

A&M Men Leave For West Point

J. W. "Doggie" Dalston, commander of the infantry regiment, and Grady L. Smallwood, commander of the freshman regiment, leave today to visit the United States Military Academy at West Point, New York.

They arrive at West Point Thursday morning and will be indoctrinated for their two and one-half day stay. On the return trip they will visit New York City for a day arriving in College Station Tuesday, April 1.

Dalston and Smallwood will join 112 ROTC students from other colleges for the West Point trip. These students are making the trip in order to become familiar with the life and training of a cadet at the Military Academy.

While at West Point, the students will live as cadets. They will have cadet escorts who will take them to classes and to meals. They will also live in cadet barracks during their stay at the academy.

Also scheduled are military demonstrations by the 1802nd special regiment, a tour of the post, and entertainment in the form of movies, athletic events, and a dance.

Pace Re-Schedules Visit to Aggieland

Secretary of the Army Frank Pace has advised PMS&T Col. Shelly P. Myers that he tentatively plans to visit A&M Thursday.

Col. Myers said the army secretary will probably arrive at Bryan AFB early Thursday afternoon from Fort Hood where he is to observe the Longhorn maneuvers.

After a conference with the PMS&T Thursday, the tentative schedule calls for a review of the cadet corps, Col. Myers said.

Over 150 girls from most parts of the state of Texas will appear as duchesses in the 18th Annual Cotton Pageant, April 25, according to Don Hegi, social secretary of the Agronomy Society. The girls, selected by former student groups, mother's clubs, and campus organizations, will join in honoring King and Queen Cotton, Bill Lewis and Pat Martin.

Duchess entries are still being accepted and will be taken up to the time of the presentation. To appear in the program, however, the names must be turned in before April 3, Hegi said.

Student members of the Agronomy Society will construct the stage and the background for the royal coronation. Theme of the pageant has not been revealed but will be announced soon.

Following the coronation and presentation, DeWare Field House will become a fashion center as Beverly Braley's Shop from Bryan presents the annual Cotton Pageant Style Show. All of the girls nominated for queen who are not in the court will appear as models in the show.

Entertainment for the royal couple will be provided by local and imported talent. A modern dance group from TSCW will be a feature of the program. The Harmonaires Quartet from the Singing Cadets will also appear on the program.

Campus Chest Drive Gets Underway Monday

By JOEL AUSTIN
Battalion Associate Editor

The 1952 Campus Chest Drive gets underway here Monday with an extensive campaign planned to finance a Twelfth Man Scholarship and further finance the foreign aid scholarship awarded for the first time this year.

A total of \$1,600 will be needed to send an outstanding Texas boy through A&M for four years through the Twelfth Man Scholarship. All money received in excess of \$1,600 will be applied to the Foreign Student fund which received \$600 last year to start the education of Trond Lund Krokann of Norway.

Scholarship May Be Stopped

Campus Chest chairman Bobby Dunn said Krokann's scholarship will be discontinued unless ample contributions are made to the fund to pay his educational expenses next year.

Two showings of the movie "We've Never Been Licked," filmed on the A&M campus, will be held in Guion Hall Monday at 7:15 and 9 p.m. Admission will be 50 cents and all money received will go to the Campus Chest.

One of the biggest money-raising plans of the campaign will be enforced Tuesday when coffee will be topped five cents at all College Station restaurants and drug stores. The MSC will also boost the price of coffee, with the additional nickel going to the Campus Chest Fund.

Dorm collections will be conducted Wednesday and Thursday of

next week by company commanders. The company which turns in the largest amount of money per man in the unit will receive a maroon streamer for the company guidon. Four white streamers will be awarded to the next four high companies.

Letters are being mailed to all faculty members and to Bryan and College Station merchants, asking them to donate to the Campus Chest fund.

"Students Help Students"

Chairman Dunn pointed out, "This is our chance to do something for another boy, to give some deserving Texas high school graduate a chance to come to A&M."

He asked all students to contribute generously and to think of the value this money can accumulate as the scholarship student continues his studies here.

Students previously admitted to A&M through the Twelfth Man Scholarship have consistently been good students and top men in the college, Dunn said.

No Definite Goal

He pointed out that no definite goal was set for this year. His only plea was that students remember that the Aggie from Norway would be forced to return without more than one year of college work if more than \$1,600 is not raised. All funds in excess of this initial amount will finance Krokann's education, Dunn emphasized.

Members of the Campus Chest committee are Carroll Jones, Guy Shown, Wallie Brisco, Don Buckner, Bob Layton, Bobby Jones, Robert Travis, Buddy Russell, Ted Uptmore, Robert Schwarz, Gene Steed, and Lyle Wolfskill.

Hundreds Pour In For TB Chest X-Rays

By noon yesterday, 750 students and College Station residents had gotten chest X-Rays from the mobile unit set up in the YMCA. Mrs. A. A. Blumberg, secretary of the Brazos County Tuberculosis Association, estimated that 1,500 X-rays would be made before the day was over.

All freshman and sophomore PE classes are meeting in the YMCA yesterday and today, to get X-rayed.

X-Rayed Yesterday

Among those who had their chest X-rayed yesterday were Ernest Langford, mayor of College Station, dean of agriculture Charles Shepardson, and Dean of Arts and Sciences J. P. Abbott.

"We have been running at our full capacity of 200 people an hour so far," Mrs. Blumberg said. "After the PE classes are all through, the line will let up."

The X-rays will be made all this week, through Saturday, in the YMCA. They start at 9 a. m. and continue until 5:30 p. m. "Because there are two men operating the machine in shifts, we can work straight through the lunch hour," Mrs. Blumberg said.

The machine will be at 217 S. Main Street in Bryan next week from April 1-11.

Women from the College Station area are serving as volunteer hostesses and clerks. About 100 will be used during the week the machine is at College Station.

MSC Council Filing Begins

Filing for the two student body elective positions to the MSC Council begins Wednesday morning at 8 a. m., Dan Davis, Council President, announced this morning.

Students interested in the offices may file in the Directorate Office across from the Browning Library, Davis said.

One councilman will be elected from each of two categories. Freshmen and sophomores may file in the "four semesters or less" classification, and juniors and seniors who expect to return next year may file in the "four semesters or more" bracket.

Qualifications for the office are a grade point ratio of 1.00 or better and one full semester completed at A&M at the time of filing. Candidates must also be returning for both semesters next year.

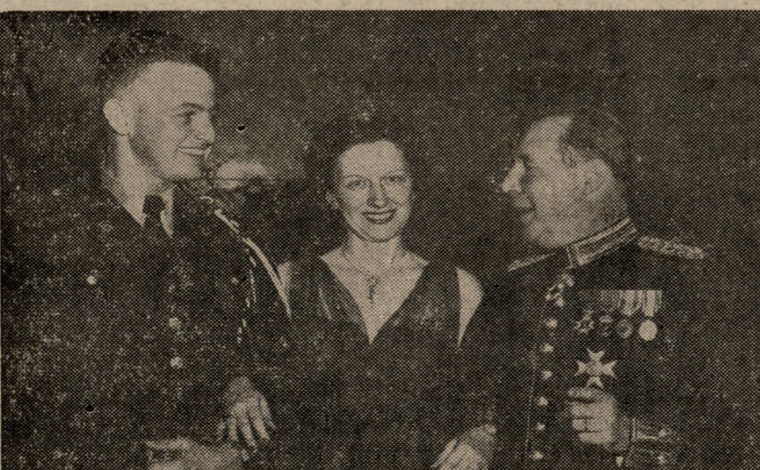

Filing will close at 5 p. m. Monday. Exact date of the election, which is scheduled for next week, will be announced, Davis said.
