Negro Solicitor Gets 100% Reply on 49 Red Cross Calls

Eddie Chew, negro janitor at A&M Consolidated High School, turned in 49 red cross memberships for 49 calls. He said of the membership drive, "Easiest thing I ever sold." Chew was grounds

keeper for the A&M athletic department 30 years before retiring and taking up his present job.

G. C. "Spike" White, chairman of the College Station Red Cross drive, said only two reports have been turned in so far but the rest are due Wednesday. Both reports have succeeded their quotas.

Cotton Price solicitor for the North Gate business area, reported 30 memberships for 38 calls. These memberships totaled over \$200.

Mrs. Paul Andrews, chairman of the Kooner Addition drive, said,

"Not all calls have been completed, but we are having wonderful success." Block solicitors for the Kooner Addition are Mrs. Beau Bell, Mrs. Jose Caballero and Mrs. R. B. Evans.

Chew, Sunday School superintendent for 22 years, has missed only six Sundays at his church. He said he was on trips with the athletic teams the six times he was absent. As he turned in his report he stated, "I'm always ready to do something that will help other people, Mr. White, so let me know if you need me again."

Chairman of solicitations for the Red Cross fund drive from the Negro area, Chew has received a 100 percent reply for memberships in the Red Cross from people he has contacted.—(Battalion

Students Say Reading Aids School Work

In a questionnaire recently sent to students who had taken Remedial Reading, a great majority reported that the course had definitely made their school work easier.

Of the 376 students returning the questionnaire, 97 percent said the course had improved their reading skill, 87 percent said it made their studying assignments easier, and 58 percent said it had improved their grades.

Dr. A. J. Kingston, director of Remedial reading, said the students are to be commended for their splendid response, as only 14 students taking the course the previous semester failed to return the questionnaire.

Remedial Reading, initiated on a trial basis in 1950, has grown from a non credit-hour course, with only 75 students, to a one hour course in which 433 students are currently enrolled. A total of 910 students have taken the course for credit.
