

Cotton Queen Nominees

Candidates for the Cotton Queen pose formally in the living room of Stoddard Hall at TSCW. Each of the four classes nominated eight candidates for the honor and left the final selection to the

cotton court from A&M. Girls who were not selected for the Queenship or the court will serve as models at the pageant to be held in DeWare Field House.—(Staff Photo by Cole).

★ Job Interviews ★

● Freeport Sulphur Company will be on the campus March 13 and 14 to interview civil, petroleum, and mechanical engineers.

● Procter and Gamble will conduct interviews for chemists, chemical, electrical, industrial, and mechanical engineers on March 11 and 12. Positions available are in process development (pilot plant), products service, factory management, plant scale engineering, research and plant scale engineering of process, power and automatic machinery systems.

● The California Division of Lockheed Aircraft Corporation will be on the campus March 13 and 14

to talk with interested aeronautical, civil, electrical, and mechanical engineers. They currently have openings in aircraft design, stress analysis, engineering drafting, aerodynamics, flight test analysis, mechanical design, technical writing and research.

● Arkansas Natural Gas Company will interview on March 12 and 13. The following majors can qualify: civil, electrical, mechanical, petroleum industrial, and chemical engineers.

● The Tennessee Eastman Company will conduct interviews on Friday, March 21. They will be interested in graduates regardless of their military status. They want to talk with chemists, chemical, mechanical, and industrial engineers.

chemists, chemical and mechanical engineers.

● The Corps of Engineers will interview here on March 14. Architecture, civil, electrical, and mechanical engineers will qualify. They will talk to Professor Buchanan's seminar at 9 a. m. that morning in room 11 (lecture room) of the Civil Engineering Building.

● A representative of Lion Oil Company will be on the campus March 13 to talk to chemists and chemical engineers. Openings will be in research and development in petrochemicals and fertilizers. They are interested in June and summer, 1952, graduates and will also talk to those who will not receive their degrees until 1953.

● Oil Well Supply will be here on March 10 and 11 to talk with business administration, mechanical, petroleum, geological, and industrial engineering majors.

● Otis Elevator representatives will be here March 10 and 11 to talk with mechanical, electrical, industrial engineering and industrial education majors.

Gilchrist Dinner Set for March 14

Persons from all parts of Texas will attend a dinner March 14 honoring Gibb Gilchrist, Most Worshipful Grand Master, Grand Lodge of Texas, AF & AM. The testimonial dinner is sponsored by Sul Ross Lodge of College Station and will be held at 7 p. m. in the Memorial Student Center.

Speakers will be Past Grand Masters of the Masonic Lodge of Texas, and include John H. Crocker, Houston; G. R. M. Montgomery, Fort Worth; Albert J. DeLange, Houston; Lee Lockwood, Waco; Horace K. Jackson, Gatesville and R. Bruce Brannon of Marshall, who will introduce the Grand Master.

Ag Aviation Conference Set March 31

An Agricultural Aviation Conference and short course on Pest Control will be held at A&M Monday, March 31, and Tuesday, April 1. Discussions will cover phases of insect, weed, brush, and plant disease control.

Monday there will be discussions on the fundamentals of insect control, in the MSC, and a demonstration of the operation of a measuring station, at the College System Plantation. In the evening there will be a dinner with E. M. "Tex" Anderson, President, National Flying Farmers Association, presiding.

Tuesday the group will listen to lectures on weed and brush control and chemical defoliation. John C. White, Texas commissioner of agriculture, will outline state laws regulations regarding the use of agricultural chemicals.

Scout Explorer Unit to Form Here

Capt. Robert P. Cowart, explorer project officer at A&M, will meet with all scouts and scouters who are interested in organizing an explorer scout unit here. The meeting will be held at 5 p. m., March 18, in the YMCA Assembly room.

The purpose of the meeting is to acquaint the prospective explorer with the facilities available for his use. A tour of Bryan AFB has been planned. This tour will be a preview of the activities that the explorer unit will participate in, said R. H. Fletcher, district scout commissioner.

A few of the opportunities available to the explorer outfit are Link-trainers, an altitude chamber, mechanical study of the jet engine and flight orientation.

Ross Volunteers Start Intensive Drill Sessions

The Ross Volunteer's have begun extensive drill in preparation for their performances scheduled on Mothers' Day, May 10. "The fun is over and now it's time to get back to work," said Dick Ingles, RV company commander, at their Wednesday drill period.

Besides the Mother's Day show, the RV's will attend the Battle of the Flowers in San Antonio, April 26, and they plan to participate in the Armed Forces Day Parade in Houston.

"The drill to be held on Mothers' Day is the most complex of the company's routines and it shows the visiting parents the degree of perfection reached by the Ross Volunteers," Ingles said.

Drill will be held at least twice a week until the company is in shape for Mothers' Day.

The Ross Volunteers' Annual Ball will be April 15 in the MSC Ballroom, Ingles added.

'No Reason For People's Anger'

Washington, March 11—(AP)—Sen. Connally (D-Tex.) told the Senate today the people of Hawaii had "no valid reason" to get excited about the remarks he made about them a week ago.

It was all a misunderstanding, he asserted.

His statement was prompted by an hour-long interview today with a group of Hawaiians who came here for the announced intention of making the Senator "eat his words."

"I brought no charge or indictment against the Hawaiian people as a whole, and I have nothing for which to apologize, and I have not eaten my remarks," Connally said.

He did say, however, that he respects Hawaiian soldiers "for their gallant service to our country, as I respect all other American soldiers."

Outnumbered Jets Down Six Red MIGs

Seoul, Korea, March 11—(AP)—U.S. Sabre jet pilots, outnumbered 5 to 1 today destroyed or damaged six Russian-made MIG-15 jets in three twisting air battles near the Yalu River.

The U. S. Fifth Air Force said one MIG was shot down in flames, another probably was destroyed and four were damaged. Any U.S. losses will be announced in a week-end summary.

Destroy MIGs

The sabres destroyed seven MIGs and damaged three Monday. The air war continued to overshadow ground action along the thawing front lines.

A U. S. Eighth Army briefing officer said the Reds Monday failed to throw a single probing attack at U.N. lines. Only a few small patrol clashes were reported.

The air battle pitted 41 sabres against 208 MIGs. The Red planes were trying to break through the protective jet screen thrown up around U. N. fighter bombers attacking ground targets.

Credit for the confirmed kill and one damaged plane went to Capt. Conrad E. Mattison, Springfield, Mass. The probable went to Col. Walker Mahurin, Fort Wayne, Ind. Mahurin shot down a MIG in Monday's battle.

Other damages claimed were credited to Lt. William C. Miller, Grandtown, W. Va.; Lt. Frank J. Gately, Jr., San Francisco, and flight Lt. Rex Knight, an exchange pilot from the Royal Air Force.

By mid-day Tuesday F-80 shooting star jets claimed destruction of 14 Communist anti-aircraft guns, 24 supply buildings, six trucks and four supply dumps.

Far East Air Force warplanes Monday raked up 1,050 individual missions. Destruction claims included 145 rail cuts, 65 trucks, 90 supply buildings, seven road bridges and two rail bridges.

B-29 superforts Monday night dropped 100 tons of bombs on the Sinhangdong rail bridge. Other superforts attacked the Sandong and Chinnampo rail yards.

Travel and study ABROAD this summer

LOWEST FARES EVER
make university-sponsored tours via TWA most attractive.

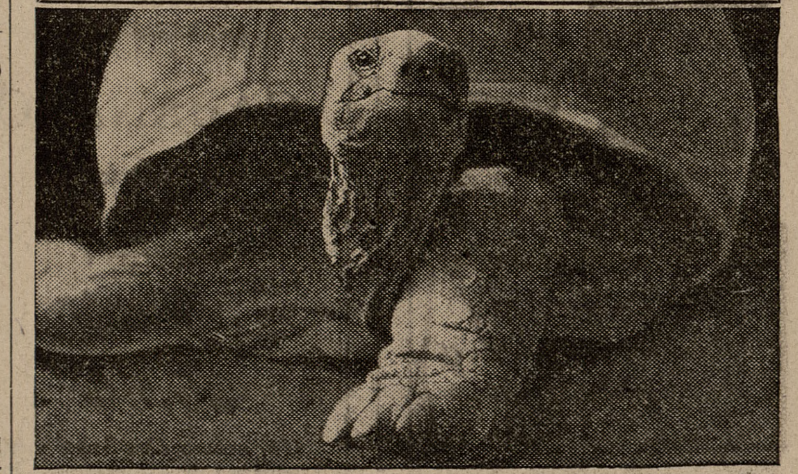

Spend your summer profitably and enjoyably on one of 16 four- to ten-week study tours in Great Britain, Europe, Scandinavia, Asia or Africa. Earn full credit while you travel and study. Arranged by specialists in the educational-travel field, in cooperation with TWA. Tour price takes care of all necessary expenses, including TWA's money-saving new tourist fares.*

For tour information, mention countries that interest you most when you write to: John Furbay, Ph.D., Director, TWA Air World Tours, 80 E. 42nd St., New York 17, N. Y.

J. Paul Sheedy* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

POOR SHEEDY was in the soup with a turtle named Myrtle. "I'm in a tortizy," he wailed, "what shell I do?" "Well, it's your messy hare that parts you from all the girls," his roommate said. "Better get Wildroot Cream-Oil!" Non-alcoholic. Contains soothing Lanolin. Relieves dryness. Removes loose, ugly dandruff. Helps you pass the Finger-Nail Test. Paul got Wildroot Cream-Oil and now he's out-turtle-necking all the time! So don't stick your neck out... get some terrapin-money and hurry to the nearest drug or toilet goods counter for a bottle or tube of Wildroot Cream-Oil. And ask for it on your hare at your favorite barber shop. Then you'll really be in the swim.
