

Cadet Batters

A&M baseballers that will see lots of action on the varsity diamond tomorrow afternoon are (from left to right) Dave Britt, outfield; Al Ogletree, catcher; Yale Lary, outfield; Carl Men-

ger, outfield and Lester Lackey, outfield. These Cadets will also supply part of the "big stick" power.

Aggie Nine Meets Brooke

(Continued from Page 1)

Charley Leissner some competition. Leissner is the better fielder and seems more at ease at short, but does not seem to have the hitting power of Hunt.

Henry "Yogi" Candelari, the team captain, holds down the third base spot, with Jerry Lastelick backing him up. Candelari is another clutch hitter for the Cadets, and Bell says he expects a 100% improvement on Candelari's playing of last year. Lastelick, a junior, was a squad man last year.

Lary to Left

Dependable, versatile Yale Lary holds down left field, and does it with no competition. Lary's fielding is good, and his hitting power last year brought him All-SWC honors. Lary batted a healthy .322 last season.

Carl Menger and Bobby Farmer

are competing for the center field spot, but Menger has been playing this spot regularly lately.

Russell Right

Charley Russell, a squad man from last year, mans the right field position. Russell is another one of the Cadets to be counted on for his hitting power. At present Russell is hitting .500, the highest on the club.

Dave Britt, a senior and squadman from last year's team, is another outfielder, and got one of the three hits in the Aggies opening game which they lost 11-2 to the Comets.

Ernie Lawrence, a sophomore and freshman numeral winner, is an outfielder on the Cadet's squad. Senior squad man, Lester Lackey, is another one of the outfielders on the squad, and is often used as a pinch-hitter.

Mound Staff

The mound staff is made up of Work, Bob Tankersley, Sid Goodloe, Sam Blanton, Ernie Johnson, Charles Smith, Bill Sirling, David Cook, Lou Little and Sam Bass.

100% Better

Johnson, another senior squadman, performed well when he re-

lieved Tankersley in the opening game of the season. Johnson has a lot of speed. Bell says he is 100 per cent improved over last year.

Stirling, a junior, will go to the mound in Friday's game. Charlie Smith is another right hander and a squadman from last year.

Pro-Ball Players

"I believe that first game woke 'em up, and the fellas are ready to play ball," said Coach Bell yesterday. "They looked a 100 times better in the Aggies opening game with the Comets, and I hope they look better in these games with the Comets," he added.

"As for a general picture, it looks gloomy toward the games this weekend, for BAMC has an awfully good team, and of course all of them are pro-ball players."

The squad has concentrated this week on the development of their batting power, along with infield practice, Bell said. The Brook Medics are expected to use the same pitchers this weekend as before, Mickens and Hudson, both well regarded pro-ball hurlers.

Couch to Address Research Council

Dr. J. R. Couch of the Poultry Husbandry Department will present a paper at the meeting of the Distillers Feed Research Council in Cincinnati.

His paper, "Distiller Solubles and Other Sources of Unidentified Factors for Promoting the Growth of Chicks and Poults," will be given Wednesday. He will also report to the council on the project at A&M on the use of distillery by-products on poultry feed.

Aggie Fish Nine Meets Blinn JC

A&M's freshman baseball team left at noon today for Brenham where they will meet the Blinn Junior College nine for the second time in seven days.

In their earlier meeting last Friday, the Cadets finished on top with a lop-sided score of 9-5. Blinn did not score till the final two innings.

Aggies Enter BU Rodeo, March 28-29

The A&M Rodeo Club has announced its entries for the annual rodeo at Baylor University March 28-29.

Jack Willingham and Lowie Rice will work in three events, calf roping, bulldogging, and ribbon race. Jobe Connel will also work in the calf roping and ribbon race. Charlie Williams, Jim Watson, and Bobby Rankin will work in three events also but of the rougher type; bull riding, bare back horse riding and saddle bronc riding.

The Rodeo Team holds ninth place in the nation, and has a chance of becoming one of the top five teams in the nation before the National Intercollegiate Rodeo is held in May.

Freshman Coach Wally Moon, former All-SWC centerfielder, will be guiding his freshmen for their 12th win in 15 tilts, his record as coach for the Aggie freshmen during the past two years.

Joe Hardgrove, who struck out four of nine batters he faced last week against the JCs, will start on the mound. Standing in readiness behind Hardgrove is Gerald Nelson, All-American from Beaumont.

Fish Catchers

Catching for the Fish will be Jim Williams and Dave Verble while the infield will be made up of Hugh Byrd at first, Sam Rowland at second, Brownie Northrup at short and Jimmie Parrish at third base.

Rowland and Byrd each garnered three runs-batted-in against Blinn in the first meeting. Hitting twice in three times at plate, Rowland also scored twice. Byrd connected once in three trips.

Centerfield Fred Ablon, who scored three runs last week, is the only definite starter in the outfield.

Good Defense

Catchers Verble and Williams will alternate in one of the outfield pastures, Moon said.

The fish have thus far proved a better defensive club than as a hitting aggregation, Moon said. "But they will pull around before long," he added.

Producer of Winners

Swimming Coach Art Adamson

Coach Adamson has been tutoring the A&M mermen since 1935. In the years that followed, an Aggie team either won or was second in each Southwest Conference meet only one exception. Last year, the Cadets finished third.

A&M, Tech Tankers Clash

(Continued from Page 1)

outstanding swimmers in the conference. Young Adamson holds the conference 200-yard individual medley record with a time of 2:18.1 and the A&M pool record in the same event with 2:18.3. He is also a constant winner in his two favorite events, the 100-yard individual medley and the 440-yard freestyle. He has not been defeated in either of these events this season.

Senior Swimmers

Four other seniors who are swimming their last season for A&M are Ralph Ellis, Tommy Comstock, Bill Sargent, John Parnell, and Don Blundell.

Ellis, 20-year-old petroleum engineering major from Dallas, is the Aggie number one man in the 100-yard and 50-yard freestyle events, and is a two time varsity letterman.

Comstock, 21-year-old Houstonian who holds two varsity swimming letters, is top A&M entrant in the 200-yard breaststroke and swims a leg of the 300-yard medley relay.

Other Swimmers

Depended upon in the 200-yard backstroke event is Sargent, who, like Comstock, serves on the 300-yard medley relay squad. A petroleum engineering student who hails from Fort Worth, Sargent is also a two-year letterman.

Parnell, a College Station lad, specializes as anchor man on the Farmer 400-yard relay quartet.

Last of the senior sextet is Blundell, veterinary medicine major from Houston, who is lead off man on the 400-yard relay squad.

This is the first year in the history of the school that Texas Tech has participated in intercollegiate swimming.

Prior to coming to A&M, the Red Raiders six-man team will meet SMU in Dallas tonight.

Two of the six men are in their first year of competition. Milton Tucker of Plainview, a diver, is Tech's best bet for points. He was second in the Border Conference Meet last spring.

Other men participating for the second year are Bob Kain of Dal-

Seniors! If you are not allergic to ideas, try Post Graduation Studies.

R. G. DeBerry

DeBerry, runner-up last spring with Eugene Letsos in the SWC Doubles Championships, is again the No. 1 man on the Cadet net squad.

Tennis

(Continued from Page 1) up and are given a good chance of winning this year. Ken Crawford, SMU, was the singles champ.

Aggie lettermen besides DeBerry and Letsos include Royce Tate, Corpus Christi senior and Tommy West, San Antonio junior.

Don Farmer, Galveston; Jim Gray, Houston; Gene Morris, Freeport; Doyle Smith, Port Arthur; and Don Wolf, San Antonio, complete the varsity roster.

Coach Dowell is also blessed with some of the brightest freshmen prospects in a long time. Ed Bennet, Jack Bessellie, Don Rogers, Rober Rowe, and Robert Schupback form the nucleus of the Fish squad.

Football

(Continued from Page 1) Dollar will have a chance to toss to two more of the Cadets' outstanding prospective ends, Bennie Sinclair and Crossman.

Approximately 800 high school students from all over the state and adjoining states will be guests of the "T" Association to the game Saturday night.

During the half time of the game the Freshman Drill Team and the Aggie Tumbling Team will perform.
