Weather Holds Up Arrival **Of Miss America Entries**

Atlantic City, N.J., Sept. 2-(AP)-Bad weather delayed arrival of contestants gathering yesterday for the start of the five-day Miss America Beauty Contest.

Only about 30 of the 52 would be beauty queens had signed in late yesterday after rain closed down airports and delayed motorists.

The Miss America Pageant gets underway officially with preliminary rounds Wednesday night.

The new Miss America will be crowned Saturday night. With the beauty crown goes a \$3,000 scholarship, \$4,000 in cash, an automobile, clohtes and other prizes.

New Classrooms Built In Academic Building

building has been completed, said education department. W. H. Badgett, manager of the

physical plant. Badgett said that some classrooms are being converted to offices and in others partitions are being removed to provide classrooms

Players to Present Work will soon be underway on the south half of the fourth floor **Stage Productions**

Aggie Players will again provide great entertainment when they revive three outstanding stage productions during the 1952-53 season,

"All My Sons," a three act play by Arthur Miller, will be presented in an unusual setting at the MSC Nov. 17-18, C. K. Esten, director, announced.

The broadway drama won the New York critic's award as the Chemistry building will be included best play of the 1946-47 season. in the work.

iere will be scheduled for March 2-3, Esten added.

"Harvey," the long run broad-way comedy, will bring to life Ell-wood P. Dowd and his rabbit wood P. Dowd and his rabbit friend in the player's last produc-Fall Fees Accepted lined up for the movie-goers this time," Tom Puddy, manager, said tion of the season. The play has been planned for April 27-28.

Housing Office Survey Underway

The annual survey of available housing by the Housing Office was started Friday, for the coming year.

Telephone canvassing will continue until all available housing has been located, Harry L. Boyer, chief of housing, said.

Boyer's office is primarily interested in three types of facilities: Apartments or houses for rent; rooms with kitchen privileges and rooms for permanent or week-end guests.

Boyer said his office will appreciate any information concerning such facilities.

Eight new offices and two new classrooms will have been provided when repair work on the Academic George B. Wilcox, head of the

At the north end, offices are being arranged for Dr. W. H. Delaplane, head of the economics department.

These offices are being arranged to have each department offices together on the same floor as much as possible, said Badgett.

Work will soon be underway on which is occupied by the architecture department. Partitions are to be changed, a new floor and ceiling will be installed, and a new lighting system will be provided. Later a display for student projects will be built in the corridor

Other repair work which has been, or soon will be done are the repainting of dorms. Dorms 2-4-6-8-9-10, trimming dorm 12, re painting the front part of the Agriculture Engineering building, re finishing the lecture room of the

"The fire hydrants, lamp stands The modern version of the French classic "The Miser" by Mol-bicycle racks, and benches on the campus have all been painted," said Badgett, "and we hope to keep them the same color this year."

At Fiscal Office

Fees are now being accepted for the fall semester at the Fiscal Office, announced C. A. Roeber, auditor

Total fees for the semester are \$249.90. This includes, matriculation fee, medical service fee, student activities fee, board, room rent, laundry, and room key deposit. These fees may be paid in full or may be paid on quarterly installments.

First installment of \$104.50 for the first quarter can be paid Sep-tember 13, 1952. Second installment of \$61.60 for the second quarter can be paid October 1, through October 17. Third installment of \$42.25 for the third quarter can be paid November 1, through November 21. Fourth installment of \$42.00 for the fourth quarter can be paid December 1, through December 18. Any additional information con-

Twenty-seven varsity and 14 cerning fees, can be obtained from the Fiscal Office, said Roeber.

'Miss Texas' Hurricane Now Growing Near Florida

> Miami, Fla.-(AP)-A growing tropical hurricane, with winds up to 90 miles per hour, whirled up in the the Atlantic today about 400 miles north-east of Puerto Rico.

The hurricane, second of the sea-son, offered no immediate threat to any land area and was about 1,300 miles east-southeast of the Florida Coast.

It developed rapidly yesterday and by nightfall had grown into a full-fledged hurricane. It's posi tion was about 200 miles southeast of where the first hurricane was spawned just a week earlier.

The Miama Weather Bureau said winds were about 90 miles per hour and "further increase is expected." Meanwhile, the first hurricane which battered the South Carolina coast Saturday night before lash- Spence, manager of physical plants ing North Carolina and Virginia at A&M. with heavy rains, brought a flash

flood to Ellicott City, Md., on the outskirts of Baltimore. More than four inches of rain shortly.

turned Tiber Creek into a river swept through stores and that smashed automobiles, causing an estimated \$500,000 damage to the town. Heavy rains fell in Maryland, Delaware and Pennsylvania as the dying storm scurried north-

ward. A freak tornado, by-product of

the hurricane, unroofed houses and caused minor damage in the Vir-ginia area bordering Washington.

Dr. Banks Returns From Atomic Study

Dr. W. C. Banks of the veterinary medicine department has returned home from a week's study at the atomic energy plant, in Oakridge, Tenn.

Dr. Banks studied the uses of radio active isotopes, in the treatment of livestock diseases while at the plant.

The college veterinary hospital now has permission to use these isotopes, said Dr. F. P. Jagee, of the school of veterinary medicine, and experimental work with the

TO OFFER BOTH REGULAR & KING-SIZE

BUY CHESTERFIELD-MUCH MI

BOTH regular and king-size Chesterfields are premium quality cigarettes and come in the smart white pack.

BOTH contain only those proven ingredients that make Chesterfields the best possible smoke: the world's best tobaccos, pure, more costly moistening agents (to keep them tasty and fresh), the best cigarette paper that money can buy-nothing else.

BOTH are much milder with an extraordinarily good taste and, from the report of a well-known research organization - no unpleasant after-taste.

BOTH are exactly the same in all respects. There is absolutely no difference except that king-size Chesterfield is larger – contains considerably more of the same tobaccos - enough more to give you a 21% longer smoke, yet costs little more.
