Langford, mayor.

Other business to be taken up at the meeting includes appointment of three members of the tax equalization board and passage of an ordinance setting the tax rate for the fiscal year 1952-53, according to Raymond Rogers, city manager.

City officials whose office terms expire this year are as follows: Langford, mayor; Joe A. Orr, councilman from Ward I; R. B. "Bob" Halpin, councilman from Ward II; and A. P. Boyett, councilman from Ward III. March 1 is the deadline for filing for elective positions.

The tax equalization board is composed of three members appointed by the city council, and three members appointed by the A&M Consolidated Independent School District Board of Trustees. The equalization board prepares assessment figures for property in the City and the School District, said Ran Boswell, assistant city secretary.

Ag Experiment Station Gets Big Donations

A total of \$9,209.50 in grants-in-aid, equipment value and an available fund, have been given the Texas Agricultural Experiment Station, Dr. R. D. Lewis, director, has announced.

The grants-in-aid are from the Lederle Laboratories Division of the American Cyanamid Company, Pearl River, N. Y., and the Midwest Research Institute of Kansas City, Mo., for \$4,000 each. The Lederle aid will be used in support of research on the roles of folic acid, Vitamin B-12 and/or the animal protein factor complex in the nutrition of turkeys and growing and mature chickens. The Research Institute grant will be used in support of the research being conducted by R. E. Karper and co-workers on the development of adapted varieties of grain sorghum.

The equipment donated is from Howard R. Kornberg, sales manager, Taylor Machine Works, Louisville, Miss., and consists of a pasture dream Model F, complete with an adapter kit, valued at \$549.50.

Quaker Oats Company, Chicago, has made available \$600 to be used in the department of animal husbandry under the direction of Dr. J. C. Miller, head for supporting research on the value of saccharified and ammoniated corn cob meal as a partial source of protein in wintering rations for beef cows.

"The morning services are an attempt to show the men here how to make life significant and acceptable to God," Dr. Denham revealed.

Coupled with the all-college programs in the mornings will be individual dormitory discussion sessions in the afternoon and evening. Twelve outstanding religious leaders will live in the dorms with the students and lead these discussions during the week.

The first sessions of these groups will be held from 4:30 until 6 p. m. and will be used to discuss subjects brought up by the men attending the meetings.

Student Poll Topics

After supper the groups will talk about subjects selected in a student poll. These subjects are: "Men and Women Relationships," the "Human Venture in sex, Love and the Home;" "What Should a Student Get out of Four Years of College?" "Does College Strengthen or Weaken Religious Faith?"; "What is a Successful Life?"; and "What Qualities Should we Seek in our Men and Women Friends?"

In addition to his morning services, Dr. Denham will conduct student couple's forums in the YMCA chapel tonight and Wednesday night. The meetings will start at 7:30 and last till 8:30 p. m.

"How to Handle Tensions"

"How to Handle Tensions" will be discussed tonight. Dr. Denham will discuss the subject about 20 minutes and hold an open discussion (See FORUM TONIGHT, Page 2)

Local Cubs to Hold Kite Flying Meet

Members of Cub Scout Pack 192 will hold a kite flying contest March 1 from 9:30 until 12 a. m., J. Wheeler Barger, cubmaster, announced yesterday. The contest will be staged on the drill field south of the new area.

Awards will be presented for the best kites in seven events. These events are: box kite, two stick kite, three stick kite, star kite, largest kite, smallest kite, most unusual kite, prettiest kite, most original kite, and highest flying kite.

Ribbons will be given winners of the first four places in each event, Barger said.

Cubs entering the contest must register between 9:30 and 10 a. m. March 1 and all kites must be home-made but reworking or re-assembling of manufactured kites will be permitted. Cubs may be assisted by their fathers or other members of their families.

Each kite in the contest must fly at a height of 100 feet for at least one minute. Also, each contestant may have a helper in flying the kite or kites which he enters.

Dr. Robert Jacobs, chairman of the pack's activities committee is in charge of contest arrangements.

er and his family were forced to flee. Eventually, in 1939, he reached the United States and began studying at the Lutheran Theological Seminary in Philadelphia. He received his BD degree in 1942.

Dr. Forell is the author of "The Reality of the Church as the Communion of Saints," explaining Luther's doctrine of the church. He is a member of the American Philosophical Society, the American Society of Church History and is secretary-treasurer of the American Society for Reformation Research.

During his stay, Dr. Forell will live in Dorm 9.

Dorm 14, 17 Counselor

A graduate of the University of California, the Rev. Penrose W. Hirst, will serve as counselor and discussion leader for Dorms 14 and 17. He will live in Dorm 14.

The Rev. Hirst is pastor of St. Timothy's Church in Houston. During World War II he was civilian chaplain for a college Air Corps training detachment and also chaplain of the Second Regiment, OSG.

He is recognized as one of the outstanding religious leaders for college students.

Return Counselor

A return counselor for this year's religious activities is the Rev. Prentiss W. Chunn, Jr. of the Department of Student Works, Dallas. He will lead forums for Puryear, Law, and Mitchell Halls and will live in Puryear.

The Rev. Chunn received his BD degree from Southwestern Baptist Theological Seminary in Fort Worth. During the war he was an Army chaplain, serving at Camp Hood, the Philippines, and Tokyo, Japan.

His previous religious activities include the directorship of Baptist student work here at A&M.

Record Author

Author of a series of nine records for folk games entitled "The World of Fun Series," the Rev. Larry Eisenberg of the Methodist Student Board of Education, Nashville, Tenn., will lead discussions in Dorms 15 and 16. He will live in Dorm 15.

The Rev. Eisenberg is a native Tennessean and a member of the Illinois Conference of the Methodist Church. He has been a specialist in recreation for the Youth Department, Division of the Lo-

Game Party Set By Newcomers

A game party for husbands is scheduled by the Newcomers Club Wednesday at 8 p. m. in the South Solarium of the YMCA.

Members are urged to contact Mrs. James W. Griffith, 3-2418; Mrs. Rex Johnston, 6-1351; or Mrs. John Page, 4-4108, Mrs. Griffith, hostess chairman, said.

No charge will be made and refreshments will be served, she added.

Miss Joyce Wisakowsky, another TU coed who was escorted by Jim Moore; Miss Joyce Harrah, sophomore at SMU escorted by Charles Beagle; Miss Annette Lewis of Sam Houston State Teachers College escorted by Lee Phillips.

Miss Norma Morgan, senior at San Jacinto High School in Houston, escorted by Charles Roper and Miss Barbara McRae of Houston escorted by Robert L. Miller.

Gifts and Kiss

Following the selection, Miss Nelson was presented a gift by James McGee, class president who also bestowed the traditional kiss. All finalists received heart shaped pins, engraved "Sweetheart Finalist '53."

Prior to the dance, which began at 9 p. m., juniors and their dates attended the Junior Banquet held in the Sbis Hall banquet room. Featured speaker for the affair was R. E. "Prof" Jackson, associate professor of history at TSCW. Jackson delighted the large crowd with a humorous discussion of "Fun, Facts, and Foolishness."

Highly Regarded

The banquet speaker is highly regarded throughout Texas and neighboring states as an after dinner speaker, toast master, and commentator.

Many of the juniors' dates began arriving on the campus Friday afternoon and night. In preparation for Saturday night's

prom, couples trekked to the MSC to attend the opening session of Cafe Rue Finale, French night club attraction which is scheduled to be held each Friday night throughout the semester.

Music for the prom was provided by Bill Turner and the Aggie-land Orchestra.

New Picture Of Navy Plane Is Released

Bethpage, N.Y., Feb. 18—(AP)—The navy has released a photograph of the new Grumman Cougar jet fighter which it describes as "much faster" than the Panther jet now being used by Navy and Marine fliers in Korea.

The photograph was released yesterday with an announcement saying the Cougar is being produced in quantity here by the Grumman Aircraft Engineering Corp.

Officially the F9F-6, the Cougar was pictured as a swept-wing successor to the F9F-5 Panther.

Like the Panther, the announcement simply said, the Cougar is "rated in the over 600 miles per hour class." But their exact speeds have not been disclosed.
