

Allied Planes Jump 70 MIGs, Destroy 5

American warplanes surprised a flight of Communist MIG-15 jets today and shot down at least five near the Yalu River.

Another MIG was listed as probably destroyed.

The wild 30-minute morning battle was touched off when 28 F-86 Sabre jets pounced on a flight of 70 MIGs as the Reds came out of their Manchurian sanctuary.

"We caught them by surprise and bounced the whole formation," an Air Force officer said.

Biggest Bag Since

It was the biggest bag of Red jets since Jan. 25, when Sabre pilots destroyed 10.

Another MIG crashed behind the Manchurian border without a shot being fired at it. Two Allied pilots said the plain was turning when it suddenly went into a tight spin and roared to the ground.

Fighting on the battle front continued light, but the Reds stepped up their artillery and mortar fire in some sections Tuesday.

Reds Throw

The Communists threw nearly 1,500 rounds at an Allied position north of the punchbowl on the eastern front. The bombardment was near the Red-held hill called "Luke the Gook's Castle," a strong point from which the Reds have been blasting for several weeks.

The Communists also renewed their propaganda leaflet barrage Tuesday.

The U.S. Eighth Army communi-

que reported only light patrols and probes across the front. Temperatures ranged from 13 to 33 degrees (F).

First Marine air wing pilots concentrated their fire on Communist bunkers. They claimed at least 43 destroyed or badly damaged.

3rd Of Seven

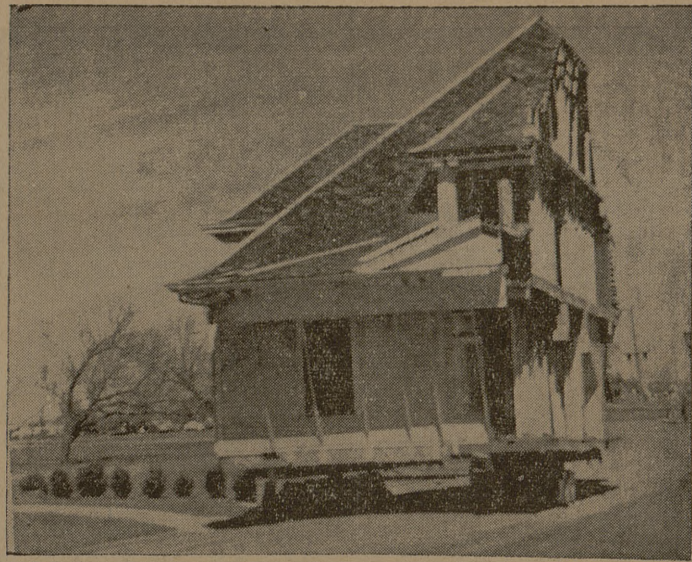

Fellowship Program Set For Sunday

The third of seven fellowship programs sponsored by the A&M Methodist Church each Sunday evening at 6 will be held this weekend at the church.

Divided into three 45 minute periods, the program includes worship, fellowship inspiration, recreation and education. The first period is family recreation.

Family education is the title of second period which is divided into four courses. The courses and teachers are as follows: "Our Bodies Are God's Temples," Otis Miller; "Belief and Doctrines of the Methodist Church," the Rev. James F. Jackson; "Teachings of Jesus," the Rev. Robert E. Sneed; "Great Religions of the World," moderated by J. Goodwin Gay. A&M students will tell about their religions in the last course.

Old Commandant's House

The old commandant's house, recently an annex to the Extension Service, was moved a "half at a time" from its location near the Agriculture Extension Service building.

Truman Policies Against Conveying War Into China

Washington, March 5—(AP)—The Truman administration has decided against any move to carry the Korean war to China even if the truce talks collapse.

Officials said that is the present basic policy, but how it is applied if and when a collapse occurs will undoubtedly depend on what the Communists do and what the American people think about it.

In the highest levels of the defense and state departments it is recognized, officials privately concede, that popular indignation could force the United States in some circumstances to take action which would either contradict or diverge from its present policy.

Allison's Speech

A clear indication of the administration's attitude came last night in a speech sent by Assistant Sec-

retary of State John M. Allison to the Philadelphia Bulletin Forum at Philadelphia. It was delivered by his assistant, U. Alexis Johnson, who returned 10 days ago from talks with Gen. Matthew B. Ridgway and other top U.N. military men in Korea.

"It is our policy," Allison said, "to confine the conflict to Korea. We do not propose to widen the scope of the war. That has been our policy from the start. That remains our policy. It is up to the Communists. If they want to widen the conflict and engulf the world in a terrible world war, then they must be the ones to do it."

Truce talks at Panmunjon are deadlocked now over several issues. Allison and his closest associates as well as military leaders reportedly still believe the odds are at least even on the possibility of agreement on a truce.

The have been considering for many weeks, however, what the United States should do in event of a collapse of negotiations. It is known that consideration has been given to carrying the war directly against China. It is now apparent that the decision has been reached to avoid this if possible.

In reaching this decision the advice of military leaders that a bigger effort in the Far East would mean a weakening of America's home air and other forces has been a decisive factor.

Allison said that while the United Nations do not want to broaden the war, they also are determined not to pay such a price for peace as would reward the Reds for having started the conflict in the first place.

Polio Patient Has Baby Boy

Mrs. Rowland (Dorothy) Cyr gave birth to a nine pound eight ounce boy Thursday in a Fort Worth hospital where she has been a polio patient since November.

The Cyrs formerly lived in Vet Village until the graduation of Cyr in June 1951. He received a BS degree in electrical engineering. Cyr was working for General Electric in Boston when his wife contacted polio.

Mrs. Cyr, paralyzed from the waist down, was transferred to Fort Worth so she could be near her two children while her parents cared for them. Cyr resigned his position with General Electric and is now working for Consolidated-Vultee Aircraft and attending night school at TCU.

Mrs. Cyr was a member of the Aggie Wives Bridge Club and Sewing Club while living in College Station.

Dr. Mayo to Speak At Hillel Meeting

Dr. T. S. Mayo, head of the English Department, will speak to the Hillel Foundation in room 2-D of the MSC at 7:15 p. m. Wednesday.

Dr. Mayo will speak on "The Lessons of the Ancient World," announced Mrs. J. J. Taubenhaus, sponsor of the foundation.

Job Interviews

• The Aluminum Company of America will be here on March 5 to talk to mechanical, electrical, chemical, and industrial engineers. They currently have openings in engineering, production and sales work.

• The Connecticut General Life Insurance Company will be here on March 5 to talk to majors in economics, agricultural economics, and business.

• Gulf States Utilities Company will interview electrical, mechanical, and civil engineers on March 5 for the position of Junior Engineer.

• Stanolind Oil and Gas Company will interview here on March 6 with a general meeting in Room 2-B at 9 a. m. He is interested in accounting majors primarily but

will interview any business majors who have had 20 hours of accounting courses.

Be Happy-Go LUCKY!

In a cigarette, taste makes the difference—
 and Luckies taste better!

The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellow, more enjoyable taste of a Lucky . . . for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco . . . fine, mild tobacco that tastes better. Second, Luckies are made to taste better . . . proved best-made of all five principal brands. So reach for Lucky. Enjoy the cigarette that tastes better! Be Happy-Go Lucky! Buy a carton today!

L.S./M.F.T.-Lucky Strike Means Fine Tobacco

Though cigarettes may look alike, They're really not the same. There's all the rest—but one that's best, And Lucky Strike's its name!

George W. Martin, Jr.
 University of Virginia

I've started smoking Lucky Strike— They are undoubtedly the world's best-tasting cigarette— Just try one and you'll see!
